Lightning Strike William Kent Krueger,2022-07-05 An instant New York Times bestseller, this prequel to the acclaimed Cork O'Connor series is "a pitch perfect, richly imagined story that is both an edge-of-your-seat thriller and an evocative, emotionally charged coming-of-age tale" (Kristin Hannah, #1 New York Times bestselling author) about fathers and sons, small-town conflicts, and the events that shape our lives forever. Aurora is a small town nestled in the ancient forest alongside the shores of Minnesota's Iron Lake. In the summer of 1963, it is the whole world to twelve-year-old Cork O'Connor, its rhythms as familiar as his own heartbeat. But when Cork stumbles upon the body of a man he revered hanging from a tree in an abandoned logging camp, it is the first in a series of events that will cause him to question everything he took for granted about his hometown, his family, and himself. Cork's father, Liam O'Connor, is Aurora's sheriff and it is his job to confirm that the man's death was the result of suicide, as all the evidence suggests. In the shadow of his father's official investigation, Cork begins to look for answers on his own. Together, father and son face the ultimate test of choosing between what their heads tell them is true and what their hearts know is right. In this "brilliant achievement, and one every crime reader and writer needs to celebrate" (Louise Penny, #1 New York Times bestselling author), beloved novelist William Kent Krueger shows that some mysteries can be solved even as others surpass our understanding.

Theyll learn about a time when powerful forces lined up against each other and believing the wrong thing could get you killed. When Lightning Struck! is far more than just an adventure story, of course. It also tells a theological story. Drawing carefully from Luthers own words, this book introduces readers to a kindred spirit who struggled with what knowing God through Scripture means for daily life. They will understand what was at stake and how powerfully liberating Luthers idea of grace through faith wasin his time and in ours! In crisp, enjoyable prose, author Danika Cooley conveys both the drama and the meaning of the Reformation for younger readers like no one before her!

Lightning Down Tom Clavin,2021-11-02 An American fighter pilot doomed to die in Buchenwald but determined to survive. On August 13, 1944, Joe Moser set off on his forty-fourth combat mission over occupied France. Soon, he would join almost 170 other Allied airmen as prisoners in Buchenwald, one of the most notorious and deadly of Nazi concentration camps. Tom Clavin's *Lightning Down* tells this largely untold and riveting true story. Moser was just twenty-two years old, a farm boy from Washington State who fell in love with flying. During the War he realized his dream of piloting a P-38 Lightning, one of the most effective weapons the Army Air Corps had against the powerful German Luftwaffe. But on that hot August morning he had to bail out of his damaged, burning plane. Captured immediately, Moser's journey into hell began. Moser and his courageous comrades from England, Canada, New Zealand, and elsewhere endured the most horrific conditions during their imprisonment... until the day the orders were issued by Hitler himself to execute them. Only a most desperate plan would save them. The page-turning momentum of *Lightning Down* is like that of a thriller, but the stories of imprisoned and brutalized airmen are true and told in unforgettable detail, led by the distinctly American voice of Joe Moser, who prays every day to be reunited with his family. *Lightning Down* is a can't-put-it-down inspiring saga of brave men confronting great evil and great odds against survival.

A Match to the Heart Gretel Ehrlich,1995-06-01 A powerful chronicle of a wounded woman's exploration of nature and self After nature writer Gretel Ehrlich was struck by lightning near her Wyoming ranch and almost died, she embarked on a painstaking and visionary journey back to the land of the living. With the help of an extraordinary cardiologist and the companionship of her beloved dog Sam, she avidly explores the natural and spiritual world to make sense of what happened to her. We follow as she combs every inch of her new home on the California coast, attends a convention of lightning-strike victims, and goes on a seal watch in Alaska. Ehrlich then turns her focus inward, exploring the tiny but equally fascinating ecosystem of the human heart, and culminated in a stunningly beautiful description of open-heart surgery.

The Lightning-Rod Man Herman Melville,2014-04-22 When an unnamed narrator opens his door to a lightning-rod salesman, the two become involved in a philosophical discussion about faith and the will of God. The salesman claims that the copper rod will protect its owner from the very lightning that the narrator believes to be an act of God. As they argue, and the narrator laughs off the explanations, the salesman becomes increasingly and violently angry. The allegorical nature of Herman Melville's tale explores the ideas of good and evil, and faith in God before faith in fear. This story was included as part of Melville's collection *The Piazza Tales*. Thunder & Lightning Lauren Redniss,2015-10-27 Note: This eBook file contains many richly detailed full-color images and makes use of unconventional page layouts. Because of this, readers will be required to zoom in on each page to read the text and see the finer detail of the artwork. [It has not been optimized for devices that display only in black and white.] From the National Book Award finalist Lauren Redniss, author of *Radioactive*, comes a dazzling fusion of storytelling, visual art, and reportage that grapples with weather in all its dimensions: its danger and its beauty, why it happens and what it means. WINNER OF THE PEN/E. O. WILSON LITERARY SCIENCE WRITING AWARD • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY SAN FRANCISCO CHRONICLE, KIRKUS REVIEWS, AND SHELF AWARENESS Weather is the very air we breathe—it shapes our daily lives and alters the course of history. In *Thunder & Lightning*, Lauren Redniss tells the story of weather and humankind through the ages. This wide-ranging work roams from the driest desert on earth to a frigid island in the Arctic, from the Biblical flood to the defeat of the Spanish Armada. Redniss visits the headquarters of the National Weather Service, recounts top-secret rainmaking operations during the Vietnam War, and examines the economic impact of disasters like Hurricane Katrina. Drawing on extensive research and countless interviews, she examines our own day and age, from our most personal decisions—Do I need an umbrella today?—to the awesome challenges we face with global climate change. Redniss produced each element of *Thunder & Lightning*: the text, the artwork, the covers, and every page in between. She created many of the images using the antiquated printmaking technique copper plate photogravure etching. She even designed the book's typeface. The result is a book unlike any other: a spellbinding combination of storytelling, art, and science. Praise for *Thunder & Lightning* “[An] aesthetically charged and deeply researched account . . . a wild rainstorm of a book, pelting the reader with ideas and inspiration.”—*Nature* “A gorgeous and illuminating illustrated study of weather in all its tempestuous variety . . . Redniss's combo of fact, folklore, and vibrant etched copperplate prints enthralls.”—*O: The Oprah Magazine* “Eerily beautiful . . . Contains plenty of scientific explanation (including more than a few nods toward global warming), but also far-flung personal stories that illuminate the beauty, wonder and chaos inherent in the elements.”—*The New York Times* “Magical . . . Redniss has . . . shown us how human beings live with nature—fighting, coexisting, taming, predicting via leech barometer and radar and intuition.”—*The New York Times Book Review* “[A] twenty-first-century genius . . . The reader willing to put herself fully in Redniss's hands will be rewarded with a delicious feeling of being enveloped by a phenomenon that eclipses the chiming trivialities of daily life.”—*Elle* “Redniss is one of the most creative science writers of our time—her combination of beautiful artwork, reporting, and poetic prose brings science to life in ways that words alone simply cannot.”—Rebecca Skloot “Redniss combines her own dual punch of expressive art and impressive erudition to give an entirely new take on all that happens above our heads.”—Adam Gopnik “A strange and wonderful thing, the work of a first-class mind that refuses to submit to any categories or precedent.”—Dave Eggers
