*Raul Ruiz's Cinema of Inquiry* Ignacio Lopez-Vicuna, Andreea Marinescu, 2017-12-04 Investigates the work of global filmmaker Raúl Ruiz.

Oral History and Mathematics Education Antonio Vicente Marafioti Garnica, 2019-09-10 This book presents an innovative method to investigate the history of mathematics education using oral narratives to study different aspects related to the teaching and learning of mathematics. The application of oral history in mathematics education research was first developed as a method in Brazil in the early 2000s as a result of interdisciplinary dialogues between mathematics educators, anthropologists, sociologists, historians, psychologists, artists and philosophers. Since then, this new methodology has attracted the attention of a growing number of researchers. This contributed volume is the first book in English to bring together chapters written by different members of the research group who developed the methodology and to present a comprehensive overview of the theoretical and practical aspects of the use of oral narratives in the study of experiences in mathematics classrooms. *Oral History and Mathematics Education* will be a useful tool to researchers and educators looking for new methods to study the dynamics of teaching and learning mathematics in the classroom and to develop innovative mathematics teacher education programs. The volume will also be of interest to historians of education since it describes the foundations of both concepts and procedures related to the application of oral history in educational research, always giving examples of studies already conducted and, whenever possible, suggesting possible research exercises.

**The Cambridge History of Latin American Literature** Roberto Gonzalez Echevarría, Enrique Pupo-Walker, 1996-09-19 The Cambridge History of Latin American Literature is by far the most comprehensive work of its kind ever written. Its three volumes cover the whole sweep of Latin American literature (including Brazilian) from pre-Colombian times to the present, and contain chapters on Latin American writing in the USA. Volume 3 is devoted partly to the history of Brazilian literature, from the earliest writing through the colonial period and the Portuguese-language traditions of the nineteenth and twentieth centuries; and partly also to an extensive bibliographical section in which annotated reading lists relating to the chapters in all three volumes of The Cambridge History of Latin American Literature are presented. These bibliographies are a unique feature of the History, further enhancing its immense value as a reference work.

**Bolivia Adventure Guide** Vivien Loughheed, 2003 Annotation Tropical jungles in the Amazon Basin give way to beautiful deserts in the altiplano. The Andes, with four of the world's highest peaks, offer some of the best hiking, climbing and caving on earth. Ruins of ancient civilizations dot the land. Bolivia has much to offer, and this guide shows you how to experience it all, through the people, the culture and exploration of even the most remote spots, with their hidden treasures. An extensive Introduction covers the history, geography and the unique landscape, and provides a list of the country's top highlights for easy planning.

**Littoral of the Letter** Gabriel Riera, 2006 *Littoral of the Letter* is the first full-fledged study in English of the work of the late Argentine author Juan Jose Saer (1937-2005), who was highly regarded as Argentina's best living novelist, a continuator of Burgess' literary legacy. Characterized by an uncommon coherence and rigor, Juan Jose Saer's writing defies simple categories. In both his fictional and essayistic writing, Saer defamiliarizes the reader by questioning some of his most cherished certainties, especially those having to do with the role ascribed to Latin American literature, the uses of prose and poetry in the present, and the relation between language and the mass media. By questioning the assimilation of prose theory and the novel theory dictated by pragmatic needs of the state and the market, Saer produces a change in the function of narrative language that allows him to start where more traditional forms of realism end: the unsayable. The purpose of the book is to make explicit Saer's procedures, the main coordinates of his poetics and to reflect on the situation of literature in an age dominated by images and the total cultural phenomenon. *On the History and Transmission of Lacanian Psychoanalysis* Chris Vanderwees, 2023-10-20 On

the History and Transmission of Lacanian Psychoanalysis addresses key questions about the history and transmission of Jacques Lacan's work in North America through discussions with experienced psychoanalysts (who are also trained psychiatrists, psychologists, and psychotherapists). Chris Vanderwees presents conversations with clinicians about their psychoanalytic formation and about the development of Lacanian psychoanalysis in North America over the past several decades. With oral narrative brought out through the technique of free association, then transcribed and annotated, each discussion is a trace of Vanderwees' encounter with each clinician and the result of collaborative efforts involving speech, writing, translation, and transmission. The conversational tone makes these discussions accessible not only for those already well-versed in Lacan's thinking, but also for anyone discovering his work for the first time. The range of contributions spans both French and English-speaking Canada, the United States, and Mexico. Complemented by *On the Theory and Clinic of Lacanian Psychoanalysis*, this book of conversations conveys the diversity of historical and pedagogical perspectives on theory and practice as inspired by Lacan's system of thought. It will be of great interest to all psychoanalytic practitioners as well as academics and scholars of psychoanalysis.

**José Artigas and the Federal League in Uruguay's War of Independence (1810-1820)** William H. Katra, 2017-01-31 This book studies the thought and actions of José Gervasio Artigas, his military victories over the Spanish, and then his successful defense of provincial autonomy before the imperialist ambitions of Buenos Aires, account for his prominence in the Banda Oriental, and the four adjoining provinces of today's Argentina.

**Pope Francis Takes the Bus, and Other Unexpected Stories** Rosario Carello, 2016-05-18 Following a quirky A-to-Z format, the eighty lighthearted anecdotes in *Pope Francis Takes the Bus* are full of warmth and humor, revealing the simple humility of the man whose spirituality and concern for others has transformed the Church and captured the imagination of Catholics and non-Catholics alike.

**Place, Race, and Story** Ned Kaufman, 2009-09-11 In *Place, Race, and Story*, author Ned Kaufman has collected his own essays dedicated to the proposition of giving the next generation of preservationists not only a foundational knowledge of the field of study, but more ideas on where they can take it. Through both big-picture essays considering preservation across time, and descriptions of work on specific sites, the essays in this collection trace the themes of place, race, and story in ways that raise questions, stimulate discussion, and offer a different perspective on these common ideas. Including unpublished essays as well as established works by the author, *Place, Race, and Story* provides a new outline for a progressive preservation movement – the revitalized movement for social progress.

**Colonial American History Stories - 1215 - 1664** Paul R. Wunning, *Colonial American History Stories - 1215 - 1664* contains almost 300 history stories presented in a timeline that begins in 1215 with the signing of the Magna Carta to the printing of the first Bible in Colonial America in 1664. The historical events include both famous ones as well as many forgotten stories that the mists of time have obscured.

**Short Stories, Knowledge and the Supernatural** Amândio Reis, 2022-07-11 This book proposes a comparative approach to the supernatural short stories of Machado de Assis, Henry James and Guy de Maupassant. It offers an alternative to predominantly novel-centric and Anglo-centric perspectives on literary pre-modernism by investigating a transnational and multilingual connection between genre, theme and theory, i.e., between the modern short story, the supernatural and the problem of knowledge. Incorporating a close analysis of the literary texts into a discussion of their historical context, the book argues that Machado, James and Maupassant explore and reinvent the supernatural short story as a metafictional genre. This modernized and innovative form allows them to challenge the dichotomies and conventions of realist and supernatural fiction, inviting their past and present readers to question common assumptions on reality and literary representation.

*Slave Subjectivities in the Iberian Worlds*, 2023-12-18 The Iberian world played a key role in the global trade of enslaved people from the 15th century onwards. Scholars of Iberian forms of slavery face challenges accessing the subjectivity of the enslaved, given the scarcity of autobiographical sources. This book offers a compelling example of innovative methodologies that draw on alternative archives and documents, such as inquisitorial and trial records, to examine enslaved individuals' and collective subjectivities under Iberian political dominion. It explores themes such as race, gender, labour, social mobility and emancipation, religion, and politics, shedding light on the lived experiences of those enslaved in the Iberian world from the Indian Ocean to the Atlantic. Contributors are: Magdalena Candiotti, Robson Pedroso Costa, Rômulo da Silva Ehalt, James Fujitani, Michel Kabalan, Silvia Lara, Marta Macedo, Hebe Mattos, Michelle McKinley, Sophia Blea Nuñez, Fernanda Pinheiro, João José Reis, Patricia Faria de Souza, Lisa Surwillo, Miguel Valerio and Lisa Voigt.

**Latin American Mystery Writers** Darrell B. Lockhart, 2004-03-30 Latin America has a rich literary tradition that is receiving growing amounts of attention. The body of Latin American mystery writing is especially vast and diverse. Because it is part of Latin American popular culture, it also reflects many of the social and cultural concerns of that region. This reference provides an overview of mystery fiction of Latin America. While many of the authors profiled have received critical attention, others have been relatively neglected. Included are alphabetically arranged entries on 54 writers, most of whom are from Argentina, Mexico, and Cuba. Every effort has been made to include balanced coverage of the few female mystery writers. Each entry is written by an expert contributor and includes a brief biography, a critical discussion of the writer's works, and primary and secondary bibliographies. The volume closes with a general bibliography of anthologies and criticism.

**A History of Literature in the Caribbean** A. James Arnold, Julio Rodriguez-Luis, J. Michael Dash, 1994-09-06 This history for the first time charts the literature of the entire Caribbean, the islands as well as continental littoral, as one cultural region. It breaks new ground in establishing a common grid for reading literatures that have been kept separate by their linguistic frontiers. Readers will have access to the best current scholarship on the evolution of popular and literate cultures in the various regions since their earliest emergence. The History of Literature in the Caribbean brings together the most distinguished team of literary Caribbeanists ever assembled, cutting across ideological commitments and critical methods. Differences in point of view between individual contributors are left intact here as the sign of the colonial inheritance of the region. Introductions and conclusions to the various sections of the History written by the respective subeditors, set them in proper perspective. The unique synoptic aspect of the History lies in its comprehensiveness and its range, which are unequalled. Contributors: A. James Arnold, Julio Rodriguez-Luis, H.
