The White Indians of Mexican Cinema Mónica García Blizzard,2022-04-01 The White Indians of Mexican Cinema theorizes the development of a unique form of racial masquerade—the representation of Whiteness as Indigeneity—during the Golden Age of Mexican cinema, from the 1930s to the 1950s. Adopting a broad decolonial perspective while remaining grounded in the history of local racial categories, Mónica García Blizzard argues that this trope works to reconcile two divergent discourses about race in postrevolutionary Mexico: the government-sponsored celebration of Indigeneity and mestizaje (or the process of interracial and intercultural mixing), on the one hand, and the idealization of Whiteness, on the other. Close readings of twenty films and primary source material illustrate how Mexican cinema has mediated race, especially in relation to gender, in ways that project national specificity, but also reproduce racist tendencies with respect to beauty, desire, and protagonism that survive to this day. This sweeping survey illuminates how Golden Age films produced diverse, even contradictory messages about the place of Indigeneity in the national culture. A History of Competitive Gaming Lu Zhouxiang,2022-05-13 Competitive gaming, or esports – referring to competitive tournaments of video games among both casual gamers and professional players – began in the early 1970s with small competitions like the one held at Stanford University in October 1972, where some 20 researchers and students attended. By 2022 the estimated revenue of the global esports industry is in excess of \$947 million, with over 200 million viewers worldwide. Regardless of views held about competitive gaming, esports have become a modern economic and cultural phenomenon. This book studies the full history of competitive gaming from the 1970s to the 2010s against the background of the arrival of the electronic and computer age. It investigates how competitive gaming has grown into a new form of entertainment, a sport-like competition, a lucrative business and a unique cultural sensation. It also explores the role of competitive gaming in the development of the video game industry, making a distinctive contribution to our knowledge and understanding of the history of video games. A History of Competitive Gaming will appeal to all those interested in the business and culture of gaming, as well as those studying modern technological culture.

Midas Living with a Bird in the Hood Donita Kordonowy,2022-10-10 Midas is an African gray parrot that was rescued in 2007. After posting some of our conversations on social media, many friends fell in love with the cantankerous old bird whose ability to be part of the conversation. He may be the cause of frustration one day but smiling about it the next because we live in the hood; we don't know what he is going to request or, should I say, demand at any given time. He has stopped us from arguing and made us laugh, left us wondering where he heard that from (as if we didn't know) and kept us in constant awe at his many phrases. There will only be one time when we cry because of Midas, which also means that the house will be very quiet. I hope that time doesn't happen for a very long time.

Surviving the Storm Laura L. Torres,2018-04-11 Laura was alone when she received the news: She had metastatic vulvar cancer. Having worked in the medical field for more than ten years, she knew the word metastatic was not good. The scariest part about the diagnosis, however, was going to be telling her children. Before Laura did that, she called her boyfriend, Lyle. Then, she texted each of her children and told them she needed to talk to them at home. All she could think about was what she was going to say, and how she was going to say it. How could she share this news without it crushing their spirits? Cancer also tested Lauras faith in the Lord, and she found herself wondering, How can He keep allowing things like this to happen in my life? What am I doing wrong? To answer that question, she read and reread the book of Job. He didnt question God when he was in the midst of losing everything. It was in that moment that a peace washed over her, and she was ashamed to even entertain the question of Why? Join Laura as she battles a life-changing diagnosis and learns how to confront it with a positive outlook and thankful heart for all of Gods blessings in Surviving the Storm. Laura L. Torres reveals how her faith helped her navigate challenges and obstacles after being diagnosed with a rare form of cancer. She currently resides in Wisconsin with her very large and loving family. Laura continues to be active with local outreach programs through her church and in her community.

What Stands in a Storm Kim Cross,Kimberly Hisako Cross,2015-03-10 Immersive reporting and dramatic storytelling from the middle of the horrific superstorm of April 2011, a weather event that killed 348 people--Provided by publisher.

What Stands in a Storm Kim Cross,2016-03 Enter the eye of the storm in this gripping real-life thriller—A Perfect Storm on land—that chronicles America’s biggest tornado outbreak since the beginning of recorded weather: a horrific three-day superstorm with 358 separate tornadoes touching down in twenty-one states and

destroying entire towns. April 27, 2011 was the climax of a three-day superstorm that unleashed terror from Arkansas to New York. Entire communities were flattened, whole neighborhoods erased. Tornadoes left scars across the land so wide they could be seen from space. But from terrible destruction emerged everyday heroes—neighbors and strangers who rescued each other from hell on earth. “Armchair storm chasers will find much to savor in this grippingly detailed, real-time chronicle of nature gone awry” (Kirkus Reviews) set in Alabama, the heart of Dixie Alley where there are more tornado fatalities than anywhere else in the US. With powerful emotion and captivating detail, journalist Kim Cross expertly weaves together science and heartrending human stories. For some, it’s a story of survival; for others it’s the story of their last hours. Cross’s immersive reporting and dramatic storytelling catapult you to the center of the very worst hit areas, where thousands of ordinary people witnessed the sky falling around them. Yet from the disaster rises a redemptive message that’s just as real: in times of trouble, the things that tear our world apart reveal what holds us together.

**The Secrets of Pain** Phil Rickman,2013-04-01 Merrily Watkins, parish priest, single mother, and exorcist, works for the Diocese of Hereford in a remote village on the border of England and Wales. Cozy? Not in the least. The elite warriors of the Hereford-based SAS know all about pain and the enduring of it. Syd Spicer, ex-SAS trooper, has found himself back in the Regiment, this time as its chaplain, responsible for the spiritual welfare of the hardest men in or out of uniform. Faced with a case which would normally be passed discreetly to Hereford diocesan exorcist Merrily Watkins, Spicer is forced, for security reasons, to try and handle it himself, and is coming close to a breakdown. Meanwhile, the scattered communities along the Welsh border have their own crisis. With recession biting deep, urban crime has spilled into the countryside and old barbaric evils are revived. When a wealthy landowner is hacked to death in his own farmyard, the senior investigating officer DI Frannie Bliss is caught in the backlash, his private life in danger of exposure. With the framework of her own world beginning to crack, Merrily is persuaded to venture into areas where neither a priest nor a woman is welcome to unearth secrets linked with the border's pagan past—secrets which she knows can never be disclosed.

Tales from Lindford (Lindchester Chronicles 4) Catherine Fox,2021-05-20 'Lyrical, compelling and full of insight. I found this very hard to put down.' KATIE FFORDE, THE SUNDAY TIMES NO. 1 BESTSELLING AUTHOR 'Catherine Fox writes with immense compassion, unsentimental faith and an impressively undisciplined humour.' ROWAN WILLIAMS, FORMER ARCHBISHOP OF CANTERBURY January 2020. Freddie, Father Dominic, Jane and all the other residents of Lindfordshire are celebrating the New Year with parties and resolutions. None of them is aware of the trials and tribulations the coming months will bring - not least the horseman of the apocalypse who has set out quietly, with barely a jingle of harness, in a distance province of China . . . Return to Lindchester once more with Tales from Lindford, the fourth in the beloved series of novels from Catherine Fox. Valiantly written in real time in the midst of the pandemic, this entertaining book captures the difficulties of 2020 with heart, humour and insight. Perfect for Lindchester fans, it's also the ideal novel for anyone seeking comfort and a way of understanding all that has been happening. A twenty-first century Barchester that fans of Barbara Pym and the BBC's Rev will love, this new volume in the Lindchester Chronicles is contemporary Christian fiction at its finest. Tales from Lindford will make you laugh, cry and leave you with hope that grace can be found even in the darkest times.

Smiles and Tears from Bizzell Bluff Thomas E. Barnett,2023-10-09 About the Book From a very early age, Thomas E. Barnett and his sister were taught the value of hard work, family, and caring for your neighbors. Living as a young person in the '60s and '70s in the Midwest wasn't easy, but it was always filled with love, laughter, and a sense of community. In his memoir, Barnett shares the peaceful moments of growing up, from Christmas mornings to picking strawberries in the summers, and the realization he has now as an adult of just how hard his parents worked to provide a joyful life for himself and his sister. By recording his own upbringing, we are given a glimpse into the past, and a time capsule for future generations to connect with those who came before. About the Author Thomas E. Barnett was born and raised on a farm in Livingston County, Kentucky, with a vision of rolling hills and valleys, a place called Bizzell Bluff. He lived three miles from the nearest town, called Burna, a small agricultural community where everyone looked out for one another. He attended Livingston County High School from 1973 to 1977.

Quality of Experience Modeling for Cloud Gaming Services Saman Zadtootaghaj, 2022-05-04 This book presents the development of a gaming quality model to predict the gaming Quality of Experience (QoE) of players that could be used for planning the network service or quality monitoring of cloud gaming services. The author presents a model that is developed following a modular structure approach that keeps the different types of impairments separately. The book shows how such a modular structure allows developing a sustainable model as each component can be updated by advances in that specific research area or technology. The presented gaming quality model takes into account two modules of video quality and input quality. The latter considers the interactivity aspects of gaming. The video quality module offers a series of models that differ depending on the level of access to the video stream information, allowing high flexibility for service providers regarding the positions of measuring points within their system. In summary, the present book focuses on (1) creation of multiple image/video and cloud gaming quality datasets, (2) development of a gaming video classification, and (3) development of a series of gaming QoE models to predict the gaming QoE depending on the level of access to the video stream information.
