The Life and Sort of Death of Eric Argyle Ross Dungan,2013-12-02 'Eric Argyle was notably surprised when rather unexpectedly his eyes opened again. If truth be told, if he was being honest with himself, he hadn't really expected this type of thing would ever be happening again.' Eric Argyle is having a bad Sunday. It's late. He's still in his pyjamas. A room full of people are staring at him. And he died at 11.42am, two days ago. An issue that people don't seem all that receptive to. Nominated for Best New Play at the Irish Times Theatre Awards, Ross Dungan's *The Life and Sort of Death of Eric Argyle* premiered at the Pleasance Dome in Edinburgh in August 2012 before transferring to Dublin. It debuted in London at the Soho Theatre on 2 April 2013.

Lost Ate My Life Jon Lachonis,Amy Johnston,2008 Lost ate my life!' is the collective cry from the hardened fanbase of this massively popular TV series. Split into two halves, this digest of the show demonstrates, first, how it was the first show to combine the artists and patrons of the programme by sponsoring the largest independent discussion forum in history; and second, an examination of the plot itself interwoven with the story of the fandom. Begs the question, 'What is it about Lost that so captures the imagination?' This is a tour de force look into a truly tour de force show.'

Conscience in Recovery from Alcohol Addiction Yordan Kalev Zhekov,2013-02-01 Academic research in alcohol addiction presents diverse results and subject inadequacies. This study identifies conscience and its influence through spirituality on successful recovery as promoting unity and adequacy in the field. The purpose of the study is to analyze the relationship between conscience, spirituality, and recovery from alcohol addiction. This threefold framework underlines the conceptual importance of cognition, affect, behavior, spirituality, and character in addiction studies. Narrative analysis (NA) is employed for designing the present research. It is utilized for collection, examination, and formulation of the results derived from the participants' stories. Semi-structured interviews are used within the NA framework to provide the data from the twelve participants. The latter are selected as a homogeneous group based on characteristics of their addiction, spirituality, and recovery. The analysis of narratives defines conscience with its cognitive, emotive, and conative elements as related to spirituality. The conscience's nature and functioning undergo deterioration during addiction and complete rejuvenation through participants' spiritual transformation of a transcendent divine experience. Spiritually empowered conscience supports progressive recovery from alcohol addiction. The conscientious approach to self, life, and others is shaped by virtue and spiritual commitment.

Real Help Ayodeji Awosika,2019-12-16 Do you ever feel like self-help gurus are...lying to you?You want a better life. You know it's possible, but the promises you see most self-help books make just seem too good to be true, right?Work 4 hours a week and make millions?Quit your job in six months!Follow these ten steps to become rich, famous, and everlastingly happy!Is there a better alternative? Is there a way to learn how to live a better life without all the extra hype, fake-promises, and B.S.? *Real Help: An Honest Guide to Self-Improvement* details the in-depth self-improvement knowledge and wisdom from Ayodeji Awosika -- a self-taught 3-time author, TEDx speaker, and top writer on medium.com with over 50,000 followers who helps millions of readers per year with wisdom and insights to change their life.This book won't guarantee any of the following: You'll make millions of dollars You'll build a life-changing business that helps you quit your job overnight You'll find perfect, peace, happiness, and contentment It will, however, teach you everything you need to know to help you: Discover your life purpose (without needing an exact match) Develop the mental toughness you need to thrive in an unfair world Start your first passion project or side business (without needing to be an expert) Dramatically increase your odds of living a successful life (even though this can't be guaranteed) Build life-changing habits and execute them on auto-pilot (even if you've tried and failed before) This is a book that tells you what you need to know, not what you want to hear. This is a book that tells you how the world actually works, not how you think it should work.Aren't you tired of being told you can succeed no matter what!? It's almost insulting. You live in the real world. If you want to succeed in the real world, you have to understand how to be optimistic and realistic at the same time. With *Real Help*, you'll get a no-holds-barred field guide to improving your life with the circumstances you've been given. It will help you build a tailor-made path to a successful life based on your definition of the word.

Shakespeare Saved My Life Laura Bates, 2013-04-02 Shakespeare Saved My Life touches on the search for meaning in life, the struggles that complicate the path to triumph and the salvation that can be found in literature's great works ... An inspiring account.—Shelf Awareness A female professor, a super maximum security prisoner, and how Shakespeare saved them both Shakespeare professor and prison volunteer Laura Bates thought she had seen it all. That is, until she decided to teach Shakespeare in a place the bard had never been before — supermax solitary confinement. In this unwelcoming place, surrounded by inmates known as the worst of the worst, is Larry Newton. A convicted murderer with several escape attempts under his belt and a brilliantly agile mind on his shoulders, Larry was trying to break out of prison at the same time Laura was fighting to get her program started behind bars. What reviewers are saying about Shakespeare Saved My Life You don't have to be a William Shakespeare fan, a prisoner, or a prison reformer to appreciate this uplifting book. Shakespeare Saved My Life also reveals many important truths ... about the meaning of empathy in our dealings with others—Finger Lake Times Shakespeare Saved My Life touches on the search for meaning in life, the struggles that complicate the path to triumph and the salvation that can be found in literature's great works ... An inspiring account.—Shelf Awareness Opening the mind's prison proves enormously gratifying, not to mention effective ... brave, groundbreaking work—Publishers Weekly An eye-opening study reiterating the perennial power of books, self-discipline, and the Bard of Avon.—Kirkus A powerful testament to how Shakespeare continues to speak to contemporary readers in all sorts of circumstances.—Booklist

The Lost World and The Poison Belt Arthur Conan Doyle, 2023-02-21 A heart-stopping adventure tale featuring a brilliant scientist—one as insufferably pompous as Doyle's most famous character—and his unlikely trio, and its apocalyptic sequel. In 1912, the creator of Sherlock Holmes introduced his readers to yet another genius adventurer, Professor Challenger, who in his very first outing would journey to South America in search of . . . an isolated plateau crawling with iguanodons and ape-men! A smash hit, Doyle's proto-science fiction thriller would be adapted twice by Hollywood filmmakers, and it would go on to influence everything from Jurassic Park to the TV show Land of the Lost. Its 1913 sequel, The Poison Belt, finds Challenger and his dino-hunting comrades trapped in an oxygenated chamber as the entire planet passes through a lethal ether cloud. Joshua Glenn is a consulting semiotician and editor of the websites HiLobrow and Semiovox. The first to describe 1900–1935 as science fiction's "Radium Age," he is editor of the MIT Press's series of reissued proto-sf stories from that period. He is coauthor and coeditor of various books including the family activities guide Unbored (2012), The Adventurer's Glossary (2021), and Lost Objects (2022). In the 1990s, he published the indie intellectual journal Hermenaut. Conor Reid is a podcaster and writer from Ireland. He has published widely on popular fiction and science, including The Science and Fiction of Edgar Rice Burroughs (2018). He is the Head of Podcasts at HeadStuff Media as well as the host and producer of his own critically acclaimed literature podcast, Words to That Effect. The podcast, which has been performed live in both Ireland and the United Kingdom, tells stories of the fiction that shapes popular culture.

The Lost World and Other Stories Arthur Conan Doyle, 1995 The protagonist of these stories is the maddening, irascible and fascinating Professor George Edward Challenger. In these collected tales he faces adventures such as that high above the Amazon rain forest in The Lost World and the challenges of The Land of Mist.

Wall Street Women Melissa S. Fisher, 2012-06-19 Wall Street Women tells the story of the first generation of women to establish themselves as professionals on Wall Street. Since these women, who began their careers in the 1960s, faced blatant discrimination and barriers to advancement, they created formal and informal associations to bolster one another's careers. In this important historical ethnography, Melissa S. Fisher draws on fieldwork, archival research, and extensive interviews with a very successful cohort of first-generation Wall Street women. She describes their professional and political associations, most notably the Financial Women's Association of New York City and the Women's Campaign Fund, a bipartisan group formed to

promote the election of pro-choice women. Fisher charts the evolution of the women's careers, the growth of their political and economic clout, changes in their perspectives and the cultural climate on Wall Street, and their experiences of the 2008 financial collapse. While most of the pioneering subjects of Wall Street Women did not participate in the women's movement as it was happening in the 1960s and 1970s, Fisher argues that they did produce a market feminism which aligned liberal feminist ideals about meritocracy and gender equity with the logic of the market.
