I Love My Sperm Kathy Snyder,2008-08-12 Males are the magnificent gateway through which the animating quality of human life exists. Sperm is alive and living in males. To responsibly care for potential human life, males must accept their role as the protectors and carriers of intelligent life. Males who define sperm, the tiniest part of human existence, as vital will actually inspire the future-developing world. Therefore,the waysperm is defined can awaken us to the promise that human existence offers. By valuing sperm as potential human life with purpose, males will be empowered with the knowledge that they have offspring of value to protect. They will choose to be partners in child rearing assisting in the creation of environments that foster the care, growth, development, and safety of children.What's at stakesis a childs future and the future design of the world. Moreover males who protect life will allow innovative personalities to come forth with the potential for unfathomable discoveries that are dormant in our children. Males will know that the future can provide greatness and that their offspring hold the key. They must also know that they are being called to child responsibility in a way that only they can respond. The purpose of this book is to promote the careful nurturing and guidance of our children. They are the unfortunate sufferers of our insensitive labels, definitions, and subsequent abuse. When we define every aspect of human existence, including sperm, with honor and respect, the insanity that leads to missing, murdered, and exploited children will be replaced with wisdom. Males are the protector of human life and can do so before conception. The creation of environments that promote innate gifts and talents are both parents duty.

Mother's Rejection Ester S. Sullivan,2011-12-15 This book was written because if I can save just one baby from having to go through or having the experience that I had as a child; it will be worth it. My goal is to get the child bearing female to stop and think and be honest with themselves. To think about what color really mean to them and their family. Will the child or children be able to receive the love they deserve? That the female choose a male that she wants her babies to look just like him. We all know that all babies are beautiful and ready to learn, receive love, and give love. I am sharing what I went through as a child some good experiences and some not so good. Over all I was blessed in many ways, I just did not have a normal childhood; I had to grow up to fast. And there were times when there was just myself and God and no one else on earth that cared. But as you see God was all that I needed.

Eggs Are Expensive, Sperm Is Cheap Greg Krehbiel,2014-05-14 The current cultural assumptions about love, sex, dating and marriage are not only absurd, but a danger to society and to individuals. We're taken the most successful institution known to man, tinkered with it, played with it, and toyed with it until it's barely functional any more. Marriage simply isn't such a great deal any more, which is why many people are turning away from it. Especially young men. And if you look at the stats on divorce and the way men are treated in the family courts, you can hardly blame them. This little book says that the problem lies with all the modern assumptions we've tagged on to marriage. Marriage is (or at least it was) the structure that took the complicated mess of who we are as men and women and created a legal and social framework that used our natural impulses and desires to create a stable society. Marriage is what keeps human cultures from devolving into chaos. As western society has gotten further and further from a reality-based perspective on the sexes, marriage has been on the rocks. Some say there's even a marriage strike. These 50 politically incorrect thoughts call young men to abandon the modern approach and look at love, marriage and sex from a different point of view. It's a call to be counter-cultural in a way the hippies couldn't have imagined. Please note: this is not a scholarly work. If you're looking for studies and footnotes, look elsewhere. This book isn't intended to prove anything. It simply offers a different perspective.

The Cradle Will Fall Brown Sands,2004-06 This book is about arrogance and the cavalier attitude of a generation toward relationships, sex and conception. The Cradle Will Fall exposes the chaos and pain that follows the selling of eggs and sperm without thinking it result in offspring: human beings. The attempts at cover up, the lies and deceit by Lisle's parents, Stefan and Patch, showcases their selfishness and the disregard for parenting that resulted in murder and suicide. Patch falls madly in love with Stefan, a sperm donor, who uses her and his other women to sell their eggs. Stefan a lover to three generations of women directs his hate and anger towards women by overloading clinics in a small area with his sperm. The women in the area and women in his life become intertwined forever, because of his deceit and rage. Myrl grew up thinking that her father had died only to find out that they had already met: had a relationship. Patch, her mother, told her the devastating truth about her father on the same day she told her that her wedding plans with Lisle must stop immediately. Enveloped with hopelessness: Myrl, Lisle, Caro, Negril and Beverli found the passion and strength to weave through the treachery and disloyalty of their parents to find lasting love.

The Greatest Gift Isabelle Caron Hébert,2021-12-28 The Greatest Gift recounts an endearing conversation between the author and her then three-year-old daughter. In simple, easy-to-understand words, the book tells the story of how babies are conceived and how a donor can help families conceive a child. It was written to educate young readers about family diversity, to spark conversations about family origins, and to help children understand the concept of a donor. This story, full of love and generosity, reminds us that the greatest gift of all is the love and time we share with our children and loved ones, regardless of how they were conceived.

Normal Family Chrysta Bilton,2022-07-12 This riveting, nuanced memoir about unforgettable individuals thrown together by chance and DNA tells a story of nature, nurture, and coming to terms with one's true inheritance. What is a "normal family," and how do you go about making one? Chrysta Bilton's magnetic, larger-than-life mother, Debra, yearned to have a child, but as a single gay woman in 1980s California, she had few options. Until one day, while getting her hair done in a Beverly Hills salon, she met a man and instantly knew he was the one she'd been looking for. Beautiful, athletic, artistic, and from a well-to-do family, Jeffrey Harrison appeared to be Debra's ideal sperm donor. A verbal agreement, a couple of thousand in cash, and a few squirts of a turkey baster later, and Chrysta was conceived. Over the years, Jeffrey would make regular appearances at the family home, which grew to include Chrysta's baby sister. But how much did Debra really know about the man she'd chosen to father her daughters? And as a single mother torn between ferocious independence and abject dependence—on other women, alcohol, drugs, and the adrenaline of get-rich-quick schemes—what secrets of her own was she keeping? It wasn't until Chrysta was a young adult that she discovered just how much her parents had hidden from their daughters—and each other—including a shocking revelation with far-reaching consequences not only for Debra, Chrysta, and her sister, but for dozens and possibly hundreds of unsuspecting families across the country. After a lifetime of longing for a "normal family," can Chrysta face the reality of her own, in all its complexity? Bringing us into the fold of a deeply dysfunctional yet fiercely loving clan that is anything but "normal," this emotional roller coaster of a memoir will make you cry, laugh, and rethink the meaning of family. Named a 'Best Book of the Summer' by LA Times, People, USA Today, Vanity Fair, The Hollywood Reporter, Amazon, Apple, Cup of Jo, Kirkus, Parade, & Today

Being a Sperm Donor Sebastian Mohr,2018-08-24 What does it mean to be a man in our biomedical day and age? Through ethnographic explorations of the everyday lives of Danish sperm donors, Being a Sperm Donor explores how masculinity and sexuality are reconfigured in a time in which the norms and logics of (reproductive) biomedicine have become ordinary. It investigates men's moral reasoning regarding donation, their handling of transgressive experiences at the sperm bank, and their negotiations of gender, sexuality, intimacy, and relatedness, showing how the socio-cultural and political dimensions of (reproductive) biomedicine become intertwined with men's intimate sense of self.

Josh and Gemma Make a Baby Sarah Ready,2022-01-11 New Year's Resolution:Have a babyPreferably with Josh LewenthalMeet Gemma Jacobs. She's driven, energetic, and a positive thinker. She has a great career working for famed self-help guru Ian Fortune, she lives in a cute studio apartment in Manhattan, and her family is supportive and loving (albeit a little kooky). Her life is perfect. Absolutely wonderful. Except for one tiny little thing.After a decade of disastrous relationships and an infertility diagnosis, Gemma doesn't want a Mr. Right (or even a Mr. Right Now), she just wants a baby.And all she needs is an egg, some sperm, and IVF.So Gemma makes a New Year's resolution: have a baby.Josh Lewenthal is a laid back, relaxed, find-the-humor-in-life kind of guy. The polar opposite of Gemma. He's also her brother's best friend. For the past twenty years Josh has attended every Jacobs' family birthday, holiday, and event - he's always around. Gemma knows him. He's nice (enough), he's funny (-ish), he's healthy (she thinks) and he didn't burn any ants with a magnifying glass as a kid. Which, in Gemma's mind, makes him the perfect option for a sperm donor.So Gemma wants to make a deal. An unemotional, businesslike arrangement. No commitments, just a baby.To Gemma's surprise, Josh agrees.They have nothing in common, except their agreement to make a baby and their desire to keep things businesslike.But the thing about baby-making?it's hard to keep it businesslike, it's nearly impossible to keep it unemotional, and it's definitely impossible to keep your heart out of the mix. Because when you're making a baby together, things have a way of starting to feel like you're making other things too- like a life, and a family, and love. And when the baby-making ends, you wish that everything else didn't have to end too.
