Rorschach (2020-) #7 Tom King,2021-04-13 Wil Myerson might have been the creator of Pontius Pirate, the most popular comic in history, before he put on the Rorschach mask and tried to kill a would-be president, but he's not the only artist who worked on the character. Other artists fell under Wil's influence, and now all these years later, his more renowned acolyte has fallen sway to Laura, the #1 Myerson superfan. Is it possible she influenced another comic book legend into playing vigilante? The key here is that tape the detective is trying to decipher, the one with the séance that has been haunting him since the very first issue! All this and a cameo by Dr. Manhattan to boot!

The Buckland Romani Tarot Raymond Buckland,2001-01-01 Finally there is a Tarot that embodies the spirit of the Gypsies. The Buckland Romani Tarot is a beautiful new deck that follows the traditional form of the tarot, but incorporates Gypsy forms and symbol. Drawing on his experiences with his Romani (English Gypsy) family, Raymond Buckland has teamed with artist Lissanne Lake to produce a beautiful deck that embodies the rich traditions and deep, earthy wisdom of these passionate people. Anyone who is familiar with the cards will enjoy this refreshing new approach, and anyone new to the tarot will enjoy the ease of use and down-to-earth nature of this attractive deck. The accompanying book presents a full set of fresh, insightful interpretations written specifically to match this deck, along with traditional meanings. It also includes a Romani-English word list, historical background on the Gypsies, guidance on caring for and using the cards, and a selection of spreads. Many books on the tarot are so obscure and complex that they end up discouraging everyone but the advanced practitioner. In contrast, this book is written in simple language, that makes reading and studying the tarot a joy. In addition, it relays fascinating historical facts about the Gypsies. Although the exact origins of the tarot are shrouded in the mists of antiquity, we know one thing for certain-it is the Gypsies who are most directly responsible for keeping this ancient fount of wisdom from fading into obscurity. Now Raymond Buckland finally gives them the credit they are due. Discover how, in their wanderings, they have preserved the arcane wisdom of many lands and civilizations. Let the Romani Tarot help you see the world through Gypsy eyes.

The Substance of Style Virginia Postrel,2009-03-17 Whether it's sleek leather pants, a shiny new Apple computer, or a designer toaster, we make important decisions as consumers every day based on our sensory experience. Sensory appeals are everywhere, and they are intensifying, radically changing how Americans live and work. The twenty-first century has become the age of aesthetics, and whether we realize it or not, this influence has taken over the marketplace, and much more. In this penetrating, keenly observed book, Virginia Postrel makes the argument that appearance counts, that aesthetic value is real. Drawing from fields as diverse as fashion, real estate, politics, design, and economics, Postrel deftly chronicles our culture's aesthetic imperative and argues persuasively that it is a vital component of a healthy, forward-looking society. Intelligent, incisive, and thought-provoking, *The Substance of Style* is a groundbreaking portrait of the democratization of taste and a brilliant examination of the way we live now.

Hu,2013-08-01 Japanese Animation: East Asian Perspectives makes available for the first time to English readership a selection of viewpoints from media practitioners, designers, educators, and scholars working in the East Asian Pacific. This collection not only engages a multidisciplinary approach in understanding the subject of Japanese animation but also shows ways to research, teach, and more fully explore this multidimensional world. Animation Paul Wells,2019-07-25 Animation: Genre and Authorship explores the distinctive language of animation, its production processes, and the particular questions about who makes it, under what conditions, and with what purpose. In this first study to look specifically at the ways in which animation displays unique models of 'auteurism' and how it revises generic categories, Paul Wells challenges the prominence of live-action moviemaking as the first form of contemporary cinema and visual culture. The book also includes interviews with Ray Harryhausen and Caroline Leaf, and a full timeline of the history of animation.
