Will has painstakingly developed an ingenious system allowing him to predict this historic event days in advance, but his unconvinced Commanding Officer, for political reasons, orders his silence. A conflicted Will feels he must alert his loved ones, and does - only to find himself in a battle for his life at the height of the storm.Minnich deftly combines the drama and excitement of the blizzard with its profound impact on those unfortunate enough to have been caught in its path, simultaneously weaving an engaging tale of true love, faith, and the indomitable human spirit.
