The Book of Magic George R. R. Martin,Scott Lynch,Elizabeth Bear,Garth Nix,2018-10-16 A new anthology celebrating the witches and sorcerers of epic fantasy—featuring stories by George R. R. Martin, Scott Lynch, Megan Lindholm, and many others! Hot on the heels of Gardner Dozois's acclaimed anthology *The Book of Swords* comes this companion volume devoted to magic. How could it be otherwise? For every Frodo, there is a Gandalf . . . and a Saruman. For every Dorothy, a Glinda . . . and a Wicked Witch of the West. What would Harry Potter be without Albus Dumbledore . . . and Severus Snape? Figures of wisdom and power, possessing arcane, often forbidden knowledge, wizards and sorcerers are shaped—or misshaped—by the potent magic they seek to wield. Yet though their abilities may be godlike, these men and women remain human—some might say all too human. Such is their curse. And their glory. In these pages, seventeen of today's top fantasy writers—including award-winners Elizabeth Bear, John Crowley, Kate Elliott, K. J. Parker, Tim Powers, and Liz Williams—cast wondrous spells that thrillingly evoke the mysterious, awesome, and at times downright terrifying worlds where magic reigns supreme: worlds as far away as forever, and as near as next door. **FEATURING SIXTEEN ALL-NEW STORIES:** "The Return of the Pig" by K. J. Parker "Community Service" by Megan Lindholm "Flint and Mirror" by John Crowley "The Friends of Masquelayne the Incomparable" by Matthew Hughes "The Biography of a Bouncing Boy Terror: Chapter Two: Jumping Jack in Love" by Ysabeau S. Wilce "Song of Fire" by Rachel Pollack "Loft the Sorcerer" by Eleanor Arnason "The Governor" by Tim Powers "Sungrazer" by Liz Williams "The Staff in the Stone" by Garth Nix "No Work of Mine" by Elizabeth Bear "Widow Maker" by Lavie Tidhar "The Wolf and the Manticore" by Greg Van Eekhout "The Devil's Whatever" by Andy Duncan "Bloom" by Kate Elliott "The Fall and Rise of the House of the Wizard Malkuril" by Scott Lynch Plus George R. R. Martin's classic story "A Night at the Tarn House" and an introduction by Gardner Dozois Praise for *The Book of Magic* "In *The Book of Magic*, you get everything you expect and more! Assembling seventeen great authors in one place is a difficult job but this book, with a lot of help from editor Gardner Dozois, does just that. . . . This compilation is a treat for any who love a good fantasy tale."—Geeks of Doom

Audrika's Magic R.S. Everburg, 2011-06-13 With her first published book the author is letting us in on a secret. All around the edges of the world of everyday here and now, lie magical doors, teasing, beckoning, daring us to summon the courage to pry them open wide enough to squeeze through. She knows what she's talking about. She's found a lot of these doors through the years, sometimes in the most unexpected places. Mostly she's taken up the challenge to squeeze through, and has never once been sorry that she did. Children know how to do this, but time and the greedy demands of the world of everyday here and now, can be robbers and poachers. So often we're told that we must give up the search for those doors to apply ourselves to more practical things, that peeking beyond the edges of the everyday world is a fun but frivolous part of childhood, and must eventually be laid aside. That brings us back round to Audrika's story. She's a normal ten year old, with a normal ten year old's problems. Already she's come perilously close to slamming the door shut on her own magic forever, but a summer full of adventure and yes, dare we say it, magic, will change all that. She'll find the courage to step through a door tucked away in a remote corner of an enchanted greenhouse. What she finds on the other side will change her life forever. True, this is a story about the possibilities that lie on the other side of an enchanted door, but it is more. It is a nudge that worries and warns, "Don't forget the magic. Hang on. Hold on. If you are courageous enough you don't ever have to let go. There is no expiration date on the magic that fills our insides with soda pop bubbles and sends fireworks up into a velvet night sky." This book is a gift to every child struggling to hold on to their special magic. Perhaps it is also a gift to every adult who has misplaced their own, and longs for its return.

The Magic Room Jeffrey Zaslow, 2011-12-27 The New York Times bestselling journalist and author of *The Girls from Ames*, Jeffrey Zaslow, takes us to a multi-generational family owned small-town bridal shop to explore the emotional lives of women in the 21st century. You may not have heard of Fowler, Michigan, much less Becker's Bridal. But for the thousands of women who have stepped inside, Becker's is the site of some of the most important moments of their lives—moments that speak to us all. Housed in a former bank, the boutique owners transformed the vault into a magic room, with soft church lighting, a circular pedestal, and mirrors that make lifelong dreams come true. Illuminating the poignant aspects of a woman's journey to the altar, *The Magic Room* tells the stories of memorable women on the brink of commitment. Run by the same family for years, Becker's has witnessed transformations in how America views the institution of marriage; some of the shop's clientele are becoming stepmothers, or starting married life for a second time. In *The Girls from Ames*, beloved author Jeffrey Zaslow used friendships to explore the emotional lives of women. In *The Magic Room*, he turns his perceptive eye to weddings and weaves together secrets, memories and family tales to explore the hopes and dreams we have for our daughters.

The Secret History of Magic Peter Lamont, Jim Steinmeyer, 2018-07-17 Pull back the curtain on the real history of magic – and discover why magic really matters. If you read a standard history of magic, you learn that it begins in ancient Egypt, with the resurrection of a goose in front of the Pharaoh. You discover how magicians were tortured and killed during the age of witchcraft. You are told how conjuring tricks were used to quell rebellious colonial natives. The history of magic is full of such stories, which turn out not to be true. Behind the smoke and mirrors, however, lies the real story of magic. It is a history of people from humble roots, who made and lost fortunes, and who deceived kings and queens. In order to survive, they concealed many secrets, yet they revealed some and they stole others. They engaged in deception, exposure, and betrayal, in a quest to make the impossible happen. They managed to survive in a world in which a series of technological wonders appeared, which previous generations would have considered magical. Even today, when we now take the most sophisticated technology for granted, we can still be astonished by tricks that were performed hundreds of years ago. *The Secret History of Magic* reveals how this was done. It is about why magic matters in a world that no longer seems to have a place for it, but which desperately needs a sense of wonder.
