*Becoming Genevieve: An Extraordinary True Story of Believing in Magic* Genevieve Davis, What if I told you I could do magic, real magic? Would you believe me? It was 2010 and I had wasted my life. Stuck in a dead end job, divorced and in debt. For me, every day was much like the last. But things were about to change. Dramatically. So, how did a lonely, overweight, depressed 40-something woman go from poverty, debt and despair to a life of fulfilment, happiness, wealth and spiritual awakening? Did I rob a bank, win the lottery or marry a millionaire? Did I see doctors, therapists and counsellors? Did I join a cult? No, none of these things. I used Magic. In this book, I share my true-life story of exactly how I went from rags to riches, from depression to awakening, and created a truly exceptional life for myself. Over the last few years, I've had many adventures and fantastic experiences. I have also life-changing insights into magic, manifesting, and the whole business of being alive. These insights had such a profound effect on me they've changed my whole outlook on the world. I didn't know this sort of peace of mind was possible. I didn't know life could get this good. And until now, I told no one how I did it. Writing under the pen name, Genevieve Davis, I chose to remain completely anonymous, hiding my secret identity even from my own family. Finally, I have decided to go public, with this bitingly honest account of my discovery, mastery and belief in what I like to call Magic. By revealing my true identity I can finally prove to you that everything I said in my early books about manifesting an exceptional life was true. All of it. And then, I want to help you see what I have seen. I want to help you understand what I now understand. I want you create a life just as exceptional. For lovers of self-help, memoirs, and for those who like to believe that life should be magnificent. Even sceptics may read this book and start to wonder: Is Magic actually real?

**Magic Trash** J. H. Shapiro, 2015-01-06 Vacant lots. Abandoned houses. Trash--lots of trash. Heidelberg Street was in trouble! Tyree Guyton loved his childhood home--that's where his grandpa Sam taught him to paint the world. So he wanted to wake people up... to make them see Detroit's crumbling communities. Paintbrush in hand, Tyree cast his artistic spell, transforming everyday junk into magic trash. Soon local kids and families joined Tyree in rebuilding their neighborhood, discovering the healing power of art along the way. This picture book biography of Tyree Guyton, an urban environmental artist, shows how he transformed his decaying, crime-ridden neighborhood into the Heidelberg Project, an interactive sculpture park. The story spans from Tyree's childhood in 1950s Detroit to his early efforts to heal his community through art in the 1980s. Tyree's awards include Michigan Artist of the Year and International Artist. MAGIC TRASH offers strong themes of working together, the power of art, and the importance of inspiring community--especially kids--to affect action. The Heidelberg Project is internationally recognized for providing arts education to children and adults and for the ongoing development of several houses on

Heidelberg Street. Not only does the Heidelberg Project prove that when a community works together it can rebuild itself, but it also addresses the issues of recycling, environmentalism, and community on a global level.
