Stefan Kaia and Jinn travel through Story Time to the world of Hansel and Gretel where they must rescue the witch and keep her from being framed, by Brother Grimm, the evil maniac determined to destroy magic. But they end up making a terrible mistake... "Immediately, Jinn wiggled her fingers and sent three rockets of purple and pink stars shooting out of her fingers. Two of the rockets hit Stefan and Kaia squarely on the chest and the third went straight up into the air and landed on Jinn's shoulder. The next instant they were all spinning through a tunnel of bright colors and where they were travelling at the speed of light with reds, greens and purples shooting past them in a blur. The spiral tunnel seemed to stretch on forever as they tossed and turned through it. The darker colors gave way to yellow and gold with a bright silver flash of the brightest light any of them had ever seen. They finally landed with a thud in a thick forest. For a minute they all seemed frozen in time. Jinn was standing still, staring in surprise at what had just happened. At the moment she did not seem to have the power to do anything. It was up to Kaia to do something, anything to help. She rushed over to the cage and quickly set Hansel free. Then turned around and shouted, "Stefan, don't just stand there, do something!" Stefan looked at her and then over at the White Witch and Jinn. There was only one thing he could think of to do...."
