*Managing Projects with GNU Make* Robert Mecklenburg, 2004-11-19 The utility simply known as make is one of the most enduring features of both Unix and other operating systems. First invented in the 1970s, make still turns up to this day as the central engine in most programming projects; it even builds the Linux kernel. In the third edition of the classic *Managing Projects with GNU make*, readers will learn why this utility continues to hold its top position in project build software, despite many younger competitors. The premise behind make is simple: after you change source files and want to rebuild your program or other output files, make checks timestamps to see what has changed and rebuilds just what you need, without wasting time rebuilding other files. But on top of this simple principle, make layers a rich collection of options that lets you manipulate multiple directories, build different versions of programs for different platforms, and customize your builds in other ways. This edition focuses on the GNU version of make, which has deservedly become the industry standard. GNU make contains powerful extensions that are explored in this book. It is also popular because it is free software and provides a version for almost every platform, including a version for Microsoft Windows as part of the free Cygwin project. *Managing Projects with GNU make, 3rd Edition* provides guidelines on meeting the needs of large, modern projects. Also added are a number of interesting advanced topics such as portability, parallelism, and use with Java. Robert Mecklenburg, author of the third edition, has used make for decades with a variety of platforms and languages. In this book he zealously lays forth how to get your builds to be as efficient as possible, reduce maintenance, avoid errors, and thoroughly understand what make is doing. Chapters on C++ and Java provide makefile entries optimized for projects in those languages. The author even includes a discussion of the makefile used to build the book.

*Make Time* Jake Knapp, John Zeratsky, 2018-09-25 From the New York Times bestselling authors of *Sprint* comes “a unique and engaging read about a proven habit framework [that] readers can apply to each day” (Insider, Best Books to Form New Habits). “If you want to achieve more (without going nuts), read this book.”—Charles Duhigg, author of *The Power of Habit* Nobody ever looked at an empty calendar and said, The best way to spend this time is by cramming it full of meetings! or got to work in the morning and thought, Today I'll spend hours on Facebook! Yet that's exactly what we do. Why? In a world where information refreshes endlessly and the workday feels like a race to react to other people's priorities faster, frazzled and distracted has become our default position. But what if the exhaustion of constant busyness wasn't mandatory? What if you could step off the hamster wheel and start taking control of your time and attention? That's what this book is about. As creators of Google Ventures' renowned design sprint, Jake and John have helped hundreds of teams solve important problems by changing how they work. Building on the success of these sprints and their experience designing ubiquitous tech products from Gmail to YouTube, they spent years experimenting with their own habits and routines, looking for ways to help people optimize their energy, focus, and time. Now they've packaged the most effective tactics into a four-step daily framework that anyone can use to systematically design their days. *Make Time* is not a one-size-fits-all formula. Instead, it offers a customizable menu of bite-size tips and strategies that can be tailored to individual habits and lifestyles. *Make Time* isn't about productivity, or checking off more to-dos. Nor does it propose unrealistic solutions like throwing out your smartphone or swearing off social media. Making time isn't about radically overhauling your lifestyle; it's about making small shifts in your environment to liberate yourself from constant busyness and distraction. A must-read for anyone who has ever thought, If only there were more hours in the day..., *Make Time* will help you stop passively

reacting to the demands of the modern world and start intentionally making time for the things that matter.

This Book Will Make You Think Alain Stephen, 2013-10-18 We may have heard of Socrates, Plato, Descartes and Nietzsche, but what did they believe? What were their famous aphorisms? *This Book Will Make You Think: Philosophical Quotes and What They Mean* explains as simply as possible the ideas behind the world's most highly regarded philosophers, examining their beliefs and presenting choice quotes that succinctly distill their most famous theories. Written in an accessible and informative style, this book will help readers get to grips with the complex concepts of philosophy through the ages, and help match the theories to the names.

Make It Clear Patrick Henry Winston, 2020-08-25 The essentials of communication for professionals, educators, students, and entrepreneurs, from organizing your thoughts to inspiring your audience. Do you give presentations at meetings? Do you ever have to explain a complicated subject to audiences unfamiliar with your field? Do you make pitches for ideas or products? Do you want to interest a lecture hall of restless students in subjects that you find fascinating? Then you need this book. *Make It Clear* explains how to communicate—how to speak and write to get your ideas across. Written by an MIT professor who taught his students these techniques for more than forty years, the book starts with the basics—finding your voice, organizing your ideas, making sure what you say is remembered, and receiving critiques (“do not ask for brutal honesty”)—and goes on to cover such specifics as preparing slides, writing and rewriting, and even choosing a type family. The book explains why you should start with an empowerment promise and conclude by noting you delivered on that promise. It describes how a well-crafted, explicitly identified slogan, symbol, salient idea, surprise, and story combine to make you and your work memorable. The book lays out the VSN-C (Vision, Steps, News-Contributions) framework as an organizing structure and then describes how to create organize your ideas with a “broken-glass” outline, how to write to be understood, how to inspire, how to defeat writer's block—and much more. Learning how to speak and write well will empower you and make you smarter. Effective communication can be life-changing—making use of just one principle in this book can get you the job, make the sale, convince your boss, inspire a student, or even start a revolution.

You Are an Artist Sarah Urist Green, 2020-04-14 “There are more than 50 creative prompts for the artist (or artist at heart) to explore. Take the title of this book as affirmation, and get started.” —Fast Company More than 50 assignments, ideas, and prompts to expand your world and help you make outstanding new things to put into it Curator Sarah Urist Green left her office in the basement of an art museum to travel and visit a diverse range of artists, asking them to share prompts that relate to their own ways of working. The result is *You Are an Artist*, a journey of creation through which you'll invent imaginary friends, sort books, declare a cause, construct a landscape, find your band, and become someone else (or at least try). Your challenge is to filter these assignments through the lens of your own experience and make art that reflects the world as you see it. You don't have to know how to draw well, stretch a canvas, or mix a paint color that perfectly matches that of a mountain stream. This book is for anyone who wants to make art, regardless of experience level. The only materials you'll need are what you already have on hand or can source for free. Full of insights, techniques, and inspiration from art history, this book opens up the processes and practices of artists and proves that you, too, have what it takes to call yourself one. *You Are an Artist* brings together more than 50 assignments gathered from some of the most innovative creators working today, including Sonya Clark, Michelle Grabner, The Guerrilla Girls, Fritz Haeg, Pablo Helguera, Nina Katchadourian, Toyin Ojih Odutola, J. Morgan

Puett, Dread Scott, Alec Soth, Gillian Wearing, and many others.

**Marcus Makes a Movie** Kevin Hart, 2021-06-01 NEW YORK TIMES BESTSELLER • Stand-up comedian and Hollywood box-office hit Kevin Hart keeps the laughs coming in an illustrated middle-grade novel about a boy who has big dreams of making a blockbuster superhero film. Perfect for readers of James Patterson's Middle School series and Lincoln Peirce's Big Nate series. Keep[s] kid readers on the edge of their seat. -Parents Magazine Marcus is NOT happy to be stuck in after-school film class . . . until he realizes he can turn the story of the cartoon superhero he's been drawing for years into an actual MOVIE! There's just one problem: he has no idea what he's doing. So he'll need help, from his friends, his teachers, Sierra, the strong-willed classmate with creative dreams of her own, even Tyrell, the local bully who'd be a perfect movie villain if he weren't too terrifying to talk to. Making this movie won't be easy. But as Marcus discovers, nothing great ever is—and if you want your dream to come true, you've got to put in the hustle to make it happen. Comedy superstar Kevin Hart teams up with award-winning author Geoff Rodkey and lauded illustrator David Cooper for a hilarious, illustrated, and inspiring story about bringing your creative goals to life and never giving up, even when nothing's going your way.

**Make Good Art** Neil Gaiman, 2013-05-14 In May 2012, bestselling author Neil Gaiman delivered the commencement address at Philadelphia's University of the Arts, in which he shared his thoughts about creativity, bravery, and strength. He encouraged the fledgling painters, musicians, writers, and dreamers to break rules and think outside the box. Most of all, he encouraged them to make good art. The book *Make Good Art*, designed by renowned graphic artist Chip Kidd, contains the full text of Gaiman's inspiring speech.

**This Book Will Make You Kinder** Henry James Garrett, 2020-10-20 'Heart-swelling in its wholesomeness' - Gina Martin 'A reminder of the life-changing power of empathy' - Emma Gannon Why are you kind? Could you be kinder? The kindness we owe one another goes far beyond everyday gestures like taking out the neighbour's bins - although it's important not to downplay those small acts. Kindness can also mean much more. In this timely, insightful guide, Henry James Garrett lays out the case for developing a strong, courageous, moral kindness, one that will help you fight cruelty and make the world a more empathetic place. Building on his academic studies in metaethics and using his signature sweet animal cartoons, Henry explores the sources and the limitations of human empathy and the many ways, big and small, that we can work toward being our best and kindest selves. A world in which everyone was the fully-empathetic of version of themselves would be a very kind world indeed. And that's the world this book will move us toward.
