What Makes This Book So Great Jo Walton, 2014-01-21 As any reader of Jo Walton's *Among Others* might guess, Walton is both an inveterate reader of SF and fantasy, and a chronic re-reader of books. In 2008, then-new science-fiction mega-site Tor.com asked Walton to blog regularly about her re-reading—about all kinds of older fantasy and SF, ranging from acknowledged classics, to guilty pleasures, to forgotten oddities and gems. These posts have consistently been among the most popular features of Tor.com. Now this volume presents a selection of the best of them, ranging from short essays to long reassessments of some of the field's most ambitious series. Among Walton's many subjects here are the *Zones of Thought* novels of Vernor Vinge; the question of what genre readers mean by mainstream; the underappreciated SF adventures of C. J. Cherryh; the field's many approaches to time travel; the masterful science fiction of Samuel R. Delany; Salman Rushdie's *Midnight's Children*; the early Hainish novels of Ursula K. Le Guin; and a Robert A. Heinlein novel you have most certainly never read. Over 130 essays in all, *What Makes This Book So Great* is an immensely readable, engaging collection of provocative, opinionated thoughts about past and present-day fantasy and science fiction, from one of our best writers. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Growing up with a mother suffering from paranoid schizophrenia and a mostly absent father, Nikki Grimes found herself terrorized by babysitters, shunted from foster family to foster family, and preyed upon by those she trusted. At the age of six, she poured her pain onto a piece of paper late one night - and discovered the magic and impact of writing. For many years, Nikki's notebooks were her most enduring companions. In this accessible and inspiring memoir that will resonate with young readers and adults alike, Nikki shows how the power of those words helped her conquer the hazards - ordinary and extraordinary - of her life.

Make Time Jake Knapp,John Zeratsky,2018-09-25 From the New York Times bestselling authors of *Sprint* comes “a unique and engaging read about a proven habit framework [that] readers can apply to each

day” (Insider, Best Books to Form New Habits). “If you want to achieve more (without going nuts), read this book.”—Charles Duhigg, author of *The Power of Habit* Nobody ever looked at an empty calendar and said, The best way to spend this time is by cramming it full of meetings! or got to work in the morning and thought, Today I'll spend hours on Facebook! Yet that's exactly what we do. Why? In a world where information refreshes endlessly and the workday feels like a race to react to other people's priorities faster, frazzled and distracted has become our default position. But what if the exhaustion of constant busyness wasn't mandatory? What if you could step off the hamster wheel and start taking control of your time and attention? That's what this book is about. As creators of Google Ventures' renowned design sprint, Jake and John have helped hundreds of teams solve important problems by changing how they work. Building on the success of these sprints and their experience designing ubiquitous tech products from Gmail to YouTube, they spent years experimenting with their own habits and routines, looking for ways to help people optimize their energy, focus, and time. Now they've packaged the most effective tactics into a four-step daily framework that anyone can use to systematically design their days. *Make Time* is not a one-size-fits-all formula. Instead, it offers a customizable menu of bite-size tips and strategies that can be tailored to individual habits and lifestyles. *Make Time* isn't about productivity, or checking off more to-dos. Nor does it propose unrealistic solutions like throwing out your smartphone or swearing off social media. Making time isn't about radically overhauling your lifestyle; it's about making small shifts in your environment to liberate yourself from constant busyness and distraction. A must-read for anyone who has ever thought, If only there were more hours in the day..., *Make Time* will help you stop passively reacting to the demands of the modern world and start intentionally making time for the things that matter.
