By The Sabarmati Esther David, 2000-10-14 Twenty-two extraordinary stories from the lives of women we have always known What happens when women decide to shed their inhibitions and speak out about their deepest feelings? What stories lie behind their closed doors in the slums and pols of Ahmedabad? This sparkling collection tells us about the dreams and aspirations, the victories and defeats of women we have met every day---on the streets, at home, in our neighbourhoods. In simple unadorned prose Esther David recounts the stories of Maya Desai, tormented by the knowledge of her beauty and driven to suicide by a world which refuses to recognize her true self; of Vesti, who meets an unlikely saviour after being branded as a witch; of Amina, who never steps beyond the threshold of her house, but when her family begins to fall apart, proves to be a tower of strength; and of Vidya, the wife of an itinerant performer, who comes across a strange apparition in the course of a somnolent afternoon. There are young women and old, struggling against disappointment, failed love and the death of near ones. At times funny, at times disturbing, these stories are a testament to their heroic and moving endeavour to rise above their limitations.

Where Histories Reside Priya Jaikumar,2019-10-31 In *Where Histories Reside* Priya Jaikumar

examines eight decades of films shot on location in India to show how attending to filmed space reveals alternative timelines and histories of cinema. In this bold “spatial” film historiography, Jaikumar outlines factors that shape India's filmed space, from state bureaucracies and commercial infrastructures to aesthetic styles and neoliberal policies. Whether discussing how educational shorts from Britain and India transform natural landscapes into instructional lessons or how Jean Renoir's *The River* (1951) presents a universal human condition through the particularities of place, Jaikumar demonstrates that the history of filming a location has always been a history of competing assumptions, experiences, practices, and representational regimes. In so doing, she reveals that addressing the persistent question of “what is cinema?” must account for an aesthetics and politics of space.

Desi Divas Christine L. Garlough, 2013-02-19 *Desi Divas: Activism in South Asian American*

Cultural Performances is the product of five years of field research with progressive activists associated with the School for Indian Languages and Cultures (SILC), South Asian Americans Leading Together (SAALT), the feminist dance collective Post Natyam, and the grassroots feminist political organization South Asian Sisters. Christine L. Garlough explores how traditional cultural forms may be critically appropriated by marginalized groups and used as rhetorical tools to promote deliberation and debate, spur understanding and connection, broaden political engagement, and advance particular social identities. Within this framework she examines how these performance activists advocate a political commitment to both justice and care, to both deliberative discussion and deeper understanding. To consider how this might happen in diasporic performance contexts, Garlough weaves together two lines of thinking. One grows from feminist theory and draws upon a core literature concerning the ethics of care. The other comes from rhetoric, philosophy, and political science literature on recognition and acknowledgment. This dual approach is used to reflect upon South Asian American women's performances that address pressing social problems related to gender inequality, immigration rights, ethnic stereotyping, hate crimes, and religious violence. Case study chapters address the relatively unknown history of South Asian American rhetorical performances from the early 1800s to the present. Avant-garde feminist performances by the Post Natyam dance collective appropriate women's folk practices and Hindu goddess figures make rhetorical claims about hate crimes against South Asian Americans after 9/11. In *Yoni ki Bat* (a South Asian American version of *The Vagina Monologues*) a progressive performer transforms aspects of the Mahabharata narrative to address issues of sexual violence, such as incest and rape. Throughout the volume, Garlough argues that these performers rely on calls for acknowledgment that intertwine calls for justice and care. That is, they embed their testimony in traditional cultural

forms to invite interest, reflection, and connection.
