The Right Sort of Man Allison Montclair, 2019-06-04 From debut author Allison Montclair comes an engrossing historical mystery novel set in post-war London, *The Right Sort of Man*. In a London slowly recovering from World War II, two very different women join forces to launch a business venture in the heart of Mayfair—The Right Sort Marriage Bureau. Miss Iris Sparks, quick-witted and impulsive, and Mrs. Gwendolyn Bainbridge, practical and widowed with a young son, are determined to achieve some independence and do some good in a rapidly changing world. But their promising start is threatened when their newest client is found murdered and the man arrested for the crime is the prospective husband they matched her with. While the police are convinced they have their man, Miss Sparks and Mrs. Bainbridge are not. To clear his name—and to rescue their fledgling operation’s reputation—Sparks and Bainbridge decide to investigate on their own. Little do they know that this will put their very lives at risk. *BONUS CONTENT: This edition of *The Right Sort of Man* includes a new introduction from the author and a discussion guide

MindWar Andrew Klavan, 2014-07-15 When Rick lost the ability to run, he came one step closer to becoming a hero. New High Score! New Record Time! Rick nodded with grim satisfaction. He laid the game controller aside on the sofa and reached for his crutches. Rick Dial was the best quarterback Putnam Hills High School had ever seen. Unflappable. Unstoppable. Number 12. But when a car accident left him crippled, Rick’s life as he knew it ended. He disavowed his triumphant past. He ignored his girlfriend. He disappeared into his bedroom—and into the glowing video screen. But Rick’s uncanny gaming skills have attracted attention. Dangerous attention. Government agents have uncovered a potentially devastating cyber-threat: a Russian genius has created a digital reality called the Realm, from which he can enter, control, and disrupt American computer systems . . . from transportation to defense. The agents want Rick, quick-thinking quarterback and gaming master, to enter the Realm and stop the madman—before he sends America into chaos. Entering the Realm will give Rick what he thought he’d never have again: a body as strong and fast as it was before the accident. But this is no game, there are no extra lives, and what happens to Rick in the Realm happens to Rick’s body in reality. Even after Rick agrees to help, he can’t shake the sense that he’s being kept in the dark. Why would a government agency act so aggressively? Can anyone inside the Realm be trusted? How many others have entered before him . . . and failed to return? In the tradition of *Ender’s Game* and *The Matrix*, *MindWar* is a complex thriller about a seemingly ordinary teenager who discovers a hidden gift—a gift that could make him a hero . . . or cost him everything. Edgar Award–winning Klavan’s well-orchestrated fantasy thriller features . . . an imaginative mix of gaming action with real-life stakes. With just the right cliff-hanger ending, this trilogy opener shows promise.

Broken cop Jake Carrigan has no interest in delving into a past full of heartache and regrets. But he can’t deny she still matters, even if she’s simply a voice in his head. Hannah Dixon is having a hard time believing she’s dead. How can she be when she feels so much inside? She can see Jake, can talk to him, but she can’t touch him. And right now, touching Jake is all she wants. Jake’s probe into Hannah’s death stirs up a sinister psychic link, something dark that will stop at nothing to keep its secrets. To protect her own heart, Hannah left Jake once. Can she leave him again to protect his life?
