PRESS RELEASE Ironpower Publishing is excited to announce the release of Mandalas to Color: Advanced Designs - Volume 9 on Amazon. Volume 9 requires a high level of coloring skill and patience as the designs get really complex and intricate. What is a Mandala? Mandala is circle in Sanskrit. Far more than a simple circle, it is known to be a representation of the larger universe and our connection to it. It is a symbol of unity and completeness which can present a picture of one's self. Mandalas are excellent tools to increase self-awareness and for meditation. Why color Mandalas? Coloring mandalas is a great way to help center your mind while enriching your soul. It is a sort of creative therapy that works as a form of stress release. When you create a mandala by coloring sophisticated patterns and designs, it can be very therapeutic and stimulating for one's mind and soul. Designing and coloring a mandala can symbolize your state of mind and self-discovery. Where can we find Mandalas to Color? Mandalas to Color are now released online in the book category of Amazon's website. This latest release, Mandalas to Color: Advance Designs - Volume 9, has the most intricate and complex geometric shapes and patterns. These masterpieces can help a person in his journey to self-discovery, self-expression, sense of peace and relief. Ironpower Publishing has released a pattern coloring book that contains ready-made blank mandalas to color. Each mandala pattern is printed on its own page so users can frame them for display later. According to J. Browns, a spiritual teacher, I have previously joined mandala workshops but nothing beats having your own time and pace when creating your personal mandala. I purchased a Mandala coloring book online and I am very happy with it. Coloring mandalas gives me inspiration to seek my inner self and soothes my soul. I just let my hand do the coloring and let my mind reflect, and the next thing I know, I have created a very beautiful masterpiece. This new release also allows its users to meditate and make a graphic expression of their subconscious mind. The painting-like patterns help promote one's inner state of mind while maximizing one's creativity. Mandala patterns can look a bit intimidating at first glance when they are this intricate, but with time, care, and patience they are fun to do.
