An Englishwoman in the Philippines Mrs. Campbell Dauncey,1906

The Philippines Steven Rood,2019-09-10 Since the colonization of the Philippines by Spain in the sixteenth century, the island archipelago has been at the center of global trade flows. And from its status as the main base of Spain's Pacific galleon trade to its conquest centuries later by late-arriving imperial powers like the United States and Japan, it has been a focal point of economic and military rivalry too. Decolonized in 1946, this enormously diverse country is ruled today by a classic modern authoritarian, Rodrigo Duterte, and is embroiled in a series of as-of-yet minor disputes with the East Asia region's rising superpower, China. As it has globalized, its population has migrated across the world too, and Filipino now comprise the second-largest population of Asian-Americans in the United States. In *The Philippines: What Everyone Needs to Know®*, Steven Rood draws from more than 30 years of residence in and study of the Philippines in order to provide a concise overview of the nation. Arranged in a question-and-answer format, this guide shares concise, nuanced analysis and helps readers find exactly what they seek to learn about Filipino geography and geology, history, culture, economy, politics through the ages, and prospects for the future. This book is an ideal primer on an enormously diverse country that has been and will likely remain a key site in world affairs.

The Sulu Zone, 1768-1898 James Francis Warren,2007 First published in 1981, *The Sulu Zone* has become a classic in the field of Southeast Asian History. The book deals with a fascinating geographical, cultural and historical border zone centred on the Sulu and Celebes Seas between 1768 and 1898, and its complex interactions with China and the West. The author examines the social and cultural forces generated within the Sulu Sultanate by the China trade, namely the advent of organized, long distance maritime slave raiding and the assimilation of captives on a hitherto unprecedented scale into a traditional Malayo-Muslim social system. How entangled commodities, trajectories of tastes, and patterns of consumption and desire that span continents linked to slavery and slave raiding, the manipulation of diverse ethnic groups, the meaning and constitution of culture, and state formation? James Warren responds to this question by reconstructing the social, economic, and political relationships of diverse peoples in a multi-ethnic zone of which the Sulu Sultanate was the centre, and by problematizing important categories like piracy, slavery, culture, ethnicity, and the state. His work analyzes the dynamics of the last autonomous Malayo-Muslim maritime state over a long historical period and describes its stunning response to the world capitalist economy and the rapid forward movement of colonialism and modernity. It also shows how the changing world of global cultural flows and economic interactions caused by cross-cultural trade and European dominance affected men and women who were forest dwellers, highlanders, and slaves, people who worked in everyday jobs as fishers, raiders, divers or traders. Often neglected by historians, the response of these members of society are a crucial part of the history of Southeast Asia.--

Fast Food Globalization in the Provincial Philippines Ty Matejowsky, 2017-12-20 Few contemporary societies remain beyond the global reach of today's fast food industry. In both profound and subtle ways, this style of cuisine and the corporate brands that promote it have effectively transformed the appetites, health profiles, and consumer sensibilities of millions the world over. To better understand the variegated impact of McDonald's and other national and international quick-service eateries on local life within a non-western urban context, Ty Matejowsky offers readers a highly engaging and granular account detailing the rise and popularity of these American-style chains throughout the Philippines. In *Fast Food Globalization in the Provincial Philippines*, Matejowsky examines the rich, diverse, and decidedly syncretic food traditions of the Philippines, one of the few global markets where industry giant McDonald's lags behind in competition with an indigenous chain. Drawing on over twenty years of ethnographic fieldwork in two provincial Philippine cities—Dagupan City, Pangasinan and San Fernando City, La Union—Matejowsky has crafted one of the few anthropological accounts of fast food production and consumption within the socioeconomic milieu of a less-developed country. By turns critically engaged and highly reflexive, he examines many of the historical, political, economic, and sociocultural complexities that characterize the Philippines' now thriving fast food scene. Amid intersections of post-colonial resistance, retail indigenization, corporatized childhood experiences, and rising "globesity," Matejowsky considers the myriad ways this seemingly ubiquitous dining format is reimaged by industry players and everyday Filipinos to create something that is both intimately familiar and entirely new.

The Travels and Controversies of Friar Domingo Navarrete, 1616-1686 J.S. Cummins, 2017-05-15 Friar Domingo Navarrete, A Dominican missionary, travelled round the world and spent the best part of his life (1658-69) in China, where he became a determined opponent of the evangelical methods of the 'Jesuit mandarins'. This edition of his travels is based on all his writings, published and manuscript, but principally on the sixth book of his *Tratados historicos*, which gives a racy account of his travels and work in Mexico, the Philippines, Macao, China, India and Macassar, among other places. He had an observant eye, an open ear and an every-ready pen, together with a happy facility for meeting men of affairs and being at the heart of things. A doughty controversialist and a vivid writer, this enthusiastic sinophile has left a record which is not only full of human interest but throws fresh light upon the uneasy meeting of East and West in the 17th century. Much of the material is original and will be new to English readers. Dr Cummins's Introduction fills in the details of Navarrete's life, character and various writings. It also describes the missionary movement in China and gives the background to the notorious Chinese Rites controversy which markedly influenced the course of European thought. There is a full bibliography. The main pagination of this and the following volume (Second Series 119) is continuous. This is a new print-on-demand hardback edition of the volume first published in 1962.
