The Mansion Henry Van Dyke, 2022-11-22 This is a Christmas story. The mansion of the title is Weightman Mansion. It is not in the most fashionable area of town but it is evident that whoever owns it has money. It is a short story with a strong moral and uses the two main characters, Harold Weightman the son of Mr. Weightman, and the patriarch himself. They are used to point up the difference between what would now be called 'virtue signaling' and doing good with genuine and sincere intent.

Magnetic Mansion Forrest Haskell, 2011-08-29 This is the story of a majestic old mansion built high up in the Irish Hills of Southern Michigan. It was purchased from the state when the builder, who had lived there in seclusion for over sixty years died without a will. As soon as the new owners, Zack and Peggy Sue Heikel moved in, they experienced strange happenings that would eventually lead them to discover a huge old safe hidden in a room in the basement. In the safe were many weird and fascinating items, fifty-seven canvas bags containing thousands of greenbacks, old weapons, jewelry and a jar containing nine severed human fingers, three with strange rings still attached to the bony digits. The Heikel's would go on for nine years trying to find the meaning of these things found in the safe and when they do they have life changing events that send them fleeing for their very lives. This tale of terror is based on a TRUE story which in the end of the series results in an untimely death. Only the author knows which of the events are TRUE and which are not, but surprisingly, MOST ARE TRUE.

The Mansion William Faulkner, 2011-11-01 The Mansion completes Faulkner's great trilogy of the Snopes family in the mythical county of Yoknapatawpha, Mississippi, which also includes *The Hamlet* and *The Town*. Beginning with the murder of Jack Houston, and ending with the murder of Flem Snopes, it traces the downfall of this indomitable post-bellum family, who managed to seize control of the town of Jefferson within a generation.

The Mouse Mansion Karina Schaapman, 2014-11-13 Beatrix Potter meets *I Spy* in this detailed and charming storybook adventure. Best friends Julia and Sam are mice who live in the Mouse Mansion. When they're together they find all sorts of adventures—and all kinds of trouble! Come with them as they discover a secret hiding place, greet the ragman, and learn to make pancakes. There is a shop that sells everything and a box full of treasure. And—oh no!—there might even be a rat! The Mouse Mansion is always full of surprises. Author and artist Karina Schaapman spent years building and furnishing the Mouse Mansion in which this collection of stories takes place. The elaborate dollhouse is made of cardboard boxes and papier-mâché and contains more than one hundred rooms to explore.

The Seventh Mansion Maryse Meijer, 2020-09-08 From the author of *Heartbreaker* and *Rag* comes a powerful and propulsive debut novel that examines activism, love, and purpose. When fifteen-year-old Xie moves from California to a rural Southern town to live with his father he makes just two friends, Jo and Leni, both budding environmental and animal activists. One night, the three friends decide to free captive mink from a local farm. But when Xie is the only one caught his small world gets smaller: Kicked out of high school, he becomes increasingly connected with nature, spending his time in the birch woods behind his house, attending extremist activist meetings, and serving as a custodian for what others ignore, abuse, and discard. Exploring the woods alone one night, Xie discovers the relic of a Catholic saint—the martyred Pancratius—in a nearby church. Regal and dressed in ornate armor, the skeleton captivates him. After weeks of visits, Xie steals the skeleton, hides it in his attic bedroom, and develops a complex and passionate relationship with the bones and spirit of the saint, whom he calls P. As Xie's relationship deepens with P., so too does his relationship with the woods—private property that will soon be overrun with loggers. As Xie enacts a plan to save his beloved woods, he must also find a way to balance his conflicting—and increasingly extreme—ideals of purity, sacrifice, and responsibility in order to live in this world. Maryse Meijer's *The Seventh Mansion* is a deeply moving and profoundly original debut novel—both an urgent literary call to arms and an unforgettable coming-of-age story about finding love and selfhood in the face of mass extinction and environmental destruction.

Empty Mansions Bill Dedman, Paul Clark Newell, Jr., 2014-04-22 #1 NEW YORK TIMES BESTSELLER NAMED ONE OF THE BEST BOOKS OF THE YEAR BY Janet Maslin, The New York Times • St. Louis Post-Dispatch When Pulitzer Prize-winning journalist Bill Dedman noticed in 2009 a grand home for sale, unoccupied for nearly sixty years, he stumbled through a surprising portal into American history. *Empty Mansions* is a rich mystery of wealth and loss, connecting the Gilded Age opulence of the nineteenth century with a twenty-first-century battle over a \$300 million inheritance. At its heart is a reclusive heiress named Huguette Clark, a woman so secretive that, at the time of her death at age 104, no new photograph of her had been seen in decades. Though she owned palatial homes in California, New York, and Connecticut, why had she lived for twenty years in a simple hospital room, despite being in excellent health? Why were her valuables being sold off? Was she in control of her fortune, or controlled by those managing her money? Dedman has collaborated with Huguette Clark's cousin, Paul Clark Newell, Jr., one of the few relatives to have frequent conversations with her. Dedman and Newell tell a fairy tale in reverse: the bright, talented daughter, born into a family of extreme wealth and privilege, who secrets herself away from the outside world. Huguette was the daughter of self-made copper industrialist W. A. Clark, nearly as rich as Rockefeller in his day, a controversial senator, railroad builder, and founder of Las Vegas. She grew up in the largest house in New York City, a remarkable dwelling with 121 rooms for a family of four. She owned paintings by Degas and Renoir, a world-renowned Stradivarius violin, a vast collection of antique dolls. But wanting more than treasures, she devoted her wealth to buying gifts for friends and strangers alike, to quietly pursuing her own work as an artist, and to guarding the privacy she valued above all else. The Clark family story spans nearly all of American history in three generations, from a log cabin in Pennsylvania to mining camps in the Montana gold rush, from backdoor politics in Washington to a distress call from an elegant Fifth Avenue apartment. The same Huguette who was touched by the terror attacks of 9/11 held a ticket nine decades earlier for a first-class stateroom on the second voyage of the Titanic. *Empty Mansions* reveals a complex portrait of the mysterious Huguette and her intimate circle. We meet her extravagant father, her publicity-shy mother, her star-crossed sister, her French boyfriend, her nurse who received more than \$30 million in gifts, and the relatives fighting to inherit Huguette's copper fortune. Richly illustrated with more than seventy photographs, *Empty Mansions* is an enthralling story of an eccentric of the highest order, a last jewel of the Gilded Age who lived life on her own terms.

The Mansion Henry Van Dyke, 2007-03-01 In this rarely read fable, Van Dyke explores the meaning of charity and genuine goodness when it comes to leading a good religious life. John Weightman believed firmly in his proper accounting of life. But, on Christmas Eve, when his son rages against the wisdom of prospering at the cost of one's soul, John questions the laws that have guided him to money and influence. Van Dyke's exhortation against materialism rings as true now as it ever has, encouraging all readers to examine the meaning of their own lives. American author and clergyman HENRY VAN DYKE (1852-1933) was pastor of Brick Presbyterian Church in New York City from 1883 to 1899 and professor of English literature at Princeton University from 1899 to 1923. He wrote numerous books of poetry and devotion, including *Little Rivers* (1895), *The Other Wise Man* (1896), and *Fisherman's Luck* (1899).

Whenever Julia gets bored, she goes looking for Sam, and they have all sorts of adventures together. They discover a secret cubbyhouse, greet the ragman and learn to make pancakes. There is a shop that sells everything and a box full of treasure. And - OH NO! - there might even be a rat! The Mouse Mansion is always full of surprises. Won't you come inside and explore? Memories of the Mansion Sandra D. Deal, Jennifer W. Dickey, Catherine M. Lewis, 2015-10-01
Designed by Atlanta architect A. Thomas Bradbury and opened in 1968, the mansion has been home to eight first families and houses a distinguished collection of American art and antiques. Often called "the people's house," the mansion is always on display, always serving the public. *Memories of the Mansion* tells the story of the Georgia Governor's Mansion—what preceded it and how it came to be as well as the stories of the people who have lived and worked here since its opening in 1968. The authors worked closely with the former first families (Maddox, Carter, Busbee, Harris, Miller, Barnes, Perdue, and Deal) to capture behind-the-scenes anecdotes of what life was like in the state's most public house. This richly illustrated book not only documents this extraordinary place and the people who have lived and worked here, but it will also help ensure the preservation of this historic resource so that it may continue to serve the state and its people.

Morris-Jumel Mansion Carol S. Ward, 2015 *Morris-Jumel Mansion* is an engaging look at the history of Manhattan's oldest residence. Built by Roger Morris in 1765 as a summer estate, it has truly been a witness to history throughout the last 250 years. Located in the upper Manhattan neighborhood of Washington Heights, the mansion sits on a large hill, with sweeping views of both the East and Hudson Rivers. George Washington strategically located his headquarters here during the fall of 1776, but the Jumels, who made the house their home from 1810 to 1895, left the most indelible mark. In 1904, the residence became a museum, thanks to the Daughters of the American Revolution, who saved the house and allowed it to grow with the changing neighborhood. Today, this landmark is a symbol of both the long history of the city and the contemporary face of its now diverse neighborhood.

Ghost Mansion Drac Von Stoller, 2014-02-11 Deep in the country stood a beautiful mansion said to be the most haunted place you'd ever step foot in, but does this place exist or is it just a legend? Here is where the story begins. It all happened one stormy night on October 31, 1929. A man by the name of Jasper Davis and his wife Elizabeth were driving down country roads in search of their dream home when his wife said, Honey slow down, I see a for sale sign in the yard, let's get out and check it out. I feel that this could be what we've both been looking for. Her husband stopped the car, and they got out of the car and walked up to the front door to see if anyone was home. Mr. Davis knocked on the door, and a man dressed in black opened the door, and said in a low eerie voice, Won't you come in and see the mansion? The Davis's entered the mansion and the creaky door slowly closed behind them. The creepy man in black said, I think you both will like the rest of the mansion, follow me please. The Davis's were overtaken by the beautiful antiques that occupied each room. Mrs. Davis said to the man in black, These antiques must be very expensive. The man in black replied in an eerie voice, You are so right. Well what do you think? asked the man in black. The Davis's replied, We'll take it. The man in black pulled out what appeared to be the deed to the house, and little did the Davis know that whoever signed the papers would die.
