*Storm in the Mountains (Turning Creek 2)* Michelle Boule,2015-07-01 Marina Ocypete is a harpy, a Remnant of the Greek myth living in a small town in the Colorado Territory She would rather start a decent fight than sit around idle. The local sheriff offers her a job as a deputy which seems like a better choice than suffering from boredom, but Reed Brant has a way of getting under her skin. With the influx of Remnants in his town, Reed needs Marina's skills as a harpy to keep the peace. His head knows she is not the get married and settled down type he wants, but she might be just the thing his heart desires. When women start disappearing in Turning Creek, it will be up to Marina and Reed to find the cause behind the fear gripping their town. Marina will have to choose between a fate she never questioned and the man who makes her believe even a harpy can have a heart.

**Open Seas: Just Add Water** Erik Schubach,2017-08-27 There are many things that Marina, lieutenant in the US Coast Guard, doesn't know. Among them are exactly who, or what, she is. Her whole life she has hidden her abilities in water. Able to swim faster, dive deeper, and hold her breath for almost fifteen minutes at a time. The webbing on her hands and feet make her feel as if she was some sort of mermaid. She doesn't know how accurate that feeling is, until a mysterious and powerful woman comes calling, bringing the storm of the millennium to the Washington and Oregon coast. Marina is faced with a choice. Either join this woman she is convinced is evil, or let hundreds of thousands of people in the Pacific Northeast die.

She Got It Bad for a Chicago Hitta Marina J,2019-01-02 If men are the block but women are the lights that keep the streets on then that's the perfect way to describe Halo and Storm's relationship. Halo and Storm were all about their hustle. Halo hit the streets and Storm was on her entrepreneur grind. Both of them were successful in their own ways but while Storm mainly worked on selling her products from home, Halo sold products in the streets. This afforded them a very nice lifestyle. But as always, with money comes power, respect and jealousy.Halo was born and bred for this lifestyle. Daddy ain't raise no fools or no punks so when Halo is disrespected, that's it. They gotta go! But when someone in your own camp wants to see you perish, what do you do? How do you feel knowing that you may have to kill someone you've grown up with your whole life? Friendships, relationships in general do that, but this one here is the ultimate test.True's is Halo's right hand man. Where you find one, you find the other. While True is dealing with his own demons, he still finds time to handle his business. Love isn't something he's looking for but it might find him anyway.Bread and Butta are twin brothers with wives and families. Older than both Halo and True, they've seen enough of the game and are ready to step down. Before they get a chance to, they get hit hard. This one hits way to close to home for them to just leave it alone so they do what they do best; suit up and eliminate bloodlines.Deuce has always been part of what's called 'The Faction' since he was a young boy. Ran by his father, Halo's father and the twins' father, this was life to them. But ain't no one man above the team and Deuce feels Halo ain't cut to be the boss. Greed and jealousy is seeping through 'The Faction' and it comes in the form of Deuce.Find out what happens in this hood love story because everybody knows that a man's weakness is who he loves and that's who always gets hurt the most. Will Storm be ok? Will Halo concede to Deuce? Will Bread and Butta bow out? Will True sort his demons out? Will things ever be the same again?

*The Coming Storm* Regina M. Hansen,2022-06-07 Music, myth, and horror blend in this romantic, “eerie...atmospheric” (Publishers Weekly) fantasy debut about a teen girl who must fight a powerful evil that's invaded her Prince Edward Island home—perfect for fans of An Enchantment of Ravens. There's a certain wild magic in the salt air and the thrum of the sea. Beet MacNeill has known this all her life. It added spice to her childhood adventures with her older cousin, Gerry, the two of them thick as thieves as they explored their Prince Edward Island home. So when Gerry comes up the path one early spring morning, Beet thinks nothing of it at first. But he is soaking wet and silent, and he plays a haunting tune on his fiddle that chills Beet to the bone. Something is very, very wrong. Things only get worse when Marina Shaw saunters into town and takes an unsettling interest in Gerry's new baby. Local lore is filled with tales of a vicious shape-shifting sea creature and the cold, beautiful woman who controls him—a woman who bears a striking resemblance to Marina. Beet is determined to find out what happened to her beloved cousin, and to prevent the same fate from befalling the handsome new boy in town who is winning her heart, whether she wants him to or not. Yet the sea always exacts a price...

**Storm Lake** Art Cullen,2018-10-02 A reminder that even the smallest newspapers can hold the most powerful among us accountable.—The New York Times Book Review Watch the documentary Storm Lake on PBS. Iowa plays an outside role in national politics. Iowa introduced Barack Obama and voted bigly for Donald Trump. But is it a bellwether for America, a harbinger of its future? Art Cullen's answer is complicated and honest. In truth, Iowa is losing ground. The Trump trade wars are hammering farmers and manufacturers. Health insurance premiums and drug prices are soaring. That's what Iowans are dealing with, and the problems they face are the problems of the heartland. In this candid and timely book, Art Cullen—the Storm Lake Times newspaperman who won a Pulitzer Prize for taking on big corporate agri-industry and its poisoning of local rivers—describes how the heartland has changed dramatically over his career. In a story where politics, agriculture, the environment, and immigration all converge, Cullen offers an unsentimental ode to rural America and to the resilient people of a vibrant community of fifteen thousand in Northwest Iowa, as much survivors as their town.

Rising Storm Wayne Stinnett,2017-08-22 Miles from the laid-back lifestyle of No Name Key, and just shy of the raucous nightlife of Miami and South Beach, lies Coconut Grove, a tropical oasis with a distinct Bohemian flair. Lately, a seedy underside has emerged along the Grove's waterfront, preying on adventurous young women. Somewhere amid all the glitz and glamour, hides a thief who stole a fortune in Aztec emeralds. Or did he? Jesse McDermitt must first determine if the victim herself is a thief. The trail of clues leads him to evidence that the thief may be involved in a string of more heinous crimes. Jesse and Chyrel enlist the help of the recently

returned Charity, and the trio go “undercover” at a floating swinger’s party headed for the Bahamas, which may well be a front for torture and murder. When a sudden violent storm strikes Stiltsville, Jesse finds himself alone on the ocean, trying to recover the treasure and put a murderer behind bars—but first he must win the battle with Mother Nature.

**Marina del Rey** Marina del Rey Historical Society,2014-09-08 To increase trade to the Orient, commercial harbor development in the Ballona wetlands of western Los Angeles was attempted several times from 1880 to 1900, only to be destroyed by disastrous storm-fed floods. After the US Army Corps of Engineers installed revetments on Ballona Creek and moved tons of earth to raise the ground above sea level, Marina del Rey was federally authorized in 1954. Funded by federal, state, and Los Angeles County funds, the largest man-made marina in the nation was built to provide public recreational boating facilities and water access. Private financiers developed restaurants, hotels, premier yacht clubs, Fishermans Village, and a residential marina lifestyle on county-owned leaseholds. This world-class seaport will celebrate 50 years of dynamic growth on April 10, 2015.

Hurricane Katrina Richard Alan Drummond,2020-11-15 This book is a very personal account of my life during a two-week period in August of 2005. The timeframe begins one week prior to Hurricane Katrina, through one week after Hurricane Katrina battered the Northern Gulf of Mexico's entire coastline. The date was, August 29, 2005; the day that became my personal, Defining Moment of Reference. In this book, I will describe the heavy toll of the losses related to my personal relationships that existed at that time, the immeasurable gains of so many new relationships that were forged out of the unexpected human kindness, comfort and love that arose out of the wreckage, and everything that falls somewhere in between all of these things. I will explain how the decisions that I made during this time period, compounded and influenced by the arrival of Hurricane Katrina, affected my life, and the lives of so many people whose existence was intertwined with mine, including, before, during and after this horrific, natural and disastrous event. This is not a story about Hurricane Katrina, although the entire event is described in an incredibly descriptive way that will make you feel as though you are there, with us! I lay out some very personal and traumatic details within this book, but I also explain how many negative occurrences have positive counterparts that balance the scales of life, and I take care to tell about all of these things in very honest and explicit terms. I am sure that I will be judged harshly, by some, and praised by others, as a result of releasing such intimate details about who I am and what is important to me, in this book. But none of that matters to me because the story had to be told, and in this book the entire story is told!
