Read about the scandalous salacious details. These are real life, true blue stories of my life working in massage parlors as a masseuse for more than 30 years. You might be shocked, as well as laugh out loud to learn the secrets of the massage parlor crowd. The names have been changed to protect the guilty! You will read about the clients as well as the ladies who gave the men their rub down, listened to their tales, and pampered the hell out of them. Let's be honest, writing about perfect gentlemen would become a bit boring real quick. Writing about the good, the bad, and the ugly would be so much more intriguing! You, the audience seem to be fascinated with the secrets of massage parlors, unknown allures I guess. So here you have it! A little about me, a lot about my journey through a variety of massage parlors, people I've worked for, ladies I've worked with, and of course, lot's of answered questions about the clients and the secrets behind the massage parlor door.You will hear of hairy butts, skinny butts, and some very nasty butts! Let us dippy doodle down a naughty brick road. Memories of a retired masseuse, almost 40 years of weenies and balls in my face is quite enough! This is for an audience of men and women. My stories will make you laugh, maybe even cry, make you grimace, make you gasp out loud! Sometimes, you might recognize your very own grandpa.Have fun and enjoy!

Hard? Sandra Boito,2009-05 Divorced mother of two children finds herself without a job or home and without any education after high school. She wonders how she will take care of herself and her two children. She enrolls into a massage therapy school unaware of the dangers and rewards that are ahead for her in the world of massage therapy. The scent of lavender candles fills the air as the massage therapist prepares herself for the next client. Never turn your back to a client while they are on the table or you could be in for a rude awakening. Keep your eyes wide open and enjoy the story of massage with experiences like no other and potential dangers while you feel like you are there in the room. Sit back and feel the intense moments. Welcome to the real world of massage therapy.

Touchy Subjects Steve Capellini,2012-12-06 Full of quirky characters that populate a profession most of us know little about, Touchy Subjects is a behind-the-scenes look at the lives of those who make their living touching others. In this tell-all memoir, Steve Capellini, author of Massage for Dummies and other mainstream massage titles, yanks the draping sheet aside and comes clean about the temptations and transgressions that have marked his own career. Then he embarks upon a far-flung adventure seeking the true meaning of human touch.From a Madison Avenue boardroom to a gross anatomy lab; from the deck of a private yacht to a seedy Asian massage parlor, the author uncovers stories that others haven't told: sex stories, prostitution stories, adultery stories and stories about a modern massage slave trade that ensnares hundreds of thousands of young women, many of them in the U.S., some of them working right in your home town.The author tangles with a Trinidadian rapist, a nymphomaniac ex-Playboy bunny, an impotent sea captain and an overweight multimillionaire ukulele player. Through each of these stories, he gradually guides the reader toward the underlying Truth of massage, debunking myths along the way and getting to the heart of what it's all about-touching people. The stories are interspersed with cutting-edge research on the science of touch, evolutionary biology and the grooming habits of some of our closet primate relatives, the bonobos.The author's quest to get to the bottom of touch takes him to a clothing optional hot springs resort in Northern California, a meditation retreat in the Virgin Islands, an ashram in the Berkshire mountains, behind the wheel of a Maserati on the back roads of Arizona and finally to Kathmandu Nepal where he meets a man who has risked everything-his health, his money and years of his life-on a quixotic mission to train untouchables to become massage therapists. It is there, among some of the world's most impoverished and oppressed people, that the true meaning of massage is revealed.Doing massage is a profession unlike any other, filled with flamboyant practitioners of all stripes. Touchy Subjects features them all, in a circus side show of chapters such as Nudity, Impotence, Adultery, Homosexuality, Cellulite and Disney World. Throughout each passage, Capellini seeks to answer important questions: Is it possible to touch dead people? What's it like to massage a horny guru? And what percentage of women have seduced their masseurs? Hint: it's high. This is a raucous, irreverent, insightful and, in the end, touching story about what it means to touch people, from someone who has, quite literally, touched thousands.

Massage No Boom Boom Anand Prabhu,2012-12-07 Is massage an expression of man's hunger for the human touch? Can sex be a natural culmination to a pleasurable massage? Is a good masseuse likely to be a passionate lover? How does the massage experience vary from the West to the East? What are the different services that are on offer for the uninitiated? Massage No Boom Boom answers all these questions, and more. It is a boisterously funny, no-holds-barred undercover investigation into the complex and explosive world of massage, by someone who has received more than 3,500 massages from more than a thousand women across twenty countries all over the world. A travelogue that begins in uptight America and then moves to hedonistic East Asia, and finally to puritanical India, Massage No Boom Boom is a veritable catalogue of the varieties of massages that one can experience, from the Tantric Massage to the Sandwich Massage and the Lingam and Yoni Massage. Parallel runs the story of the author's own transformation, from being a klutz in the States to gradually becoming a frequent diner at many an Asian woman's breast. Pausing occasionally for philosophical explorations of freedom, identity and desire, this is at once a cross-cultural critique, a humanist sociological text and a laugh-along guide that will amuse, inform, provoke, and above all, delight all true lovers of liberty and unbuttoned, uncensored language.
