Halo: Silent Storm Troy Denning,2018-09-04 A Master Chief story and original full-length novel set in the Halo universe—based on the New York Times bestselling video game series! 2526. It has been a year since humanity engaged in its destructive first contact with a theocratic military alliance of alien races known as the Covenant. Now the hostilities have led to open war, and the United Nations Space Command understands virtually nothing about its new enemy. There are only two certainties—the Covenant is determined to eradicate humanity, and they have the superior technology to do just that. The UNSC's only hope lies with the Spartans: enhanced supersoldiers raised and trained from childhood via a clandestine black ops project to be living weapons. Their designated commander, Petty Officer John-117, has been assigned to lead the Spartans on a desperate counterattack designed to rock the Covenant back on its heels, and to buy humanity the time it needs to gather intelligence and

prepare its defenses. But not everyone wants the Spartans to succeed. A coalition of human insurrectionist leaders believes an alliance with the Covenant to be its best hope of finally winning independence from the Unified Earth Government. To further their plans, the insurrectionists have dispatched a sleeper agent to sabotage the UNSC counterattack—and ensure that John-117 and the Spartans never return from battle....

Marduk will beg for her forgiveness. Or he will die. A political alliance that ended in ruins.... Marduk's evil mother bound him to mate with one of the daughters of King Harald, but when Marduk chooses the fierce-tongued Solveig, even he is surprised. The princess

is known for her ruthlessness—the son her father never had—and when he promises to be a mate in name only and leaves her alone and wanting in the mating bed, she swears revenge. But there is something about Solveig’s wild nature that stirs the heart of his dreki. And with his court and family at the mercy of a powerful curse, he needs all the allies he can get. BESTSELLER • The heroes of the High Republic era return to face a shattered peace and a fearsome foe, following the dramatic events of *Light of the Jedi*. In the wake of the hyperspace disaster and the heroism of the Jedi, the Republic continues to grow, bringing more worlds together under a single unified banner. Under the leadership of Chancellor Lina Soh, the spirit of unity extends throughout the galaxy, with the Jedi and the newly established Starlight Beacon station at the vanguard. In celebration, the chancellor plans the Republic Fair, a showcase of the possibilities and the peace of the expanding Republic—a peace the Jedi hope to foster. Stellan Gios, Bell Zettifar, Elzar Mann, and others join the event as ambassadors of harmony. But as the eyes of the galaxy turn toward the fair, so too does the fury of the Nihil. Their leader, Marchion Ro, is intent on destroying this unity. His storm descends on the pageantry and celebration, sowing chaos and exacting revenge. As the Jedi struggle to curb the carnage of the rampaging Nihil, they come face-to-face with the true fear their enemy plans

to unleash across the galaxy—the kind of fear from which even the Force cannot shield them.

Storm Wars! Jon DeCles, 2009-04-14 Riding the Eye of the Hurricane, Piswyck, Lifesaver, and Miranda return to Carsonne, only to find the country torn by civil war. The roads across the mountains remain closed, food is growing short, and the Countess has put an exorbitant price on Piswycks head. Can the young Marquis unify his people, fight his way past abberant mythozooic monstrosities, and win against the dual armies of the corrupt tax collector Lomfroth and Kracmalnic the Mad? Read on, in this highly-humorous, action-packed and long-awaited sequel to *The Particolored Unicorn*. ***** *Storm Wars* thunders along in grand, exotic, picaresque style. The reader is swept up in the wake of the ludicrously entertaining adventures of the sexy young Marquis Piswick and his sardonic particolored unicorn, Lifesaver. Like most classical heroes Piswick has great flair, ingenuity and level-headedness, all of which he needs in a chaotic world fraught with deadly whimsicality. Its all about fighting, morality, mad invention, satire, blue wine and silliness. And monsters of course human and otherwise. Ive waited years for this book to come out. With a lot of modern fantasy being so drably serious, its bliss to have a cocktail like this: piquant with magic, frothing with romance, spiked with a salty wit. Paul
