Johnathan Stanley Wright

Mecha Rogue Brett Patton, 2012-12-04 When you don't know which side to trust, go rogue. Matt Lowell is the hottest new recruit in the Universal Union's select group of pilots. Their job—control the supremely powerful biochemical robotic avatars known as Mecha. Now, the Prime of Universal Union herself has offered him an unprecedented opportunity: return to Earth to train a new elite force for a covert mission that's imperative to the future of the Union. When he and his team embark on their mission—on a border world that may be a target for the anarchical Corsairs—Matt finds that everything is not as it seems. Mecha Samurai Empire Peter Tieryas, 2018-09-18 The Man in the High Castle meets Pacific Rim in this action-packed alternate history novel from the award-winning author of United States of Japan. Germany and Japan won WWII and control the U.S., and a young man has one dream: to become a mecha pilot. Makoto Fujimoto grew up in California, but with a difference—his California is part of the United States of Japan. After Germany and Japan won WWII, the United States fell under their control. Growing up in this world, Mac plays portical games, haphazardly studies for the Imperial Exam, and dreams of becoming a mecha pilot. Only problem: Mac's grades are terrible. His only hope is to pass the military exam and get into the prestigious mecha pilot training program at Berkeley Military Academy. When his friend Hideki's plan to game the test goes horribly wrong, Mac washes out of the military exam too. Perhaps he can achieve his dream by becoming a civilian pilot. But with tensions rising between the United States of Japan and Nazi Germany and

rumors of collaborators and traitors abounding, Mac will have to stay alive long enough first...

Mecha Corps Brett Patton, 2011-12-06 Matt Lowell is in hell-and there's no place he'd rather be. Their ultimate aim is to combat the pirates of the Corsair Confederacy, but before they survive a battle, they have to survive their training. Because every time Lowell and his comrades plug in to their Mechas, their minds are slowly being twisted and broken by an unseen power that is neither man...nor machine.

United States of Japan Peter Tieryas, 2016-03-01 This "interesting and excited to read" spiritual sequel to *The Man in The High Castle* focuses on the New Japanese Empire—from an acclaimed author and essayist (io9) Decades ago, Japan won the Second World War. Americans worship their

infallible Emperor, and nobody believes that Japan's conduct in the war was anything but exemplary. Nobody, that is, except the George Washingtons—a shadowy group of rebels fighting for freedom. Their latest subversive tactic is to distribute an illegal video game that asks players to imagine what the world might be like if the United States had won the war instead. Captain Beniko Ishimura's job is to censor video games, and he's tasked with getting to the bottom of this disturbing new development. But Ishimura's hiding something . . . He's slowly been discovering that the case of the George Washingtons is more complicated than it seems, and the subversive videogame's origins are even more controversial and dangerous than the censors originally suspected. Part detective story, part brutal alternate history, United States of Japan is a stunning successor to Philip K Dick's *The Man in the High Castle*. File under: Science Fiction [Gamechanger | Area #11 | Robot Wars | Strike Back the Empire]

Can this cyborg relinquish a priceless treasure for love? Genre: cyborg romance, steampunk romance, science fiction romance, abduction romance, alien contact, space opera

As the Cog Turns Eve Langlais, 2019-09-04 Wulff's cogs are in a jam because of Ursy, his best friend's little sister. Only she's not so young and bratty anymore. And she's got a nice set of

gears. However, Wulff has no intentions of stealing her upgrades. Nor is he interested in bedding her, even if she makes his parts steam. He really should stay away, and yet he enlists her aid in tracking down a treasure. A mission that's going fine until the kiss. Now, he can't help seeing her in a new light, but Ursy isn't interested in a relationship, even as she invites him to her bed. Problem is he wants more than just a temporary meshing of their parts. He won't settle for anything less than her heart. Genre: cyborg romance, steampunk romance, science fiction romance, abduction romance, alien contact, space opera
