Second Take Roger Russell,2014-04-21 An exciting next installment from Roger Russell's Double Take series. When exiled into a hostile and toxic part of space the seven close friends must learn about survival, and remember not to forget the human spirit that brings us all together. From the beginning as they plan their relocation to the final moments when opposing camps learn to come together again this story goes from one challenging situation after another. In any setting human nature remains the same and they meet difficult moments as any of us might if we were in their place. New planets, new technologies, and old grudges can be a lethal mix. Can these brave souls survive and learn to be better people for it? And will their enemies allow them the chance as they work towards those goals? This is a story about betrayals, triumphs, taking chances against steep odds. Loyalties both good and bad. Once you start, you won't want to miss a moment!
