Angela Merkel Matthew Qvortrup,2017-08-22 “Drawing from rich behind-the-scenes knowledge,” a biography of the woman who led Germany for sixteen years (Kirkus Reviews, starred review). Angela Merkel, who has held control of the European Union and successfully negotiated with Vladimir Putin, has been one of the most crucial and formidable fixtures in contemporary politics. This book weaves the personal story of the former German chancellor with the vivid history of post-World War II and post-Cold War Europe in a riveting account of the political titan’s ascent from obscurity to become one of the most influential leaders in the world, responsible for making Germany freer and more prosperous than it has ever been. This updated edition of the definitive biography follows Angela Merkel from her bleak childhood in East Germany through her meteoric rise to power, and includes up-to-date information on recent pressing concerns such as the refugee crisis. Offering an unprecedented look at how Merkel’s inimitable personality and perspective allowed her and her staff of mostly female advisors to repeatedly outmaneuver a network of conservative male politicians, Angela Merkel is essential reading for anyone interested in politics and current affairs, or simply in the story of a truly remarkable woman. “Well-written and informative.” —Booklist

The Chancellor Kati Marton,2022-10-11 The “captivating” (The New York Times), definitive biography of German Chancellor Angela Merkel, detailing the extraordinary rise and political brilliance of the most powerful—and elusive—woman in the world. Angela Merkel has always been an outsider. A pastor’s daughter raised in Soviet-controlled East Germany, she spent her twenties working as a research chemist, entering politics only after the fall of the Berlin Wall. And yet within fifteen years, she had become chancellor of Germany and, before long, the unofficial leader of the West. In this “masterpiece of discernment and insight” (The New York Times Book Review), acclaimed biographer Kati Marton sets out to pierce the mystery of Merkel’s unlikely ascent. With unparalleled access to the chancellor’s inner circle and a trove of records only recently come to light, she teases out the unique political genius that had been the secret to Merkel’s success. No modern leader so ably confronted Russian aggression, enacted daring social policies, and calmly unified an entire continent in an era when countries are becoming more divided. Again and again, she cleverly outmaneuvered strongmen like Putin and Trump, and weathered surprisingly complicated relationships with allies like Obama and Macron. Famously private, the woman who emerges from this “impressively researched” (The Wall Street Journal) account is a role model for anyone interested in gaining and keeping power while staying true to one’s moral convictions. At once a “riveting” (Los Angeles Review of Books) political biography, an intimate human portrait, and a revelatory look at successful leadership in action, *The Chancellor* brings forth one of the most extraordinary women of our time.

Angela Merkel Edward Willett,2018-01-01 Introduces readers to the political career of German Chancellor Angela Merkel. Engaging infographics, thought-provoking discussion questions, and eye-catching photos give the reader an invaluable look into Germany and the office of its current leader.

Angela Merkel, Third Edition Clifford Mills,2020-06-01 Born in West Germany but raised in East Germany, Angela Merkel has known both repression and freedom. With the fall of the Berlin Wall in 1989, Merkel started her meteoric rise to become Germany's first female chancellor and one of the world’s most powerful women. A scientist by training, Merkel possesses analytical skills seldom seen in a world leader, and she confronts not only German problems but European and world issues with diplomacy and tact. Enhanced by a chronology, bibliography, and suggestions for further reading, this full-color biography is the inspiring account of an intriguing leader who's a tireless force for progress.

Angela Merkel Alan Crawford,Tony Czuczka,2013-06-12 Shortlisted for International Affairs Book of the Year in the Paddy Power Political Book Awards 2014 Angela Merkel was already unique when she became German chancellor: the first female leader of Europe’s biggest economy, the first from former communist East Germany and the first born after World War II. Since 2010, the debt crisis that spread from Greece to the euro region and the world economy has propelled her to center-stage, making Merkel the dominant politician in the struggle to preserve Europe’s economic model and its single currency. Yet the Protestant pastor’s daughter is often viewed as enigmatic and hard-to-predict, a misreading that took hold as she resisted global pressure for grand gestures to counter the crisis. Having turned the fall of the Berlin Wall to her advantage, Merkel is trying to get history on her side again after reaching the fundamental decision to save the euro, the crowning achievement of post-war European unity. Merkel has brought Europe to a crossroads. Germany’s economic might gives her unprecedented power to set the direction for the European Union’s 500 million people. What’s at stake is whether she will persuade them to follow the German lead. *Angela Merkel: A Chancellorship Forged in Crisis* is the definitive new biography of the world’s most powerful woman. Delving into Merkel’s past, the authors explain the motives behind her drive to remake Europe for the age of globalization, her economic role models and the experiences under communism that color her decisions. For the first time in English, Merkel is fully placed in her European context. Through exclusive interviews with leading policy makers and Merkel confidants, the book reveals the behind-the-scenes drama of the crisis that came to dominate her chancellorship, her prickly relationship with the U.S. and admiration for Eastern Europe. Written by two long-standing Merkel watchers, the book documents how her decisions and vision – both works in progress – are shaping a pivotal moment in European history.

The Merkel Republic Eric Langenbacher,2015-09-01 Chancellor Angela Merkel has dominated German and European politics for almost a decade. Her stellar reputation, sound political and economic management, and popularity inside of Germany resulted in one of the most decisive electoral victories for her conservative parties in postwar Germany—the country can rightfully be deemed the Merkel Republic. Bringing together German politics experts from both sides of the Atlantic, this volume addresses the campaign, results, and consequences of the 2013 Bundestag election. Chapters delve into a diverse array of themes, including immigrant-origin and women candidates, the fate of the small parties, and the prospects for the SPD, the new coalition partner, as well as more general structural trends like the Europeanization and cosmopolitanization of German politics.

Becoming Madam Chancellor Joyce Marie Mushaben,2017-08-07 Since 2005, Angela Merkel has transformed not only the way Germans see themselves but also the way that politicians worldwide, male and female, perceive women in power. The East German daughter of a Protestant pastor, this physicist-turned-politician has deployed her life experiences to cultivate a unique set of leadership skills. Her pragmatic, data-driven, and future-oriented approach to politics - grounded in a commitment to democratic pluralism, human rights, and personal responsibility - has produced extraordinary paradigm shifts in many national policies in the wake of major crises. As the first English-language scholarly book to provide an in-depth account of her career and influence, *Becoming Madam Chancellor* examines Merkel's achievements across six key policy domains, contextualizes these within broader German history before and after reunification, and uncovers the personal and political factors that have contributed to Chancellor Merkel's hard-earned status as the world's most powerful woman.

Angela Merkel Tonya Cupp,2014-08-01 Angela Merkel is Germany’s first woman chancellor. Find out about her life before and after her entry into politics, from her childhood in communist East Germany all the way through her efforts to reverse the Eurozone Crisis.

Angela Merkel Stefan Kornelius,2014-09-01 With the Eurozone engulfed in an unprecedented crisis, one political figure looms largest of all, Angela Merkel, the leader of its most powerful economy. While foreign affairs have become the central issues of her chancellorship in this crucial election year, the entire world is anxiously looking to Germany to play its part in Europe’s rescue. This authorized biography sheds light on the person behind the politician – from her youthful days of hitchhiking in Tbilisi to being the guest of honour at a White House state dinner – and examines how a girl from East Germany rose to the highest echelons of European power. As well as explaining how Angela Merkel’s world view was shaped and influenced by her background and ideology, Stefan Kornelius’s lively account discusses her personal relations with international counterparts such as David Cameron, Barack Obama or Vladimir Putin, as well as her attitude towards the countries and cultures over which they rule.

Germany and the European Union Gisela Müller-Brandeck-Bocquet,2022-10-26 This book aims to present a coherent picture of Germany's European policy during Merkel's chancellorship. At the same time, it traces the development of the EU in the period 2005–2021. Accordingly, the European crises and the internal and external threats to the integration community are addressed, as well as the jointly developed solutions. Thus, on the one hand, the book shows what Germany was willing to do for Europe; on the other, it reveals how the EU was able to develop further as the most important point of reference for German politics and power.

Angela Merkel Claire Throp,2014 What makes Angela Merkel extraordinary? Read this book to find out. We explore her early life and education in post-war Germany. We then follow her road to professional and political accomplishments before and after the fall of the Berlin Wall, ending in her role as the first female Chancellor of Germany. Read about others' perspectives on her life, how her opportunities have been different to women in the past, and how she has broken boundaries.

The Great Age of Angela Merkel Egon Harings,2017-07-05 Germany in the years 2008 to 2016. It's the era of Angela Merkel. But it is also the time of crises; there are the economic crisis, the Greek crisis, the refugee crisis and the New Year's Eve in Cologne with sexual harassment of women by male refugees. And not to forget the British Referendum on Brexit.

Angela Merkel Dirk Müller,2015-03-07 Anyone wishing to find information about Angela Merkel can do so through current daily sources, on the Internet or read the big biographies by Langguth and others. This book aims to close the gap between those bite-sized sources of information and the long biographies. The first are short and disjointed. The latter are time-consuming and, as well, partly written from a one-sided (positive or negative) perspective. As the sub-title suggests, this short biography concentrates on the early period, partly shrouded in mystery, up to arrival in Germany's chancellery.

German Chancellor Angela Merkel Alan Simon,2016-09-17 A Specter Is Haunting Europe - the Specter of Communism, which promoted the socialist German authors Karl Marx and Friedrich Engels with unprecedented urgency in their 1848 Communist Manifesto. We Can Do It, these words in 2015 by - exactly 167 years later - German Chancellor Angela Merkel, as their exemplary German ideological successor of the ancient socialist struggle against old and proved rules, similarly intensively promotes her equally devastating Euro-American Multiculturalism and the despotic New World Order (NWO). Nowadays, this clear exponent-woman of the totalitarian NWO need not to hide in opposition or illegality, not even to spit fire and brimstone on the ruling class enemies, but on the contrary, she herself firmly stays at the head of the united European Empire as a sovereign ruler came up from democratic elections originally. And from the position uncrowned self-styled European Empress, she can organize completely without any resistance lives of all 700 million Europeans from the Atlantic Ocean to the Black Sea and from the Arctic Circle to the Mediterranean Sea. Whether they like it or not, whether they are afraid or not, without being given her any mandate to it in any election. And not without obstacles, but even she has a still support of her transoceanic protector and her ideological boss in the White House in Washington so that she can undisturbed organize a modern migration of nations, and namely, without any limited liability. Literally, in this time, we are the direct participants of massive immigration waves from Africa and the Middle East to Europe in live broadcast, which is clearly organized and financed by foreign powers. European citizens are dismayed and frustrated that the German Federal Government neither the national governments of the EU nor the European Union authorities do not intervene against this mortal danger, but on the contrary, they quite irrationally are challenging citizens and the Member States of the EU to the absurd receiving more illegal immigrants. How is in general possible anything so crazy, fascist and totalitarian in a supposedly democratic and legal environment of the European Union of nation states in the modern history? Can Europeans manage such an unprecedented modern migration to Europe to be able to argue that it will benefit Europeans, Germans, Austrians and Swiss? Have they to be grateful for so-called workforces of the future or in opposite, to expel the long-term statistically inflexible, incapable of integration and lifetime recipients of social benefits? Will Angela Merkel be soon becoming a blessing of Germany and Europe, or once, a malediction as her old predecessor in the chancellor office Adolf Hitler? What's a Chancellor's binding act of May 1949? Who are American Thomas P. M. Barnett and his German teacher Richard N. Coudenhove-Kalergi? What is meant by the Islam, Muslim, Allah, Koran, Sunna, Sharia and Jihad? What is the American Houston Project? Should Europeans be afraid of an American fascism and what goals are followed by an American's breakup of Europe? Why did the Libyan leader Muammar el Gaddafi have to die? What happened on February 8th, 2015 at the White House in Washington? What are hopes of rescuing Europe and Europeans? There is discussed about all in this book, which brings a lot of very valuable informations, whereby some of which are world's original. Therefore, this book should be become an integral part of your home library.

Twilight of the Merkel Era Eric Langenbacher,2019-07-17 Elections always have consequences, but the 2017 Bundestag election in Germany proved particularly consequential. With political upheaval across the globe—notably in Britain and the USA—it was vital to European and global order that Germany remain stable. And it did through the re-election of Angela Merkel as chancellor, now in her fourth term. Just under the surface, however, instability is mounting—exemplified by the entry of the right-wing Alternative for Germany (AfD) as the largest opposition party, the decline of the Social Democrats, the ever-restive Bavarians, and the growing factionalism within the Christian Democratic Union as the Merkel era comes to an end. Paying special attention to the rise of the AfD, this volume delves into the campaign, leading political figures, the structure of the electorate, the state of the parties, the media environment, coalition negotiations, and policy impacts.

Germany and the Middle East Rolf Steininger,2018-12-17 For over a century, the Middle East has weathered seemingly endless conflicts, ensnaring political players from around the world. And perhaps no nation has displayed a greater range of policies toward, and experiences in, the region than Germany, as this short and accessible volume demonstrates. Beginning with Kaiser Wilhelm's intermittent support for Zionism, it follows the course of German-Mideast relations through two world wars and the rise of Adolf Hitler. As Steininger shows, the crimes of the Third Reich have inevitably shaped postwar German Mideast policy, with Germany emerging as one of Israel's staunchest supporters while continuing to navigate the region's complex international, religious, and energy politics.

Leading from Behind Petra Ahrens,Phillip M. Ayoub,Sabine Lang,2022-12-26 This book takes stock of German gender equality in several policy fields after 16 years of governments led by Angela Merkel and her conservative Christian Democratic Party (CDU). While maintaining its status as an economic engine in Europe, Germany has historically been a laggard in adopting gender equality measures. The European Gender Equality Index, however, now ranks Germany relatively high and shows substantial progress since 2005. While this has gone mostly unnoticed, Germany has passed far-reaching legislation in major policy fields relevant for gender equality. Investigating the effects of Merkel's tenure on gender equality, the chapters in this volume assess policy output and outcomes with a focus on internal power dynamics in Germany, as well as international and European Union (EU)-level pressures in the policy domains of political representation, LGBTI rights, migration, the labor market, and care. It examines how policy measures introduced by conservative governments affect gender norms and gender culture, and if they ultimately lead to effective implementation and greater equality. The book argues that Merkel often led “from behind,” indirectly facilitating claims-making instead of proactively pushing them. This nonetheless contributed to transformative change in Germany, by Merkel not blocking policy proposals and allowing civil society groups and rival parties to push many progressive gender policies. Leading from Behind: Gender Equality in Germany During the Merkel Era is a fascinating read for students, researchers, and academics interested in European politics, political leadership, gender equality and LGBTI politics. This book was originally published as a special issue of German Politics.
