Living Metal Bryan Bardine,Jerome Stueart,2023-06-23 An international study of metal music communities and subcultures. This edited volume expands the research in the field of metal studies by examining metal music communities around the world, from Dayton, Ohio, to Estonia to post-apartheid South Africa and beyond. The chapters are detailed, richly embedded in local histories and contexts, and provide important analyses of their respective scenes. The diversity of the chapters connects metal to other disciplines in the music field and a foreword by Henkka Seppälä, former bassist of the Finnish extreme metal band Children of Bodom, accompanies the essays. Living Metal is a groundbreaking contribution to the field, with much appeal for fans and scholars of metal music as well as those in the fields of anthropology, musicology, and history.

Metal Corrugation Patricia A. McAleer,2002 This book focuses on micro-corrugation on metal, mostly thin sheets. While tools have been developed just for this purpose, more common tools are crimpers used to extract the last squeeze from a tube or a category of tools used in paper craft. When applied to sheet metal the result is a wavy panel with parallel crests and troughs. This makes an appealing pattern and can be used as is.--Publisher.

Red Metal Mark Greaney,LtCol H. Ripley Rawlings IV, USMC,2019-07-16 A Russian military strike against Europe could change the balance of power in the West. A stunningly realistic view of modern warfare from a battlefield commander and the New York Times bestselling author of The Gray Man. The Russian bear has awakened. Their tanks race across Poland crushing all opposition on a headlong dash for the heart of Germany. Satellite killing missiles blind American forces while Spetznatz teams destroy Allied communications relays. It's all part of a master plan to confuse and defeat America and her allies. Ranged against the Russian attack are a Marine lieutenant colonel pulled out of a cushy job at the Pentagon and thrown into the fray, a French Special Forces captain and his intelligence operative father, a young Polish female partisan fighter, an A-10 Warthog pilot, and the captain of an American tank platoon who, along with a German sergeant, struggle to keep a small group of American and German tanks in the fight. Operation Red Metal is a nightmare scenario made real but could it just be the first move on the Russian chessboard?

Neelameggham,Alafara Abdullahi Baba,Hong Peng,2022-02-02 This collection presents papers from a symposium on extraction of rare metals from primary and secondary materials and residues as well as rare extraction processing techniques used in metal production. Authors cover the extraction of less common or minor metals including elements such as antimony, bismuth, barium, beryllium, boron, calcium, chromium, gallium, germanium, hafnium, indium, manganese, molybdenum, platinum group metals, rare earth metals, rhenium, scandium, selenium, sodium, strontium, tantalum, tellurium, and tungsten. Contributions also discuss rare metals of low-tonnage sales compared to high-tonnage metals (iron, copper, nickel, lead, tin, zinc, or light metals such as aluminum, magnesium, or titanium and electronic metalloid silicon). Authors also cover biometallurgy, hydrometallurgy, and electrometallurgy while novel high-temperature processes such as microwave heating, solar-thermal reaction synthesis, and cold crucible synthesis of rare metals are addressed. Metal Cats Alexandra Crockett,2014-05-13 Skulls and Siamese. Corpse paint and Persians. Baphomet, pentagrams, blood, and tabbies! Metal Cats combines two amazing subjects: the extreme personalities of the hardcore metal music scene and their adorable kitties. These incredibly cute and fluffy felines have been photographed with their loving owners in and around the dark abodes of musicians, fans, and promoters of metal including members of the bands Black Goat, Thrones, Isis, Lightning Swords of Death, Book of Black Earth, Skarp, Harassor, Akimbo, Aldebaran, Atriarch, Oak, Ghoul, Ludicra, Holy Grail, Xasthur, Cattle Decapitation, Murder Construct, Exhumed, Morbid Angel, Municipal Waste, Skeletonwitch, Gypsyhawk, Nausea, Phobia, and Napalm Death. Metal isn't all dark and disturbing, violent and misanthropic. Metal Cats is proof that while the music may be brutal, the people in the scene are softies for their pets just like you and me... A portion of the proceeds from this book and a series of benefit shows held along the West Coast will go towards one no-kill shelter in each of the four main cities visited.

Rez Metal Ashkan Soltani Stone,Natale A. Zappia,2020-10 Rez Metal captures the creative energy of Indigenous youth culture in the twenty-first century. Bridging communities from disparate corners of Indian Country and across generations, heavy metal has touched a collective nerve on the Navajo Reservation in Arizona in particular. Many cultural leaders—including former Navajo president Russell Begaye—have begun to recognize heavy metal’s ability to inspire Navajo communities facing chronic challenges such as poverty, depression, and addiction. Heavy metal music speaks to the frustrations, fears, trials, and hopes of living in Indian Country. Rez Metal highlights a seminal moment in Indigenous heavy metal: when Kyle Felter, lead singer of the Navajo heavy metal band I Dont Konform, sent a demo tape to Flemming Rasmussen, the Grammy Award–winning producer of several Metallica albums, including Master of Puppets. A few months later, Rasmussen, captivated by the music, flew from Denmark to Window Rock, Arizona, to meet the band. Through a series of vivid images and interviews focused on the venues, bands, and fans of the Navajo Nation metal scene, Rez Metal provides a window into this fascinating world.

The Merciless Book of Metal Lists Howie Abrams,Sacha Jenkins,2013-05-13 The Merciless Book of Metal Lists is an irreverent and illustrated compendium of the most random, funny, and challenging information about Heavy Metal from the last 40 years. You want to know which Metal albums “jumped the shark”? Curious to know what non-Metal bands Metalheads love, which album covers feature goats, embarrassing Metal fashion faux pas, and the unfortunate original names Metal bands started with? This is the book. In addition to some highly opinionated lists, this energetically designed volume features quotes, short essays, iconic four-color photography, and contributions from notable metal personalities, including Eddie Trunk, Gary Holt (Exodus), and Scott Ian (Anthrax, S.O.D.), among others. Praise for The Merciless Book of Metal Lists: “Authors Howie Abrams and Sacha Jenkins have a fun time in this ‘most opinionated compendium ever written concerning heavy metal.’ The writers are die-hard fans and knowledgeable beyond reproach...the trivia and factoids here will help you hold your own at the next Dokken after-party.” —Newsday.com

Heavy Dan Franklin,2020-03-19 'A weighty discussion of metal, for both passionate fans and neophytes' Guardian 'Heavy opens an ornate portal into a murky subculture, illuminating the marginalia as well as the big beasts' Sunday Times What exactly is heavy metal music? How deep do its roots go? Long established as an undeniable force in culture, metal traces its roots back to leather-clad iron men like Black Sabbath and Judas Priest, who imbued their music with a mysterious and raw undercurrent of power. Heavy unearths this elusive force, delving deep into the fertile culture that allowed a distinctive new sound to flourish and flaying the source material to get to the beating heart of the music. From the imminent threat of nuclear apocalypse that gave rise to Metallica's brand of volatile thrash metal to Bloodbath and Carcass, the death metal bands resurrecting the horror of medieval art. But there are always more lines to be drawn. Cradle of Filth and Ulver trade in the transgressive impulses of gothic literature; Pantera lay bare Nietzsche's 'superman'; getting high leads to the escapist sci-fi dirges of Sleep and Electric Wizard; while the recovery of long-buried urns in the seventeenth century holds the key to the drone of Sunn O))). Dissecting music that resonates with millions, Heavy sees Slipknot wrestling with the trauma of 9/11, Alice in Chains exposing the wounds of Vietnam and Iron Maiden conjuring visions of a heroic England. Powerful, evocative and sometimes sinister, it gives shape and meaning to the terrible beauty of metal.
