

# Military

Spencer C. Tucker

*The American Military* Joseph T. Glatthaar, 2018 *The American Military: A Concise History* narrates the American military experience. It focuses on four recurring themes-- citizen soldiers vs. the standing armed forces; military professionalism; mechanization and technology; and the limits of power-- and illuminates the role of the American military in its past and how it is shaping current and future national security issues.

**Military Review ,1964**

*Military Power* Stephen D. Biddle, 2004 Fascinating, precisely written, indeed, brilliant, *Military Power* is among the most important books ever published on modern warfare.

**Blacks in the Military** Bernard C. Nalty, Morris J. MacGregor, 1981 This volume, using certain key documents or selections from them, sketches the changing status of blacks in the military service first of the American colonies and then of the United States. Space does not permit an exhaustive treatment; as a result, we have supplied explanations and interpretations to supplement the information found in the materials selected. This new, brief compilation should prove valuable to anyone interested in the contributions of blacks to American military history, whether he be student or teacher, serviceman or civilian, writer of history or curious reader.

*Making War at Fort Hood* Kenneth T. MacLeish, 2015-03-01 An intimate look at war through the lives of soldiers and their families at Fort Hood *Making War at Fort Hood* offers an illuminating look at war through the daily lives of the people whose job it is to produce it. Kenneth MacLeish conducted a year of intensive fieldwork among soldiers and their families at and around the US Army's Fort Hood in central Texas. He shows how war's reach extends far beyond the battlefield into military communities where violence is as routine, boring, and normal as it is shocking and traumatic. Fort Hood is one of the largest military installations in the world, and many of the 55,000 personnel based there have served multiple tours in Iraq and Afghanistan. MacLeish provides intimate portraits of Fort Hood's soldiers and those closest to them, drawing on numerous in-depth interviews and diverse ethnographic material. He explores the exceptional position that soldiers occupy in relation to violence--not only trained to fight and kill, but placed deliberately in harm's way and offered up to die. The death and destruction of war happen to soldiers on purpose. MacLeish interweaves gripping narrative with critical theory and anthropological analysis to vividly describe this unique condition of vulnerability. Along the way, he sheds new light on

the dynamics of military family life, stereotypes of veterans, what it means for civilians to say thank you to soldiers, and other questions about the sometimes ordinary, sometimes agonizing labor of making war. *Making War at Fort Hood* is the first ethnography to examine the everyday lives of the soldiers, families, and communities who personally bear the burden of America's most recent wars.

*Universal Military Training* United States. Congress. House. Select Committee on Post-war Military Policy, 1945

*Military Essays and Recollections* Military Order of the Loyal Legion of the United States. Commandery of the State of Illinois, 1891

*Language Dictionaries with an Emphasis on Military Dictionaries* US Army Military History Research Collection, Barbara Wrinkle, 1971

**The Cold War** Stephen E. Ambrose, 2009-01-21 Even fifteen years after the end of the Cold War, it is still hard to grasp that we no longer live under its immense specter. For nearly half a century, from the end of World War II to the early 1990s, all world events hung in the balance of a simmering dispute between two of the greatest military powers in history. Hundreds of millions of people held their collective breath as the United States and the Soviet Union, two national ideological entities, waged proxy wars to determine spheres of influence—and millions of others perished in places like Korea, Vietnam, and Angola, where this cold war flared hot. Such a consideration of the Cold War—as a military event with sociopolitical and economic overtones—is the crux of this stellar collection of twenty-six essays compiled and edited by Robert Cowley, the longtime editor of *MHQ: The Quarterly Journal of Military History*. Befitting such a complex and far-ranging period, the volume's contributing writers cover myriad angles. John Prados, in “The War Scare of 1983,” shows just how close we were to escalating a war of words into a nuclear holocaust. Victor Davis Hanson offers “The Right Man,” his pungent reassessment of the bellicose air-power zealot Curtis LeMay as a man whose words were judged more critically than his actions. The secret war also gets its due in George Feiffer's “The Berlin Tunnel,” which details the charismatic C.I.A. operative “Big Bill” Harvey's effort to tunnel under East Berlin and tap Soviet phone lines—and the Soviets' equally audacious reaction to the plan; while “The Truth About Overflights,” by R. Cargill Hall, sheds light on some of the Cold War's best-kept secrets. The often overlooked human cost of fighting the Cold War finds a clear voice in “MIA” by Marilyn Elkins, the widow of a Navy airman, who details the struggle to learn the truth about her husband, Lt. Frank C. Elkins, whose A-4 Skyhawk disappeared over Vietnam in 1966. In addition there are profiles of the war's “front lines”—Dien Bien Phu, the Cuban Missile Crisis, the Bay of Pigs—as well as of prominent military and civil leaders from both sides, including Harry S. Truman, Nikita Khrushchev, Dean Acheson, Gen. Douglas MacArthur,

Richard M. Nixon, Gen. Vo Nguyen Giap, and others. Encompassing so many perspectives and events, *The Cold War* succeeds at an impossible task: illuminating and explaining the history of an undeclared shadow war that threatened the very existence of humankind.

**Military Experience in the Age of Reason** Christopher Duffy, 2005-12-20 First published in 1987. Routledge is an imprint of Taylor & Francis, an informa company.

*In the Shadows of Victory II* Thomas D. Phillips, 2018-01-19 Profiles of twenty US military leaders—unsung heroes whose accomplishments have been too little acknowledged and too seldom celebrated. The military history of the United States is replete with examples of leaders whose singular leadership is now little remembered or forgotten completely. This volume covers more than twenty leaders “in the shadows” during the four major conflicts the United States engaged in from the end of the nineteenth century to the middle years of the twentieth: the Spanish-American War, the Philippine Insurrection, World War I, and World War II. To enable readers to put these exploits into proper context, each chapter traces the roots of the conflict covered and discusses the paths that led to America’s involvement. Throughout the book, examples are also noted of leaders whose major renown is associated with a specific war—John J. Pershing, America’s towering military figure during World War I, for example—who also rendered exemplary though largely forgotten service during a different conflict—in Pershing’s case, the Philippine Insurrection. Of special interest to many audiences may be the commentaries regarding the World War I services of officers such as Eisenhower, Marshall, Patton, and Bradley—an aspect of their long military careers overshadowed by their World War II renown and too often minimized in consequence. The book also features brief biographies of officers whose contributions, while perhaps a bit less consequential than those of colleagues chronicled elsewhere in these pages, are deserving of far more recognition than has thus far been accorded them. “A worthwhile read for anyone interested in military leadership.” —The NYMAS Review

**Journal of the Military Service Institution of the United States** Military Service Institution of the United States, 1886

**500 Great Military Leaders [2 volumes]** Spencer C. Tucker, 2014-12-16 This insightful encyclopedia examines the most influential commanders who have shaped military history and the course of world events from ancient times to the present. From Alexander the Great and Attila the Hun to Ho Chi Minh and Colin Powell, *500 Great Military Leaders* provides readers with insight into the most innovative and prominent individuals who have led armies to victory on battlefields all over the world. The broad coverage ranges from military leaders from the ancient world to the present day, including political

figures who directed war efforts and those who were responsible for major technological improvements. This encyclopedia goes beyond providing factual information about each individual's life to delve into the greater historical context and impact on their contemporaries as well as on future military history. The presentation of information is designed to enable readers to both observe the gradual evolution of warfare over time and clearly perceive the differences in tactics used by generals with varying military resources at their disposal. The entries include not only information on the individual's life and work but a summary statement that assesses successes and failures across each leader's career and summarizes the overall impact. Each entry also provides several references for further reading about that individual. The accessible writing style of this resource and in-depth information and analyses make it appropriate for high school and undergraduate-level students as well as scholars of military history and individuals who simply enjoy reading about military history.

	<p><b>Military Introduction</b></p> <p>Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In</p>	

internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight.

This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners,

promoting progress and innovation in various fields. It is worth noting that while accessing free Military PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Military free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth,

professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

### FAQs About Military Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook

platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Military is one of the best book in our library for free trial. We provide copy of Military in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Military. Where to download Military online for free? Are you looking for Military PDF? This is definitely going to save you time and cash in something you should think about.
