**American Silent Horror, Science Fiction and Fantasy Feature Films, 1913-1929** John T. Soister, Henry Nicolella, Steve Joyce, 2014-01-10  
During the Silent Era, when most films dealt with dramatic or comedic takes on the "boy meets girl, boy loses girl" theme, other motion pictures dared to tackle such topics as rejuvenation, revivication, mesmerism, the supernatural and the grotesque. A Daughter of the Gods (1916), The Phantom of the Opera (1925), The Magician (1926) and Seven Footprints to Satan (1929) were among the unusual and startling films containing story

elements that went far beyond the realm of "highly unlikely." Using surviving documentation and their combined expertise, the authors catalog and discuss these departures from the norm in this encyclopedic guide to American horror, science fiction and fantasy in the years from 1913 through 1929.

Fortune and Fatality Desmond Hosford,Charles Wrightington,2009-10-02 As an aesthetic notion and dramatic genre, tragedy has enjoyed a privileged place in French culture, particularly during the early modern period when debates over its nature and philosophy reflected fascination with a style whose fundamental principles were drawn from ancient Greek sources. Through the works of Pierre Corneille and Jean Racine, routinely cited for an alleged regularity of form and content exemplifying the academic notion of French Classicism, tragedy has grounded the French literary canon. Because of its place at the heart of canonical French literary studies, tragedy's traditionally prescribed boundaries and interpretations have rarely been questioned. *Fortune and Fatality: Performing the Tragic in Early Modern France* challenges conventional notions of the nature and function of tragedy and the ends to which philosophical, theatrical, and

performative aspects of the tragic were appropriated during the sixteenth and seventeenth centuries. The scope of material explored in this volume will be of interest not only to scholars and students of sixteenth- and seventeenth-century literature, but to those working in areas such as theater, gender studies, aesthetics, history, religion, philosophy, classics, and cultural studies.

*Interaction of Sea and Atmosphere* A. C. Redfield, 2016-06-24 The objectives of the American Meteorological Society are the development and dissemination of knowledge of meteorology in all its phases and applications, and the advancement of its professional ideals. The organization of the Society took place in affiliation with the American Association for the Advancement of Science at Saint Louis, Missouri, December 29, 1919, and its incorporation, at Washington, D. C., January 21, 1920. The work of the Society is carried on by the Bulletin, the Journal, and Meteorological Monographs, by papers and discussions at meetings of the Society, through the offices of the Secretary and the Executive Secretary, and by correspondence. All of the Americas are represented in the membership of the Society as well as many foreign countries.

*HEAVEN & HELL* Rosslyn Scott, Nick Henderson and Gabriel Swann are so very happy with their love affair. They have had five years of being alone with each other, and they have talked about having a third party in their relationship. Being bisexual they both love women but they both agree

it would take someone so special to love both of them. All Millie Ashton wants is a family who loves her. Her mother has zero internal instinct, and her two older half-sisters, twins and fashion models Pearl and Ruby, use her as a slave! After a massive row over a ruined top, Millie leaves home. On a wet and windy March day, Millie walks into what seems to be akin to a tiger's den. Superstar rock-god musicians Nick Henderson and Gabriel Swann, need a housekeeper. Was looking after the twins a case of better the devil you know, or will Millie find the most wonderful family.
