Millicent Min, Girl Genius (The Millicent Min Trilogy, Book 1) Lisa Yee, 2015-04-28

Who would have thought being smart could be so hard (and funny)? Millicent Min is having a bad summer. Her fellow high school students hate her for setting the curve. Her fellow 11-year-olds hate her for going to high school. And her mother has arranged for her to tutor Stanford Wong, the poster boy for Chinese geekdom. But then Millie meets Emily. Emily doesn't know Millicent's IQ score. She actually thinks Millie is cool. And if Millie can hide her awards, ignore her grandmother's advice, swear her parents to silence, blackmail Stanford, and keep all her lies straight, she just might make her first friend. What's it going to take? Sheer genius.

Southern Hemisphere Atlas of 1-minute Rainfall Rates Paul Tattelman, 1983 A model for estimating 1-min rainfall rates at a location for which routine climatic data are available was used to produce this atlas. Even though data were available for 483 locations, considerable subjectivity and smoothing of the analyses was required because of the low station-density in most areas. Southern Hemisphere analyses of rainfall rates equalled or exceeded 0.01, 0.05, 0.10, 0.50, and 1.0 percent of the time are presented for four mid-season months. Analyses of the highest rainfall rates for the same frequencies of occurrence regardless of the month in which they occur and companion analyses of the month in which the highest rate occurs are also presented. Wild Ginger Anchee Min, 2004-01-01 Two girls come of age during the horrors of China's Cultural Revolution in this novel by the national bestselling author of *Empress Orchid*. The young and beautiful Wild Ginger is only in elementary school, but has already survived hell through her sheer iron will. Singled out by the Red Guards for her "foreign-colored eyes," she has seen her deceased father branded a traitor and her mother commit suicide under the oppressive weight of persecution. But the young Wild Ginger will not allow herself to be taken down. Nor will she turn her back on other martyrs—like sweet Maple, daughter of a teacher of Chinese history, survivor of a labor camp, and victim of daily brutal beatings by a gang girl called Hot Pepper. While the two become fast friends over their shared ostracism, it is Wild Ginger who will take her Maoist principles to the extreme, becoming no less than a national model for the revolutionary Communist doctrine. But when both self-possessed young girls begin to feel a prohibited romantic love for the same boy, all three of them will face mortal danger. In this novel, the author of *Pearl of China* and the New York Times Notable Book *Red Azalea* "continues her extraordinarily acute inquiry into the wounded psyches of martyrs...and survivors of China's horrific Cultural Revolution... As in all her unsparing, compelling, and transcendent books, Min discerns both the vulnerability and strength of individuals and, more disturbingly, unveils the eroticism of pain. Given our own times, Min's taut and compassionate tale of oppressed teenagers kept in ignorance of the wider world, children brainwashed into performing acts of violence and self-destruction, is especially urgent."—Booklist

How to Look Hot in a Minivan Janice Min, 2012-09-18 In 2003, as the newly named editor in chief of *Us Weekly* magazine, Janice Min was busy documenting a seismic cultural shift: the making of the Hollywood Mom. Think Angelina Jolie, Victoria Beckham, Halle Berry, and Beyoncé—stars who proudly displayed their pregnancies, shed the baby weight overnight, and helped turn the once-frumpy bump industry into seriously big business. In the blink of an eye, it seemed, skinny jeans had replaced mom jeans. Bugaboos had become status symbols. Motherhood itself had become an exciting style statement. And then—just eight weeks after her big promotion—Janice discovered that she was pregnant, too. I started ogling, with morbid fascination, the photographs that flooded my office—red-carpet and paparazzi shots of celebrities in bikinis and bandage dresses mere weeks after giving birth, she writes. I'd stare at my own ever-expanding body. Then I'd stare at Heidi Klum (who gave birth one month before my due date and managed to bounce back before I'd even hit the delivery room). How did these women do it? I wondered. *How to Look Hot in a Minivan* was born. With her trademark self-deprecating style and tongue-in-cheek humor, Janice set out to debunk some of Hollywood's biggest

mommy myths. Then she brought together the industry's biggest experts in fitness, fashion, beauty, and all-things-baby to divulge the secrets behind the stars' seemingly effortless postpartum style. Serving up practical, honest, and often surprising advice for new moms everywhere, Janice and her arsenal of experts reveal:

- The 10 Wardrobe Essentials every chic mom should own
- How to style red carpet-worthy hair, even on school days
- The secrets to hiding a postnatal stomach pooch
- The truth behind the C-tuck (Do celebrity moms sometimes slim down courtesy of a combination cesarean section-tummy tuck?)
- Hollywood's Biggest Losers (What did it really take for stars like Kate Hudson, Milla Jovovich, and Poppy Montgomery to lose the baby weight?)

In *How to Look Hot in a Minivan*, Min dispels the idea that looking great post-pregnancy is only for the rich, the pampered, and the lucky. With Min's guilt-free, stay-sane strategies, moms everywhere can look and feel like stars—whether their baby is six months or sixteen years.
