*Minecraft Story Mode* Game Ultimate, 2017-05-09 Minecraft: Story Mode: A Telltale Games Series Game Guide Minecraft: Story Mode is the next game from the Telltale Games studio's adventure series. The game will be released in episodes, similarly to previous games of this type. This game guide is divided into five parts - one for each episode. Minecraft Billy Miner, 2017-01-14 Choose your own Minecraft paths (2 stories) as an ender spy, or as Alex or Steve Story 1: A villager approaches you and tells you that his father, a doctor, has been kidnapped by endermen. When you keep asking for details, you discover that he has been taken to the End, the den where the endermen and endermite reside. That's a dangerous situation. However, you take courage and enter the humongous, dark place, searching for the boy's daddy. Story 2: In this story, you can either make choices as Alex or Steve. You fight side by side with your companion, defeating creeper armies and zombie hordes. The village is under attack! Choose if you want the female version or the male version of the story. You can also go back and do it again from the other's perspective after you finish the book. Do you like to flirt with Steve, that hunk of a man, and show what Alex can do with her pickaxe? Or do you want to be Steve, and eat meat, kill enemies and show off like a real guy usually does around a pretty girl? Will you kiss him, hug him, or just high-five him. Will you distract the creepers, protect Alex, or think of battling strategies?

**Minecraft, Second Edition** Daniel Goldberg, Linus Larsson, 2015-06-16 The incredible tale of a little game that shook the international gaming world--now with new material including a behind-the-scenes look at the sale to Microsoft. For this second edition, the story has been enriched with more Minecraft than ever--a new section describes Minecraft's sale to Microsoft, Notch's less than heartwarming last day in the office, and Mojang's final days of independence. His whole life, all Markus Persson wanted to do was create his own games. Create his own games and get rich. Then in 2009 a strange little project of his quickly grew into a worldwide phenomenon and, in just a few short years, turned its maker into an international icon. Minecraft: The Unlikely Tale of Markus Notch Persson and the Game that Changed Everything is a Cinderella story for the Internet age--improbable success, fast money, and the power of digital technology to shake up a rock-solid industry. It's a story about being lost and finding your way, of breaking the rules and swimming against the current. It's about how the indie gaming scene

rattled the foundations of corporate empires. But, above all, this is the story of how a creative genius chased down a crazy dream: the evolution of a shy amateur programmer into a video game god.
