Bank 4.0 Brett King, 2018-12-17 Winner of best book by a foreign author (2019) at the Business Book of the Year Award organised by PwC Russia The future of banking is already here – are you ready? Bank 4.0 explores the radical transformation already taking place in banking, and follows it to its logical conclusion. What will banking look like in 30 years? 50 years? The world's best banks have been forced to adapt to changing consumer behaviors; regulators are rethinking friction, licensing and regulation; Fintech start-ups and tech giants are redefining how banking fits in the daily life of consumers. To survive, banks are having to develop new capabilities, new jobs and new skills. The future of banking is not just about new thinking around value stores, payment and credit utility – it's embedded in voice-based smart assistants like Alexa and Siri and soon smart glasses which will guide you on daily spending and money decisions. The coming Bank 4.0 era is one where either your bank is embedded in your world via tech, or it no longer exists. In this final volume in Brett King's BANK series, we explore the future of banks amidst the evolution of technology and discover a revolution already at work. From re-engineered banking systems, to selfie-pay and self-driving cars, Bank 4.0 proves that we're not on Wall Street anymore. Bank 4.0 will help you: Understand the historical precedents that flag a fundamental rethinking in banking Discover low-friction, technology experiences that undermine the products we sell today Think through the evolution of identity, value and assets as cash and cards become obsolete Learn how Fintech and tech disruptors are using behaviour, psychology and technology to reshape the economics of banking Examine the ways in which blockchain, A.I., augmented reality and other leading-edge tech are the real building blocks of the future of banking systems If you look at individual technologies or startups disrupting the space, you might miss the biggest signposts to the future and you might also miss that most of we've learned about banking the last 700 years just isn't useful. When the biggest bank in the world isn't any of the names you'd expect, when branch networks are a burden not an asset, and when advice is the domain of Artificial Intelligence, we may very well have to start from scratch. Bank 4.0 takes you to a world where banking will be instant, smart and ubiquitous, and where you'll have to adapt faster than ever before just to survive. Welcome to the future.

Adventures of 2 Girls Ning Cai, Pamela Ho, 2012-12-15 Adventures of 2 Girls traces the journey of two best friends who take a 9-month break from their successful careers to tick a big, fat item off their Bucket Lists: To travel the world and write a book. Ning is an award-winning professional female magician, and Pam an award-winning journalist and radio DJ. At the peak of their careers, they break loose from the safe and familiar, stuff their backpacks with bare essentials, and buy two one-way tickets to Honolulu. From a road trip across the United States, to spending a summer in Paris, studying French and being certified in the art of patisserie at the prestigious Le Cordon Bleu, from roughing it out in wild Madagascar (with no electricity, running water or toilets!), to trekking in the Himalayas, Pam and Ning go in search of new experiences and ultimate adventures off the beaten track. If you think this is a guidebook for girls, or an offshoot of Eat, Pray, Love... think again! Adventures of 2 Girls boasts action-packed accounts of sticky situations faced by two city girls in foreign lands, travel tips about budgeting, finances, insurance, PMS survival etc., plus quirky observations, and quiet ruminations on lazy afternoons... complete with private photos from their compact cameras and iPhones, and sketches from their travel journals. It's a heart-warming, humorous and inspiring story about friendship, chasing dreams, taking risks, and letting go.

Bank 2.0 Brett King, 2010 The financial crisis is just beginning for retail institutions. Ninety to ninety-five per cent of bank transactions are executed electronically today. The Internet, ATMs, call centres and smartphones have become mainstream for customers. But banks still classify these as alternative channels and maintain an organisation structure where Branch dominates thinking. Continued technology innovations, Web 2.0, social networking, app phones and mobility are also stretching traditional banking models to the limit. BANK 2.0 reveals why customer behaviour is so rapidly changing, how branches will evolve, why cheques are disappearing, and why your mobile phone will replace your wallet all within the next 10 years.

Ionian Rod and Lucinda Heikell, 2023-10-13 Now celebrating its eleventh edition, Ionian has once again been thoroughly updated with new photos and plans. Covering the coast and islands southwards from Corfu to Finakounda and eastwards to Mesolongion, this much-loved guide contains more detail of many of the smaller anchorages and harbours than are comprehensively covered in Rod Heikell's Greek Waters Pilot. Like its companions West Aegean and East Aegean, Ionian is ideal for charterers and flotilla sailors who are onboard for a relatively short time, but also for longer term cruisers on their own yachts who are looking for additional pilotage and background information for this popular cruising ground. As with all the Heikell guides, Ionian not only gives all the essential information you need but also exudes

the charm and flavour of this corner of the Mediterranean. ''Heikell's style is easy to digest and gives pleasure in the details of the history, geography and social circumstances of the places described as well as the essential sailing information.'' The Little Ship ''This book, as well as being a practical manual on Ionian cruising, seems to have absorbed much of the author's personal feelings regarding the charm which draws him back to it, and any reader who has had a whiff of the magic spell of the Greek islands will sense this, and inevitably renew the resolve to return and experience it once again in greater measure.'' Nautical Magazine ''Rod Heikell nowadays is to the Mediterranean as gin is to tonic. It is difficult to imagine sailing there without one of his guides. Clear pilot notes, chartlets and plentiful illustrations, with entertaining commentaries on each place. Up-to-date observations on local and national regulations. The new edition does not disappoint. If one must choose, I would have no hesitation in recommending Heikell.'' Cruising Association ''Rod has a knack for dropping in snippets of interest and colour to give the reader a feel for the atmosphere of each port or bay.'' Yachting Monthly ''Like all Rod Heikell's pilots, it is also a travel guide in its own right.'' Ionian Magazine ''The sailing directions are particularly useful when entering the smaller anchorages and harbours, for which little information is to be found on charts, and include excellent harbour plans and top quality aerial photographs.'' Flying Fish Magazine (Ocean Cruising Club)

Sex, Lies and Valentines Tawny Weber, 2012-01-24 Con artist Gabriel Black just got busted. By a babe. Drool-worthy (and clearly sneaky) FBI agent Danita Cruz is forcing Gabriel to choose between hard time and scamming his own family for an undercover sting. Now he has to present Danita to his family as his girlfriend. And it's the perfect opportunity to get wickedly even with her But Danita has some tricks of her own, and Gabriel's control begins slipping away as raw sexual energy takes over. Their sham relationship starts feeling a lot like ... well, the real deal. The Big Question is, will overwhelming desire be enough to make a liar go legit?--Publisher.
