Grumman F-14 Tomcat in US Navy Service Salvador Mafe Huertas,2021-04-17 The F-14 Tomcat is more than just a naval plane, it has marked an era in the same way that aircraft like the F-4 Phantom II, the different models of the mythical Mirage, the F-86 Sabre, the P-51 Mustang, and the Spitfire did. The uniqueness of its mission and having a single user (in addition to Iran) were

not an obstacle for this exceptional fighter to gain respect and a reputation that few fighter planes have had throughout the twentieth century.

What Lacan Said About Women Colette Soler, 2020-10-06 The definitive work on Lacan's theory of the feminine. With exquisite prose and penetrating insights, Colette Soler shares her theoretical and clinical expertise in this vibrant new text. She spins out seductive explications of Lacan's thought on the controversial question of sexual difference. With the subtlety that these topics deserve, she takes up Lacan's conception of woman and her relation to masochism, femininity and hysteria, love and death, and the impossible sexual relation. Following more than the usual suspects, What Lacan Said About Women also explores the mother's place in the unconscious, how Lacan understands depression, and why depressives feel unloved. Soler's analysis examines the cultural implications of the texts that Lacan produced from the 1950s to the 1970s, such as the effects of science on contemporary conceptions of the feminine. She gracefully bridges the gap still left open between psychoanalysis and cultural studies. Winner of the Prix Psyche for the best work published in the fields of psychology and psychoanalysis in 2003, this book will appeal to cultural critics, especially those in gender and women's studies, as well as to anyone involved in contemporary theory or clinical

practice. This study will transform novices within the field of Lacanian theory into informed thinkers and it will substantially supplement and refine the knowledge of Lacanian veterans.

The Paradise Of Children Nathaniel Hawthorne, 2023-12-14 Long, long ago, when this old world was in its tender infancy, there was a child, named Epimetheus, who never had either father or mother; and, that he might not be lonely, another child, fatherless and motherless like himself, was sent from a far country, to live with him, and be his playfellow and helpmate. Her name was Pandora... Nathaniel Hawthorne was born on July 4, 1804, in Salem, Massachusetts, where his birthplace is now a museum. Hawthorne was an American novelist, Dark Romantic, and short story writer. William Hathorne, who emigrated from England in 1630, was the first of Hawthorne's ancestors to arrive in the colonies. After arriving, William persecuted Quakers. William's son John Hathorne was one of the judges who oversaw the Salem Witch Trials.

The Warlord of Warlords. The Beast of Armageddon. The Prophet of the Waaagh! With his tusks, fists, and power claw, he does the holy work of Gork and Mork – and soon all worlds will burn in his bootprints. Mystery shrouds how such a beast came to exist, and rumours abound that the mighty warlord was once just like any other ork. But if that is the case, how did his ascendance come to be? Many have lost their minds trying to unravel the mystery. Lord Inquisitor Tytonida Falx has headed into the murky depths of heresy to find the answer, only this time, something is different. She possesses something the others did not. Custody of the one creature in the universe who claims to know the truth of it all. Ghazghkull's banner bearer: Makari the Grot.

The Dark Vault Victoria Schwab, 2018-08-04 Imagine a place where the dead rest on shelves like books. Each body has a story to tell, a life seen in

pictures only Librarians can read. The dead are called Histories, and the vast realm in which they rest is the Archive. Mackenzie Bishop's grandfather first brought her here four years ago, when she was twelve years old, frightened but determined to prove herself. Now her grandfather is dead, and Mac has grown into what he once was: a ruthless Keeper, tasked with stopping often violent Histories from waking up and getting out. Because of her job, she lies to the people she loves, and she knows fear for what it is: a useful tool for staying alive. Follow Mackenzie as she explores the boundary between living and dying, sleeping and waking, through these two timeless novels, now bound together in this thrilling collection. With stunning prose and a captivating mixture of action, romance, and horror, *The Dark Vault* delves into a richly imagined world where no choice is easy and love and loss feel like two sides of the same coin.
