*Rebelwing* Andrea Tang, 2020-02-25 Mixing everything that's best about dragons, dystopia, and generational conflict, Tang delivers a high flying debut that pulls no punches. --E.K. Johnston, #1 New York Times Bestselling Author *Things just got weird* for Prudence Wu. One minute, she's cashing in on a routine

smuggling deal. The next, she's escaping enforcers on the wings of what very much appears to be a sentient cybernetic dragon. Pru is used to life throwing her some unpleasant surprises--she goes to prep school, after all, and selling banned media across the border in a country with a ruthless corporate government obviously has its risks. But a cybernetic dragon? That's new. She tries to forget about the fact that the only reason she's not in jail is because some sort of robot saved her, and that she's going to have to get a new side job now that enforcers are on to her. So she's not exactly thrilled when Rebelwing shows up again. Even worse, it's become increasingly clear that the rogue machine has imprinted on her permanently, which means she'd better figure out this whole piloting-a-dragon thing--fast. Because Rebelwing just happens to be the ridiculously expensive weapon her government needs in a brewing war with its neighbor, and Pru's the only one who can fly it. Set in a wonderfully inventive near-future Washington, D.C., this hilarious, defiant debut sparkles with wit and wisdom, deftly exploring media consumption, personal freedoms, and the weight of one life as Pru, rather reluctantly, takes to the skies.

**Generation Debt** Anya Kamenetz, 2006-02-02 **Generation Debt** offers a truly gripping account of how young Americans are being

ground down by low wages, high taxes, huge student loans, sky-high housing prices, not to mention the impending retirement of their baby boomer parents. Twenty-four-year-old Anya Kamenetz examines this issue from every angle and provides a riveting, rousing manifesto that will inspire everyone to take care of their financial future.

Immigration and Integration in Urban Communities Lisa M. Hanley, Blair A. Ruble, Allison M. Garland, 2008-05-28 In nations across the globe, immigration policies have abandoned strategies of multiculturalism in favor of a play the game by our rules or leave mentality. Immigration and Integration in Urban Communities shows how immigrants negotiate with longtime residents over economic, political, cultural, and linguistic boundaries. Host communities are neither as static, nor migrants as passive, as assimilationist policies would suggest. Drawing on anthropology, political science, sociology, and geography, and focusing on such diverse cities as Washington, D.C., Rome, Los Angeles, Johannesburg, Munich, and Dallas, the contributors to this volume challenge both policy makers and academic analysts to reframe their discussions of urban migration, and to recognize the contemporary immigrant city as the dynamic, constantly shifting

form of social organization it has become.

Monster Club: Monsters Take Manhattan Darren Aronofsky, Ari Handel, Lance Rubin, 2024-01-30 It's an all-new thrilling adventure about growing up and facing your fears in *Monsters Take Manhattan*, the second novel in the *Monster Club* series from the creative minds of Darren Aronofsky, Ari Handel, and Lance Rubin. Ever since Eric "Doodles" King and his friends saved Coney Island from Crumple Monster and its minions, Eric's life has been changing faster than he ever expected. His parents' divorce has gone through, his mom has moved to a deluxe apartment in Manhattan, and now she's making him start all over at a fancy new private school. Suddenly, Eric's trapped between two worlds – his old Coney Island friends and the rich, cool kids at his new school who treat him like a celebrity. At least, Eric thinks, his days of epic monster battles are behind him. But what he doesn't realize is that the magic mermaid ink that brought his drawings to life hasn't been destroyed like he thought. Quite the opposite, King Neptune has found a way to take the last remaining drops to create a new class of creatures perfectly designed to put New York City right back where it belongs – underwater. Now it's up to Eric to rally *Monster Club* again and find a way to bring back Brickman, Bellybeast,

Skelegurl, DecaSpyder, and RoboKillz so they can stop Neptune before it's too late. *Monster Club: Monsters Take Manhattan* is the second epic, heart-pounding adventure from award-winning screenwriter, director, and author Darren Aronofsky, Ari Handel, and Lance Rubin.

House of Leaves Mark Z. Danielewski, 2000-03-07 “A novelistic mosaic that simultaneously reads like a thriller and like a strange, dreamlike excursion into the subconscious.” —The New York Times

Years ago, when *House of Leaves* was first being passed around, it was nothing more than a badly bundled heap of paper, parts of which would occasionally surface on the Internet. No one could have anticipated the small but devoted following this terrifying story would soon command. Starting with an odd assortment of marginalized youth -- musicians, tattoo artists, programmers, strippers, environmentalists, and adrenaline junkies -- the book eventually made its way into the hands of older generations, who not only found themselves in those strangely arranged pages but also discovered a way back into the lives of their estranged children. Now this astonishing novel is made available in book form, complete with the original colored words, vertical footnotes, and second and third appendices. The story remains unchanged, focusing on a young family that moves into a small home on Ash Tree Lane where they discover something is terribly wrong: their house is bigger on the inside than it is on the outside. Of course, neither Pulitzer Prize-winning photojournalist Will Navidson nor his companion Karen Green was prepared to face the consequences of that impossibility, until the day their two little children wandered off and their voices eerily began to return another story -- of creature darkness, of an ever-growing abyss behind a closet door,

and of that unholy growl which soon enough would tear through their walls and consume all their dreams.

*A Monster's Tale* Kelso Simon, 2021-07-27 A great read.

Brilliantly gritty- Ady Dayman (BBC radio Leicester ) Highly recommended as an overview of issues in today's society. Five stars - 69 degrees magazine The world can be a cruel place to an honest man, this is something that 32 year-old Brett Kelso knows well. It seems fortune never comes his way and his life has become an endless cycle of work and stress, counting the days to next payday. To add to his stress is the constant worry that is brought on by his ex-girlfriend, Lisa, with whom he shares his beloved 4 year-old daughter, Macy. Lisa seems to think more of partying and getting drunk than taking care of Macy and this is getting worse. Brett wants to take custody of Macy but he is told by a solicitor that he has no chance. The 21st century society seems to hold a guy like Brett at the bottom of the pecking order and he is particularly lonely. The women around him only seem to be

interested in plastic gangsters and shallowness. After being the victim of a bully's belittling antics Brett is at breaking point, but the responsibility he has to Macy keeps him sane. One night, Lisa's irresponsible behaviour contributes to a life-changing disaster which thrusts Brett into a cycle of insanity and revenge. Lisa leaves town and Brett becomes hell-bent on tracking her down, but without success. Two years later a chance voicemail gives Brett the opportunity to come face to face with Lisa, and he is determined to finally hand down his brand of justice, but the deeds of the monster he has become may stand in his way. Will Brett settle his final score or will there be a chilling fate in store for him?
