The Monster Storm Jeanne Willis, Susan Varley, 1997 Dennis the monster doesn't like the thunderstorm, so he decides to make as much noise as he can to try and scare it away. Suggested level: junior.

Creatures of the Storm Brad Munson, 2017-09-22 It never rains in the tiny desert town of Dos Hermanos, California ... until the day when the skies open up and it begins to pour. Now it just ... won't ... stop. Streets flood. Buildings collapse. For the first twenty-four hours, the 3,721 citizens of DH struggle simply to stay alive. Then ... things begin to come out of the rain. Eyeless, skinless, razor-edged creatures in a thousand different shapes, some as big as a house, some as small as a tumor. They share only one thing: an unquenchable thirst to kill anything that moves. A handful of extraordinary people will fight the monsters. Some may even survive. - A software genius with a broken spirit and his bitter, street-smart daughter - A grieving, slightly mad scientist who may be the only one who knows what's really happening - An angry, resentful researcher who gladly abandons his humanity to become something more ... and something far worse. Who will live? Who will die? And who will learn the secrets of the Rain?

Creatures of the Storm (the Rain Triptych Book 1) Brad Munson, 2015-08-04 It hardly ever rains in Dos Hermanos. Not until one day, when the skies open up and it begins to pour-and it just won't stop. For the first twenty-four hours, the 3,721 citizens of Dos Hermanos will struggle to stay alive. Then things begin to appear out of the storm. They are eyeless, skinless, razor-edged creatures in a thousand different shapes-some as small as a tumor, some as large as a house. They share only two things-a boundless hatred of humanity and an endless, unquenchable thirst. Few will survive. But a handful of extraordinary people will fight these monsters: Ken Mackie, a software genius with a broken spirit. Rose, his bitter, street-smart daughter. Lucy Armbruster, a slightly mad scientist who may be the only one who knows what's really happening. Michael Steinberg, a man who gladly abandons his humanity to become something more and something far worse. Who will live? Who will die? And who will learn the secrets of the Rain?

Tome of Beasts Wolfgang Baur, 2016-11-08 Whether you need dungeon vermin or a world-shaking personification of evil, the Tome of beasts has it. Here are more than 400 new foes for your 5th edition game--everything from tiny drakes and peculiar spiders, to demon lords and ancient dragons.--Back cover.

The Monster Storm Jeanne Willis, Susan Varley, 1995 Dennis the monster's second adventure sees him trying to frighten off some threatening storm clouds by crashing and smashing pots and pans, spoons and sticks and empty tin cans. Dennis makes such a racket that he frightens a little rabbit, whose mother comforts him with the assurance that it's just a storm, not a monster bashing a pan. . . Children and adults alike will appreciate Jeanne Willis' funny and clever rhyming text, with the wry twist at the end, while Susan Varley's charming illustrations make Dennis a very endearing character.

Monster Hunt Rory Storm, 2008 Profiles dozens of different types of mysterious creatures rumored to exist around the world, with scientific facts and sightings that support their existence.

Creatures That Once Were Men and Song of the Storm-Petrel Maksim Gorky, It is certainly a curious fact that so many of the voices of what is called our modern religion have come from countries which are not only simple, but may even be called barbaric. A nation like Norway has a great realistic drama

without having ever had either a great classical drama or a great romantic drama. A nation like Russia makes us feel its modern fiction when we have never felt its ancient fiction. It has produced its Gissing without producing its Scott. Everything that is most sad and scientific, everything that is most grim and analytical, everything that can truly be called most modern, everything that can without unreasonableness be called most morbid, comes from these fresh and untried and unexhausted nationalities. Out of these infant peoples come the oldest voices of the earth. This contradiction, like many other contradictions, is one which ought first of all to be registered as a mere fact; long before we attempt to explain why things contradict themselves, we ought, if we are honest men and good critics, to register the preliminary truth that things do contradict themselves. In this case, as I say, there are many possible and suggestive explanations. It may be, to take an example, that our modern Europe is so exhausted that even the vigorous expression of that exhaustion is difficult for every one except the most robust.

The Storm Runner J.C. Cervantes, 2018-09-18 A contemporary adventure based on Maya mythology from Rick Riordan Presents and New York Times bestselling author J. C. Cervantes! Zane has always enjoyed exploring the dormant volcano near his home in New Mexico, even though hiking it is challenging. He'd much rather hang out there with his dog, Rosie, than go to middle school, where kids call him Sir Limps a Lot, McGimpster, or Uno--for his one good leg. What Zane doesn't know is that the volcano is a gateway to another world and he is at the center of a powerful prophecy. A new girl at school, Brooks, informs him that he's destined to release an evil god from the ancient Maya relic he is imprisoned in--unless she can find and remove it first. Together they return to the volcano, where all kinds of crazy happens. Brooks turns into a hawk, a demon attacks them in a cave, and Rosie gives her all while trying to protect Zane. When Zane decides to save his dog no matter the cost, he is thrust into an adventure full of surprising discoveries, dangerous secrets, and an all-out war between the gods, one of whom happens to be his father. To survive, Zane will have to become the Storm Runner. But how can he run when he can't even walk well without a cane?

The Storm-God and the Sea Noga Ayali-Darshan, 2020-05-12 The tale of the combat between the Storm-god and the Sea that began circulating in the early second millennium BCE was one of the most well-known ancient Near Eastern myths. Its widespread dissemination in distinct versions across disparate locations and time periods - Syria, Egypt, Anatolia, Ugarit, Mesopotamia, and Israel - calls for analysis of all the textual variants in order to determine its earliest form, geo-cultural origin, and transmission history. In undertaking this task, Noga Ayali-Darshan examines works such as the Astarte Papyrus, the Pisaisa Myth, the Songs of Hedammu and Ullikummi, the Baal Cycle, Enuma elis, and pertinent biblical texts. She interprets these and other related writings philologically according to their provenance and comparatively in the light of parallel texts. The examination of this story appearing in all the ancient Near Eastern cultures also calls for a discussion of the theology, literature, and history of these societies and the way they shaped the local versions of the myth.

Teen Monster Hunters Alex Ames, 2017-10-18 Hawthorne High is not Sally Storm's favorite spot in the world. Nothing going on, an overzealous deputy principal, obnoxious football jocks, and cheerleaders that get on your

nerves. And Sally is stuck at a back-row table beside the class genius Ryan Montgomery. When the school's janitor is mysteriously attacked in the basement, it's written off as the result of a drunken stumble and an overeager dog's scratches. How convenient! But not everyone is convinced, and curious Sally starts to investigate, and ends up making a hair-raising discovery! Monsters don't exist. That's what you believe. That's what Sally believes. Because your parents told you so over and over again. The only time when you take monsters seriously is in a scary Hollywood movie; but it is one thing to get light chills of fright in a comfortable seating, and quite other to face monsters in real life! Do monsters exist, after all? There's only one way to find out! With the help of her newly-found genius friends Ryan and the monosyllabic, gentle giant Moe, Sally sets out to face whatever it is in the basement. Buffy meets Men in Black

Full Moon Rising Heath Stallcup, 2013

Full Moon Rising Heath Stallcup, 2015 Humanity has spent its time enjoying the peace that can only be had through blissful ignorance. For centuries, stories of things that go 'bump' in the night have been passed down and shared. When creatures of the night proved to be real, the best of America's military came together to form an elite band of rapid response teams. Their mission: to face the challenge and keep the civilian populace safe from those threats and hide all evidence of their existence. Now, as the Monster Squad has begun to rebuild themselves from a crippling blow, they face not only the monsters of the dark, but some begin to question the loyalty of members within their elite group. Will they fight as one cohesive unit, or be torn apart by internal strife and fall under the crushing heel of evil? Will they actually contemplate forming an alliance with the very monsters they've been battling as a dark storm brews on the horizon...a storm that threatens not just the squads, but the lives of every human on earth.

Godzilla on Monster Island Jackie Dwyer, 1996 When a tropical storm delivers a strange-looking egg to the beaches of their island home, the resident monsters marvel at this latest surprise in their lives.

The Whistlebrass Storm Watcher Briar Lee Mitchell, Jack Keely, 2016-10-25 Torrential storms unearth strange Viking artifacts, drawing a wicked entity to Whistlebrass. Mudslides unleashed by the torrential rains have revealed an archeological oddity—a Viking village on the banks of Lake Wanweird. Young Casey Wilde's excitement about the discovery soon turns to alarm when his friend appears with a Viking artifact and wild story about an axe-wielding monster. In the blink of an eye, Casey finds himself in the center of an ancient feud—and lives are stake. With the fate of his friends hanging in the balance, Casey must solve a mystery surrounding a Viking king, a colonial ghost, a carnival fortune teller, and a calculating cat named Carlisle. And it looks like another storm is on its way.

Monsoons and Monsters Amy Sumida,2017-12-13 As strange rainstorms and power outages spread across America, Vervain's personal life hits some stormy weather as well. Magic and love are hopelessly intertwined for the Godhunter, and it begins to take a toll on her heart as well as her relationships. Can Vervain weather the storm or will she fall prey to the monsters lurking within the mist?

The Monsters Know What They're Doing Keith Ammann,2019-10-29 From the creator of the popular blog The Monsters Know What They're Doing comes a compilation of villainous battle plans for Dungeon Masters. In the course of a Dungeons & Dragons game, a Dungeon Master has to make one decision after another in response to player behavior--and the better the players, the more unpredictable their behavior! It's easy for even an experienced DM to get bogged down in on-the-spot decision-making or to let combat devolve into a boring slugfest, with enemies running directly at the player characters and biting, bashing, and slashing away. In The Monsters Know What They're Doing, Keith Ammann lightens the DM's burden by helping you understand your monsters' abilities and develop battle plans before your fifth edition D&D game session begins. Just as soldiers don't whip out their field manuals for the first time when they're already under fire, a DM shouldn't wait until the PCs have just encountered a dozen bullywugs to figure out how they advance, fight, and retreat. Easy to read and apply, The Monsters Know What They're Doing is essential reading for every DM.

The Monster-hunters Francis Rolt-Wheeler,1916

Eye of the Storm Jeannette Romaniuk,2014-07-28 He is dubbed a chunk full of dough, crazy Dave, the unfathomable and every other name in the book! Others, at sixes and sevens, just shake their heads in bewilderment. They have the impression that he always seems to do the unthinkable, leaving everyone in his midst dumbfounded. There is however a consensus among his friends and co-workers upon which all agree: Dave is one of a kind a comment that is re-echoed throughout his acquaintances. It is a comment that describes him to a T. Whereas some have the impression that a project is impossible and perilous, they are concepts that do not exist in Daves psyche. He has evidently substituted these concepts with the words no problem. Indeed there isnt a quest or a project that according to this wizard is beyond the realms of possibility. Even the accessibility to the moon is feasible in this aspiring intrepids mind. It is just a matter of latching firmly to each alternating star, stars that form a tarmac and lead you directly to your goal. You dont even need a shuttle! Its as simple as that! No problem.
