**Storm Moon** Teri Harman, 2018-07-25 A betrayal. An invasion. A plan centuries old. Two members of the Covenant are dead, the Bond broken. Archard is also dead, but only because Simon used the forbidden control of his healing powers. Willa wakes the next morning beside him. But it's not Simon - not her soul mate and husband - it's Bartholomew the Dark. And she has no idea. How can Willa fight an enemy hidden behind Simon's eyes? How can she discover the evil that squats inside him when Bartholomew has the ability to control her mind? How can she save Simon and herself before Bartholomew destroys everything? With equal dashes of horror, romance, and adventure, this is the thrilling conclusion to The Moonlight Trilogy.

**Solar Storm** Gerald M Kilby, 2022-12-17 A dramatic new hard sci-fi epic from the author of the highly acclaimed Colony Mars & The Belt series. \_\_\_\_\_ In space, all that matters is survival. Rapid colonization of the Moon is pushing both national space agencies and powerful corporations to negotiate a New Lunar Accord in an effort to prevent escalating conflicts over valuable resources and territory. But hope that this treaty will bring stability to the nascent lunar civilization is suddenly dashed when a high-energy solar storm causes a cascade of destruction to the vast satellite constellations that orbit Earth. Now it's only a matter of weeks before the ever-increasing debris cloud makes travel back to the home planet impossible. Panic soon begins to grip the lunar population as they scramble to evacuate, all fearing that they could be stranded on the Moon with no prospect of ever returning to Earth. But for some, those caught in the grinding gears of the unfolding chaos, the situation becomes much worse. For them, it's simply a matter of survival. This is their story.

**Sara's Moon** S Bolanos, 2021-07-15 An average woman survives an attack by a serial killer only

to become a werewolf. Sara Sheppard should be dead. She has no idea how she survived the brutal attack and wants nothing more than to get back to her normal, boring life. But something—someone—is after her and she fears it will return to finish what it started. Now she is faced with an impossible decision: live the rest of her short life in fear, or trust in a man defined by secrets. Michael appears to hold all the answers, yet those answers are even more unbelievable than her miraculous recovery. Werewolves aren't real. Or at least they weren't until she was bitten. Sara's Moon is a paranormal mystery with bite. This book does contain graphic imagery, violence, and some adult content. Sara's Moon is the first book in the Urban Fantasy series Moons of Mystery. Each book follows a different main character, has a full conflict resolution and an HEA.

The Wild Moon Riley Storm, 2021-07-07 I'll do whatever it takes to be free of him. Eight months ago, my ex-boyfriend decided that if he couldn't have me, then nobody could. What should have been the best night of my life was ruined. Stripped of friends, my parents, and denied a mate, my Soulshift was a disaster I didn't see coming. By now I should have been making my own family, instead I'm still searching for the one he destroyed. Once a month I slink back to my hometown for the Wild Moon. It sucks having to relive everything, but it's better than being hunted by the Alpha for breaking his rules. This time though, everything changes. When the Wild Moon finally shows me my mate, my last spark of hope dies. It's him. The man who destroyed my life. There's no way I'm letting that happen. Instead I'm leaving town for good, and while I'm at it, I'm going to find my parents. Even if rejecting the bond kills me. Because anything is better than being Soulbound to him.

**Super Storm Super Moon** Leslie Stolfe, 2017-10-17 As Super Storm Sandy, a hurricane of

unprecedented proportions, bears down upon the eastern seaboard of the United States, lifeguard Dillan prepares for the mandatory evacuation of Long Beach Island. As he loads his Jeep, his dog Buoy bolts from the vehicle and hightails it through the downpour, over the dune toward the sea. After searching the pounding surf for his best friend in vain, a broken-hearted Dillan is accompanied by police escort to the mainland. Upon his return to the ravaged island, Dillan befriends a mysterious young woman who had taken the slogans Unite + Rebuild and Restore The Shore to heart. As they work side by side to help rebuild the fractured community of Beach Haven, her troublesome past causes Dillan to fear he may be in over his head.

*Ocean of Storms* Christopher Mari, Jeremy K. Brown, 2016-11-01 In the near future, political tensions between the United States and China are at an all-time high. Then a catastrophic explosion on the moon cleaves a vast gash in the lunar surface, and the massive electromagnetic pulse it unleashes obliterates Earth's electrical infrastructure. To plumb the depths of the newly created lunar fissure and excavate the source of the power surge, the feuding nations are forced to cooperate on a high-risk mission to return mankind to the moon. Now, a diverse, highly skilled ensemble of astronauts--and a pair of maverick archaeologists plucked from the Peruvian jungle--will brave conspiracy on Earth and disaster in space to make a shocking discovery. *Ocean of Storms* is an epic adventure that spans space and time as its heroes race to fulfill an ancient mission that may change the course of humanity's future.

**The Skies Above** Dennis Mersereau, 2022-04-01 Full-color photography and illustrations Details seasonal events, from Nor'easters and northern lights to fire whirls and tornadoes Sidebars dive into fascinating facts, quirky phenomena, historic weather events, myths, and more Written by self-professed weather geek Dennis Mersereau, *The Skies Above* is designed to inspire equal parts

amazement and curiosity. Accessible science, illuminating illustrations, and stunning photography bring the meteorological world to life. From basics such as weather fronts and types of precipitation to more unusual occurrences like polar vortexes, meteor showers, solar eclipses, and the spectacular mammatus clouds that signify a supercell thunderstorm, Mersereau tracks key phenomena across the seasons and demystifies celestial events visible to the naked eye but still enigmatic to most. He also delves into how climate change affects weather, forecasts, and other events, such as devastating wildfires and historic hurricanes churning across the Atlantic Ocean. *The Skies Above* provides readers with a deeper understanding of the processes and events that fill our skies, which not only soothes the anxiety produced by raucous storms, but instills a stronger and more meaningful appreciation of the beauty of days both stormy and calm.

**The Moon and Her Secrets** Storm Welman, 2023-04-20 This poetry collection features the first works of Storm Welman. Each piece of literature differs from the last as several societal issues are explored, along with insight into emotions and mental health. Armageddon themes and natural elements are scattered throughout the book to build a discussion around modern day topics and what they may lead up to.

**A Storm on the Moon** Jennifer Dellow, 2015-12-01 The mind is like a storm on the moon. There is no evidence to show how it could be possible for this depth, this confusion to exist. Yet it does. Each heave brings solace - but fear that there is more to come. In life, there is always more to come and each flash, each strike should be embraced.

Blame It on the Moon Livia Quinn, 2015-08-03 NOTE: The *Destiny Paramortals* series is southern urban fantasy/romance and should be read in order as it is the continuing saga of the recurring characters, beginning with *Storm Crazy*. In each *Paramortals* book, questions are answered and new

ones arise. Unknown to the other communities of Storm Lake outside of Destiny is the role the Paramortals have in keeping them safe. It's the height of the Para-moon and Sheriff Jack Lang is up to his '6' in alligators. Defending those weaker than himself is in his DNA which is what drove him to become a Navy pilot. Who is he kidding? Alligators he could handle! But Supernatural bad guys? Ragtag doesn't begin to describe his band of temporary 'heroes'. If he has to go to war with the group that showed up at dawn, he might as well start cutting up white sheets and attaching them to garden stakes. With Tempe and the other Paramortals ill or incapacitated and the sudden appearance of beings he's never heard of, will Jack be able to keep Destiny out of the hands of their enemies for the rest of the power down and--very important--keep the humans in the dark? It's only twenty-four hours. If worse comes to worse, he has a dragon on his side and a few surprises up his sleeve. Yippe, ki, yi... But a lot can happen in twenty four hours and things don't always go as planned. Storm Crazy is awesome! I love this series! Storm Crazy I didn't want it to end. Cry Me a River Oh My God, I loved this book. Walk don't run to the buy button... Eve of Chaos Readers of Darynda Jones, Katie MacAlister and Molly Harper will enjoy Livia Quinn's books. Interview with Livia Quinn What makes this series special? It's a fun emotional and quirky ride with twists and turns that will keep you guessing and relationships that make you want to come back for more. Think of it as a paranormal soap opera. One of my readers said, Come to Destiny, you won't want to leave. Book one is free, why should I keep reading the series? Here's what fans say after reading the whole series. WOW...just wow! Ok, I'm hooked, Give me, give me, give me some more!!! Run don't walk to the buy button. The Destiny Paramortals series is like a mini vacation away from the real world. Tempest is one of the best paranormal romance heroines I've ever read. She's funny, sarcastic, hard-working and has the power to wield storms with her fingertips. This is my new

favorite series! How would you describe the Paramortals? Destiny is a southern small town community; it's an urban fantasy paranormal cozy, a world of vampires, fae, dragons, and other supernaturals whose mission is to protect those weaker than themselves. Books 1-5 follow the transformation of Tempest Pomeroy as she comes into her power and Sheriff Jack Lang's acceptance of his new world. But the series doesn't end here - still to come Dylan and Kat, River, Aurora and probably more. Are these books standalones? Destiny is a community much like yours and mine (just add magic) with recurring characters who experience challenges and growth throughout the series so the books should be read in order. Storm Crazy Cry Me a River Eve of Chaos Blame it on the Moon Broken Wings Book one is free, why should I keep reading the series? Here's what fans say after reading the whole series. WOW...just wow! Ok, I'm hooked, Give me, give me, give me some more!!! Run don't walk to the buy button. The Destiny Paramortals series is like a mini vacation away from the real world. Tempest is one of the best paranormal romance heroines I've ever read. She's funny, sarcastic, hard-working and has the power to wield storms with her fingertips. This is my new favorite series!

**The Perfect Storm: A True Story of Men Against the Sea** Sebastian Junger, 1997-05-17

There is nothing imaginary about Junger's book; it is all terrifyingly, awesomely real. —Los Angeles Times It was the storm of the century, boasting waves over one hundred feet high—a tempest created by so rare a combination of factors that meteorologists deemed it the perfect storm. In a book that has become a classic, Sebastian Junger explores the history of the fishing industry, the science of storms, and the candid accounts of the people whose lives the storm touched. The Perfect

Storm is a real-life thriller that makes us feel like we've been caught, helpless, in the grip of a force of nature beyond our understanding or control. Winner of the American Library Association's 1998 Alex Award.

**Catalyst Moon: (Book Three) Storm** Lauren L. Garcia, 2019-03-28 The mage Kali has uncovered the secret of the thralls: the unseen foes possessing the Aredian people. But Kali must pay a high price for this discovery - her own humanity. Her sentinel lover, Stonewall, is desperate to flee Whitewater City with Kali, but his commanding officer has other plans for him. Meanwhile, a grieving Eris plans to free the final few mages trapped in the Whitewater City bastion, but first she must gather her allies and fortify her spirit to face the coming storm. *Catalyst Moon: Storm* is the third book in an epic fantasy series with notes of romance that introduces an old world where magic is new and rebellion draws ever closer.
