Psalm and Story James W. Watts,1992-09-01 This book addresses the literary, historical and methodological issues which have been raised by the appearance of psalms in narrative contexts of the Hebrew Bible. The narrative role of each psalm is explored to determine the reasons for its present position. The study of each psalm's narrative role leads to a re-evaluation of the evidence for its secondary status in the prose context. The results of each separate analysis are compared to see what larger literary, historical and methodological patterns emerge.

Essays on the History and Culture of the Unknown Calabria Caterina Pangallo,2023-09-01 Calabria is one of the oldest civilised regions of Europe. In antiquity, the philosophy, science, literature and poetry of the Greek Pythagoreans flourished here; in the Middle Ages, the Norman Kingdom was the most cultured and opulent civilisation in the world. However, in modern times, Calabria has suffered from the almost complete neglect of its multi-faceted cultural legacy by dominant foreign ruling powers, declining into a third world region at the toe of the Italian peninsula. This book directs the attention of the world to those immense disregarded riches, through a collection of essays on the region's history, arts and crafts, its philosophy and substantial intellectual legacy and especially its rejuvenation among the younger generations of today. Each of the 16 chapters was written by a scholar with unique experience in their field of research. They will be immensely useful for academics as well as students interested in Mediterranean culture.

Making Sense of Work Through Collaborative Storytelling Tricia Cleland Silva,2022 Collective sense making starts with individual stories. Stories influence how we construct our sense of self in relation to others and our social environment, especially within the world of work. The stories we tell ourselves at

work, particularly during times of change, impact our relationships and the collaboration with those who are engaged in the same work activities. Stories that we take for granted as common sense may not resonate with others, leading to conflict and tensions. This book focuses on the development of collaborative practices at work, and in organisations, through Collaborative Storytelling: from sharing stories to exchanging experiences and building a common narrative collectively. This open access book will be of interest to practitioners and academics working in the fields of adult education, equity and inclusion, human resource management, practice-based studies, organisational studies, qualitative research methods, sensemaking, storytelling, and workplace identity.

The Alexander Mosaic Ada Cohen, 1997 A study of the richest, most complex and visually stunning monuments of classical antiquity.

Stories in Stone Aïcha Ben Abed Ben Khader, 2006 Between the second and the sixth centuries of the common era, elaborate mosaics were designed and created to pave the floors of town homes and rural estates of the Roman settlements in North Africa. These stunning mosaics were especially widespread in the colony of Africa Proconsularis, modern-day Tunisia, and covered a wide range of subject matter: from scenes of daily life and classical mythology, to abstract floral and geometric designs of rare vibrancy and complexity. A distinctive African style emerged, whose influence would extend throughout the Mediterranean basin and beyond. This catalogue is being published to coincide with an exhibition at the J. Paul Getty Museum at the Getty Villa from October 26, 2006, to April 30, 2007--the first major exhibition in the United States solely devoted to ancient mosaics. The twenty-seven mosaics in the exhibition come from Tunisia's leading museums, including the Bardo Museum in Tunis, the Sousse Museum and the El Jem Museum. *Stories in Stone* is structured around four principal themes--Nature, Theater and Spectacle, Myths and Gods, and Technique--and includes extensive material on mosaic conservation. In addition to color plates of all objects in the exhibit, this catalogue includes nine richly illustrated essays that illuminate the historical background of mosaic art, trace the development of principal themes, and examine the conservation of mosaics both in the museum setting and in situ. Contributors include Taher Ghaliya, director of the Bardo Museum; Mongi Ennaifer, minister of cultural affairs, Tunisia; Thomas Roby, senior project specialist, Getty Conservation Institute; and Jerry Podany, head of antiquities conservation, J. Paul Getty Museum.

Stories Within Stories, 2000-11 The stories presented in Peninnah Schram's highly anticipated *Stories within Stories: From the Jewish Oral Tradition* are drawn primarily from talmudic and midrashic sources, medieval texts, and the Israel Folktale Archives. Each enchanting story-within-a-story is part of the Jewish oral tradition and continues to enlighten, educate, and entertain audiences as have all of the author's previous works. The types of stories found in this wonderful collection (described by Peninnah Schram as frame and chain stories) have been widely popular in both Jewish and non-Jewish literary traditions. Since Jews have lived in so many places, they have been influenced by the stories told by their surrounding neighbors. For example, this genre of tales has been especially popular in the Jewish stories of the Middle East, having been influenced by the structure and contents of Arabic literature. *Stories within Stories* contains fifty stories, mostly made up of folktales. Various types of stories are interspersed so that a

humorous story is followed by a romantic tale, which is followed by a religious tale, which is followed by a tall tale, and so on. The stories come from various ethnic communities represented in the Israel Folktale Archives including Morocco, Iraq, Kurdistan, Persia, Yemen, and Eastern Europe. Gifted and highly acclaimed storyteller Peninnah Schram contributes to the ever-growing library of Jewish folklore collections, thus actively helping to restore the rich treasures of Jewish oral tradition in our contemporary world.

The Language of Angels Richard Michelson, 2017-02-21 2018 Sydney Taylor Book Award 2017 National Jewish Book Award In 1885, few Jews in Israel used the holy language of their ancestors, and Hebrew was in danger of being lost—until Ben Zion and his father got involved.
