Storm Allen Noren,2010-07-31 Begun as a grand adventure, *Storm* tells the story of a trip that quickly became a tumultuous test of endurance. When the Baltic States of the former Soviet Union opened up, Allen and his girlfriend Suzanne were drawn to the prospect of traveling together once again. Setting out on a motorcycle, the two seasoned travelers rode through Germany, Denmark, and Sweden to the Arctic Circle, then on to Finland, Russia, Estonia, Latvia, Lithuania, and Poland. Though they'd been together for seven years, and thought they knew what to expect from an extended road trip, they couldn't foresee the unrelenting natural elements, shifts in once-shared dreams, or fissures in their relationship that lay ahead. Often darkly humorous, *Storm* reveals a couple's love and the fragility of human connections as it recounts the journey that became a test of both riders' physical and emotional endurance.

Storm (Storm MC #1) Nina Levine,2014-04-17 Madison Cole walked away from the violence of the Storm Motorcycle Club even though her father was the president and her brother is the VP. Now the club is being threatened and they send the one member to bring Madison home who has the power to destroy everything she has worked so hard to build.

Oathmark Joseph A. McCullough,2020-04-30 Empires have fallen, and the land is broken. The great oathmarks that once stood as testaments to the allegiances and might of nations have crumbled into ruin. In this lost age, fealty and loyalty are as valuable as gold and as deadly as cold iron, and war is ever-present. Created by Joseph A. McCullough, designer of *Frostgrave* and *Frostgrave: Ghost Archipelago*, *Oathmark* is a mass-battle fantasy wargame that puts you in command of the fantasy army you've always wanted, whether a company of stalwart dwarves or a mixed force with proud elves, noble men, and wild goblins standing shoulder-to-shoulder in the battle-line. Fight through an integrated campaign system and develop your realms from battle to battle, adding new territories, recruiting new troop types, and growing to eclipse your rivals... or lose what you fought so hard to gain and fall as so many would-be emperors before you.

Energiya-Buran Bart Hendrickx,Bert Vis,2007-12-05 This absorbing book describes the long development of the Soviet space shuttle system, its infrastructure and the space agency's plans to follow up the first historic unmanned mission. The book includes comparisons with the American shuttle system and offers accounts of the Soviet test pilots chosen for training to fly the system, and the operational, political and engineering problems that finally sealed the fate of *Buran* and ultimately of NASA's Shuttle fleet.

Last Days: Zombie Apocalypse Ash Barker,2018-06-28 *Last Days: Zombie Apocalypse* is a skirmish-scale miniatures game of survival horror. It pits players against each other in a nightmarish near-future where the dead have returned to life and are feasting on the living. Players build their own factions, representing desperate civilians, military personnel, or hardened survivors, and must explore, scavenge, and fight in order to survive another day. Rival gangs are only one of the dangers they face - mindless zombies wander the streets, driven by insatiable hunger and drawn by the sound of combat! A gang's ability to scavenge is as vital as their combat ability, and players must ensure that they have the resources to survive in this hostile world. Scenarios and campaigns allow you to develop your gang, gain experience and recruit new henchmen to build up your strength or replace the inevitable casualties of the zombie apocalypse.

Why buy a book you can download for free? We print the paperback book so you don't have to. First you gotta find a good clean (legible) copy and make sure it's the latest version (not always easy). Some documents found on the web are missing some pages or the image quality is so poor, they are difficult to read. If you find a good copy, you could print it using a network printer you share with 100 other people (typically its either out of paper or toner). If it's just a 10-page document, no problem, but if it's 250-pages, you will need to punch 3 holes in all those pages and put it in a 3-ring binder. Takes at least an hour. It's much more cost-effective to just order the bound paperback from Amazon.com This book includes original commentary which is copyright material. Note that government documents are in the public domain. We print these paperbacks as a service so you don't have to. The books are compact, tightly-bound paperback, full-size (8 1/2 by 11 inches), with large text and glossy covers. 4th Watch Publishing Co. is a HUBZONE SDVOSB. <https://usgovpub.com>

Urban Transition in Hanoi Danielle Labbé,2021-01-15 Vietnam is in the midst of one of the world’s most rapid and intensive rural-to-urban transitions. In Hanoi, heritage preservation has gained significant policy attention over the last decades, but efforts continue to focus on the Old Quarter and Colonial City to the exclusion of collective socialist housing complexes and former village areas, and natural features such as canals and urban lakes. Parks and public spaces are urgently needed to offset the high residential densities and to improve the quality of life of residents. Motor vehicles continue to fuel the growth in transportation. Significant efforts were recently made to establish a mass transit system, but progress there is slow. More attention should be paid to improving the existing transportation system and to reduce dependence on fossil fuels. Investments in new housing estates have fuelled a speculative real estate market but failed to address adequately the needs of the vulnerable segments of the population. Regional integration is a challenge as the city expands and swallows the peri-urban areas around the city.
