**Storm** Allen Noren, 2010-07-31 Begun as a grand adventure, Storm tells the story of a trip that quickly became a tumultuous test of endurance. When the Baltic States of the former Soviet Union opened up, Allen and his girlfriend Suzanne were drawn to the prospect of traveling together once again. Setting out on a motorcycle, the two seasoned travelers rode through Germany, Denmark, and Sweden to the Arctic Circle, then on to Finland, Russia, Estonia, Latvia, Lithuania, and Poland. Though they'd been together for seven years, and thought they knew what to expect from an extended road trip, they couldn't foresee the unrelenting natural elements, shifts in once-shared dreams, or fissures in their relationship that lay ahead. Often darkly humorous, Storm reveals a couple's love and the fragility of human connections as it recounts the journey that became a test of both riders' physical and emotional endurance.

Motorcycling by Storm Hunter Storm, 2013-03-07 Are you "bikesexual™" or just "bike-curious™?" Motorcycle enthusiast Hunter Storm™ educates and entertains you in the Motorcycling by Storm™ series! Bikesexual™ is all about hot, sexy, motorcycles and learning to ride them. Whether you like to ride your bike to your local watering hole on Saturday night, take fifty-five hundred-mile cross-country trips, ride only on two wheels in all weather, or snuggle up on the back and ride "fender fluff," this series has something for you. Even if you don't ride a motorcycle, but are "bike-curious™," you can scratch your

intellectual itch here. It's funny, a bit naughty, and highly informative! *Bikesexual™* is all about Storm's journey from motorcycle virgin to experienced woman rider. She does not claim to be the best rider out there by any stretch of the imagination. Therefore, the apex may be off and the line through the corners will not be perfect. Storm will leave the really amazing riding to you! *Bikesexual™* will show you how to:

- assume the proper body position with the “Motorcycle Kama Sutra™”
- learn the secret to really bonding with your bike and getting total control
- discover how to pick the perfect bike for you
- get over fear of riding a motorcycle
- get back on your motorcycle after a crash
- find time to learn to ride and/or practice your racing skills
- prevent helmet head
- get “good head”
- stuff your seat with useful items
- enjoy the bad jokes in this book so much that everyone will look at you funny for laughing so loud and long

Until next time, keep the rubber side down! Plastic and metal just don't have enough traction.

*Motorcycles* Marysa Storm, 2020-01-21 Motorcycles, stock cars, and dirt bikes are all wild rides that make great reading topics. Through closely leveled text paired with colorful, engaging graphics and labeled images, this series is sure to have kids gearing up and getting ready to read. Shares the power and performance of motorcycles with readers through closely leveled text, dynamic images, and captivating infographics.

**Honda CBR600 Hurricane** Peter Henshaw, 2011-08-15 Packed with good advice-- from running costs, through paperwork, vital statistics, valuation, and the

Storm (Storm MC #1) Nina Levine,2014-04-17 Madison Cole walked away from the violence of the Storm Motorcycle Club even though her father was the president and her brother is the VP. Now the club is being threatened and they send the one member to bring Madison home who has the power to destroy everything she has worked so hard to build.

*Venus Sings the Blues* Buck Storm,2022-09-13 What if you could change your life and write your own story? What if you could make your dreams come true? To say Bones isn't thrilled with his dead-end job at the Venus Motel would be an understatement. But when you're fifteen with no family, expecting any prospects for your future feels pretty pointless. You just have to roll with the whims of the powers that be. And the motel owner, Calico Foster, can't keep herself afloat, much less rescue a lost kid. A job is all she can offer. Why Jimmy La Roux chooses the Venus to land at when he rolls out of the desert and into the parking lot is more than anyone knows. But with a rattle of Harley pipes and a cloud of dissipating dust, he roars in, fresh from blasting through the cosmos, ready to change all of their lives. Complete with jeans, boots, hair and muttonchops swept back from cosmic winds, and muscles like ropes, he looks like he could take on any sorrow and wrestle it into submission. And he's wielding a magic box that makes anything that goes into it disappear forever... Welcome to the Venus Motel, where a million stars

dance above the neon and things are almost never what they seem. With a cast of characters including a blues-playing magician biker, a broken singer running away from her past, a couple of down-and-out crooks, a lovelorn cowboy, and a famous author drowning his demons in a bottle of rum, *Venus Sings the Blues* is vivid, quirky ride into the desert Southwest. Like all of Buck Storm's stories, it's full of humor and depth, and takes a lyrical look at God's love and his pursuit of man in a style reminiscent of an engaging blend of Jimmy Buffet and Gabriel García Márquez.

Hurricane Ron C. J. Hatch, 2015-07-12 As an investigative reporter, Ron McKee didn't expect to be fired for reporting the truth, but truth is inconvenient for the corrupt, local sheriff, and so it becomes for Ron. Still, he takes it all in stride until he finds his wife has run off with their son. After taking his frustrations out on his wife's lover, and following up with a deadly run-in with a group of local hooligans, Ron finds himself on the run and things only get worse with every decision he makes. Ron's attempts to stay ahead of an ensuing law enforcement dragnet take him and his prized Harley-Davidson Betsy on a punishing journey through the backwoods of Alabama to the Carolina mountains. Just as he feels he's run far enough and hopes to return home he has a run-in with Thor's Hammer, a motorcycle gang of combat-hardened military veterans who use skills learned from the Global War on Terror to run an untouchable, multi-state criminal empire. Ron must try to steer clear of the maniac bikers long enough to

rebuild the battered Betsy and himself, before he can return home to clear his name. Even if he survives the wrath of Thor's Hammer, he still has to race home to face the murderous sheriff who now has his son and wife in protective custody, all while a Category-Three hurricane tears apart his hometown.

**Hurricane!** Tom Madigan, Hurricane! The Bob Hannah Story is the first book to explore the life of American motocross and Supercross racing's first superstar. From the time he raced the Husquvarna he bought with "ones, fives, tens, change; all of my savings," until his retirement at Unadilla in 1989, Bob Hannah won races and championships, spoke his mind, and signed almost every autograph-seeker's program. Told as an oral history by Hannah himself and by those who know him best, this book is full of stories that could only have happened to a character as colorful as the Hurricane. The tale author Tom Madigan tells is the life of an American original, a boy who went from riding dirt bikes in the desert with his father to taking the motocross world by surprise. By the time Hannah retired in 1989, he had collected 70 AMA National wins, seven AMA National titles, a MX des Nations title, and legions of devoted fans. When inducted into the AMA Motorcycle Hall of Fame in 1999, he was second to none in both total and consecutive wins. Richly illustrated, this is the definitive biography of the Hurricane.

**Orange County Choppers (TM)** Paul M. Teutul, Michael Teutul, Keith and Kent Zimmerman, 2008-12-14 In the year 2003, Lady Luck reached out to a hard-

living, hard-working family in a small town in Orange County, New York. That was when a team from the Discovery Channel began filming the custom chopper shop of Paul Senior Teutul, his son Paulie, and the rest of their highly dysfunctional, totally authentic crew as they did what they do best: make great custom-crafted bikes from the ground up. Within a few episodes, the Teutuls were famous: for their hilarious head-butting, their outrageous yelling, their amazing designs, and, most of all, for being real every step of the way. With their hit show American Chopper turning into the Discovery Channel's top-rated program, the Teutuls became unlikely national icons. Now the Teutuls tell their story as it has never been told before. Senior chronicles his harrowing journey from a hell-raising teen to a star-crossed businessman desperately trying to keep his demons at bay. And Paulie remembers working by his father's side in their ironworks shop-and the bond that developed between them when they first built an EVO-powered custom chopper from scratch. From youngest son Mikey's entrance into the shop to all the other members of the extended OCC family, this is a chronicle of Panheads and Softails turned into gleaming works of art, of Old School design versus Paulie's amazing theme bikes that took custom biking by storm-and earned the Teutuls some of the most famous clients in the world. With over 60 family archive photos that capture this true rags-to-riches saga, Orange County Choppers is the raw, honest story of a family that was born to be wild, how they came together around a shared passion and skill-and how they captured

the heart of America.

The Crucifix Ray Sproule, 2024-01-05 At the age of fourteen, Marciano kills a pedophilic abbot with the sharpened point of a crucifix, driving him to take refuge in a remote mountain villa in Corsica, devoted to training assassins and forcing him into a career as a notorious assassin known as The Crucifix. Later, he attempts to break free of his French Milieu masters and is pursued from Morocco to Paris, the Greek island of Mykonos, Messina, and finally, the Spanish Sahara. Throughout, he strives to find a belief, not in God so much, but in something more significant, his true nature.

*One Would Think the Deep* Claire Zorn, 2016-05-25 From the multi award-winning author of *The Protected* and *The Sky So Heavy* comes a ground-breaking young adult masterpiece about lost young men Sam stared at the picture of the boy about to be tipped off the edge of the world: the crushing weight of water about to pummel him. Sam knew that moment exactly, the disbelief that what was about to happen could even be possible. The intake of breath before the flood. Sam has always had things going on in his head that no one else understands, even his mum. And now she's dead, it's worse than ever. With nothing but his skateboard and a few belongings in a garbage bag, Sam goes to live with the strangers his mum cut ties with seven years ago: Aunty Lorraine and his cousins Shane and Minty. Despite the suspicion and hostility emanating from their fibro shack, Sam reverts to his childhood habit of

following Minty around and is soon surfing with Minty to cut through the static fuzz in his head. But as the days slowly meld into one another, and ghosts from the past reappear, Sam has to make the ultimate decision ... will he sink or will he swim.

Relent Associate Professor of English Nina Levine, Nina Levine, 2015-03-16 A biker torn between loyalty to his club and love for his woman. I let Evie Bishop go once. I won't make that mistake again. I've loved Evie since we were kids, before I found the Storm MC. Long before I sold my soul to the devil. I never wanted to bring her into this world, but a man can only go so long without the woman he loves by his side. I need her like I fucking need air and I won't stop until she's mine again. I knew she'd battle me. I knew I'd have to fight hard for her. But I never thought I'd be in this predicament-torn between her and my club. The thing about me, though, is that I'll do anything for those I love. Even if it could cost me everything. This story contains all the panty-melting sexiness and alpha goodness that Nina Levine books are known for. **Under the Wire** Paul Conroy,2013-10-08 The true story of iconic war correspondent Marie Colvin (called by her peers the greatest war correspondent of her generation) featured in the film A Private War, produced by Charlize Theron and starring Rosamund Pike. Also the basis of the documentary Under the Wire. Marie Colvin was an internationally recognized American foreign war correspondent who was killed in a rocket attack in 2012 while reporting on the suffering of civilians inside Syria. She was renowned for her iconic flair and her fearlessness: wearing the pearls that were a gift from Yasser Arafat and her black eye-patch, she reported from places so dangerous no other correspondent would dare to go. Photographer Paul Conroy forged a close bond with Colvin as they put their lives on the line time and

time again to report from the world's conflict zones, and he was by her side during her final assignment. A riveting war journal, *Under the Wire* is Paul's gripping, visceral, and moving account of their friendship and the final year he spent alongside her. When Marie and Paul were smuggled into Syria by rebel forces, they found themselves trapped in one of the most hellish neighborhoods on earth. Fierce barrages of heavy artillery fire rained down on the buildings surrounding them, killing and maiming hundreds of civilians. Marie was killed by a rocket which also blew hole in Paul's thigh big enough to put his hand through. Bleeding profusely, short of food and water, and in excruciating pain, Paul then endured five days of intense bombardment before being evacuated in a daring escape in which he rode a motorbike through a tunnel, crawled through enemy terrain, and finally scaled a 12-foot-high wall. Astonishingly vivid, heart-stoppingly dramatic. and shot through with dark humor, in *Under the Wire* Paul Conroy shows what it means to be a war reporter in the 21st century. His is a story of two brave people drawn together by a shared compulsion to bear witness.
