Aimee Liu

The Mountain Is You Brianna Wiest, 2020 THIS IS A BOOK ABOUT SELF-SABOTAGE. Why we do it, when we do it, and how to stop doing it-for good. Coexisting but conflicting needs create self-sabotaging behaviors. This is why we resist efforts to change, often until they feel completely futile. But by extracting crucial insight from our most damaging habits, building emotional intelligence by better understanding our brains and bodies, releasing past experiences at a cellular level, and learning to act as our highest potential future selves, we can step out of our own way and into our potential. For centuries, the mountain has been used as a metaphor for the big challenges we face, especially ones that seem impossible to overcome. To scale our mountains, we actually have to do the deep internal work of excavating trauma, building resilience, and adjusting how we show up for the climb. In the end, it is not the mountain we master, but ourselves.

Love's Mountain Quest (Hearts of Montana Book #2) Misty M. Beller, 2020-06-30 Young widow Joanna Watson is struggling to make a new home for her five-year-old son, Samuel, in the little mountain town of Settler's Fort. When she returns home from work to find Samuel and the woman watching him missing, with no lawman in town, she enlists a man she prays has enough experience in this rugged country to help. Isaac Bowen wants nothing more than a quiet, invisible life in these mountains, far away from the bad decisions of his past. But he has a strong suspicion of who's behind the kidnapping, and if he's right, he knows all too well the evil they're chasing. As they press on against the elements, Joanna fights to hold on to hope, while Isaac knows a reckoning is coming. They find encouragement in the tentative trust that grows between them, but whether it can withstand the danger and coming confrontation is far from certain in this wild, unpredictable land.

The Spirit of Redd Mountain Larry Auerbach, 2011-08-04 On his last hunt on Redd Mountain, Warner Barneya well-known, world-class hunter more than met his match. As a result of his arrogance and carelessness, several people were killed in a tragic snowslide. Warner has tried to put his past behind him and set new goals. He heads back to Redd Mountain, supremely confident that he is the only man who can bring down a legendary elk; he quickly finds, however, his task isn't as easy as he had expected. To make matters worse, he is blocked at every turn by a park ranger and his former guide, Gerry Bruce. Gerry was involved in his last hunt on this mountain, the very hunt in which Warner's careless action caused the deaths that haunt him today. Gerry is very determined not to let that happen again, so he reluctantly agrees to go along on this one. There are other people on the hunt for reasons of their own, and once on the mountain they will find themselves pulled along the

slopes by an unseen hand. Someone else wants them to be there at the end, when the chase is over and the quarry brought down. As they close in on the elk, they find themselves starting to wonder if they are following or being led, as more and more curious events start to take place. In the end, however, the mountain will decide who is the hunter and who is the prey.
