Reading Hollywood Deborah Thomas,2019-07-25 This book examines the treatment of space and narrative in a selection of classic films including *My Darling Clementine*, *It's a Wonderful Life*, and *Vertigo*. Deborah Thomas employs a variety of arguments in exploring the reading of space and its meaning in Hollywood cinema and film generally. Topics covered include the importance of space in defining genre (such as the necessity of an urban landscape for a gangster film to be a gangster film); the ambiguity of offscreen space and spectatorship (how an audience reads an unseen but inferred setting), and the use of spatially disruptive cinematic techniques such as flashback to construct meaning.

Rock Star/Movie Star Landon Palmer,2020-06-30 During the mid-1950s, when Hollywood found itself struggling to compete within an expanding entertainment media landscape, certain producers and studios saw an opportunity in making films that showcased performances by rock 'n' roll stars. Rock stars eventually found cinema to be a useful space to extend their creative practices, and the motion picture and recording industries increasingly saw cinematic rock stardom as a profitable means to connect multiple media properties. Indeed, casting rock stars for film provided a tool for bridging new relationships across media industries and practices. From Elvis Presley to Madonna, this book examines the casting rock stars in films. In so doing, *Rock Star/Movie Star* offers a new perspective on the role of stardom within the convergence of media industries. While hardly the first popular music culture to see its stars making the transition to screen, the timing of rock's emergence and its staying power within popular culture proved fortuitous for a motion picture business searching for its place in the face of continuous technological and cultural change. At the same time, a post-star-system film industry provided a welcoming context for rock stars who have valued authenticity, creative autonomy, and personal expression. This book uses illuminating archival resources to demonstrate how rock stars have often proven themselves to be prominent film workers exploring this terrain of platforms old and new - ideal media laborers whose power lies in the fact that they are rarely recognized as such. Combining star studies with media industry studies, this book proposes an integrated methodology for writing media history that combines the actions of individuals and the practices of industries. It demonstrates how stars have operated as both the gravitational center of media production as well as social actors who have taken on a decisive role in the purposes to which their images are used.

Living with Cultivating Messages Elena Pelzer,2021-09-21 Wie beeinflussen Botschaften aus dem Fernsehen unsere Wahrnehmung über die soziale Realität? Meistens konzentrieren sich Kultivierungsstudien zu dieser Frage auf die Medieneffekte. Doch das vorliegende Buch wählt einen neuen Ansatz und stellt die kultivierenden Botschaften in den Vordergrund. Das Buch behandelt, was Botschaften sind und wie sich uniforme von genrespezifischen Botschaften und Metanarrativen unterscheiden. Es werden verschiedene theoretische und fachliche Perspektiven zusammengebracht und das neue Botschaftskonzept 'Subgenre-Botschaften' vorgestellt, welches die Veränderungen der Medienlandschaft hin zum Online-Fernsehen berücksichtigt. Die computergestützte Simulationsstudie zeigt, inwiefern sich manche Botschaftskonzepte mehr ähneln als andere, und demonstriert, dass Subgenre-Botschaften am robustesten gegenüber Verzerrungen sind.

The Cult Film Experience J. P. Telotte,2014-02-19 Play it again, Sam is the motto of cult film enthusiasts, who will watch their favorite movie over and over, beyond all reason. What is the appeal of cult movies? Why do fans turn up in droves at midnight movies or sit through the same three-hanky classics from Hollywood's golden era? These are some of the questions J. P. Telotte and twelve other noted film scholars consider in this groundbreaking study of the cult film. The book identifies two basic types of cult films—older Hollywood movies, such as *Casablanca*, that have developed a cult following and midnight movies, most notably *The Rocky Horror Picture Show*. Telotte, Bruce Kavin, and Timothy Corrigan offer thought-provoking discussions about why these two types of movies become cult films, the sort of audience they attract, and the needs they fulfill for that audience. Subsequent essays employ a variety of cultural, feminist, ideological, and poststructural strategies for exploring these films. In a section on the classical cult film, the movie *Casablanca* receives extensive treatment. An essay by T. J. Ross considers *Beat the Devil* as a send-up of cult films, while another essay by Wade Jennings analyzes the cult star phenomenon as personified in Judy Garland. Midnight movie madness is explored in essays on *The Rocky Horror Picture Show*, movie satires of the 1950s, science fiction double features, and horror thrillers. Illustrated with scenes from favorite movies and written for both fans and scholars, *The Cult Film Experience* will appeal to a wider audience than the usual suspects.

The Golden Age of Disaster Cinema Nik Havert,2019-05-06 From the 1950s through the 1970s, disaster movies were a wildly popular genre. Audiences thrilled at the spectacle of these films, many of which were considered glamorous for their time. Derided by critics, they became box office hits and cult classics, inspiring filmmakers around the globe. Some of them launched the careers of producers, directors and actors who would go on to create some of Hollywood's biggest blockbusters. With more than 40 interviews with actors, actresses, producers, stuntmen, special effects artists and others, this book covers the Golden Age of sinking ships, burning buildings, massive earthquakes, viral pandemics and outbreaks of animal madness.

The Dirty South James A. Crank,2023-11-15 The Dirty South examines the shifting significances of the South as a constructed, fantasized region in the American psyche, particularly its frequent association with tropes of dirt that emphasize soil, garbage, trash, grit, litter, mud, swamp water, slime, and pollution. Beginning with iconic works from the 1970s such as *Deliverance* and *The Texas Chainsaw Massacre*, James A. Crank traces the image of a “dirty” South into the twenty-first century to explore the social, political, and psychological effects of the region’s hold on the imaginations of southerners and nonsoutherners alike. With a focus on media forms through which southern identity gets articulated and questioned—including horror movies, *Swamp Thing* comics, and popular music by artists such as Waylon Jennings and OutKast—*The Dirty South* probes the sustained fascination with southern dirtiness while reflecting on its causes and consequences since the end of the civil rights era. Highlighting the period from 1970 to 2020, during which the South began to represent several new possible identities for the nation as a whole and for the area itself, Crank considers the ways that southerners have used depictions of dirt to create and police boundaries and to contest those boundaries. Each chapter pairs prominent literary or cultural texts from the 1970s with more contemporary works, such as Jordan Peele’s film *Get Out*, which recycle similar investments or, critically, challenge the inherent whiteness of the earlier images. By historicizing fantasies of the region and connecting

them to the first decades of the twenty-first century, *The Dirty South* reveals that notions about southern dirtiness proliferate not because they lend authenticity or relevancy to the U.S. South, but because they aid so conspicuously in the zombified work of tethering investors (real and imagined) to a graveyard of ideas.

Reclaiming the Archive Vicki Callahan, 2010-04-15 *Reclaiming the Archive: Feminism and Film History* brings together a diverse group of international feminist scholars to examine the intersections of feminism, history, and feminist theory in film. Editor Vicki Callahan has assembled essays that reflect a range of methodological approaches—including archival work, visual culture, reception studies, biography, ethno-historical studies, historiography, and textual analysis—by a diverse group of film and media studies scholars to prove that feminist theory, film history, and social practice are inevitably and productively intertwined. Essays in *Reclaiming the Archive* investigate the different models available in feminist film history and how those feminist strategies might serve as paradigmatic for other sites of feminist intervention. Chapters have an international focus and range chronologically from early cinema to post-feminist texts, organized around the key areas of reception, stars, and authorship. A final section examines the very definitions of feminism (post-feminism), cinema (transmedia), and archives (virtual and online) in place today. The essays in *Reclaiming the Archive* prove that a significant heritage of film studies lies in the study of feminism in film and feminist film theory. Scholars of film history and feminist studies will appreciate the breadth of work in this volume.

Metacinema in Contemporary Chinese Film G. Andrew Stuckey, 2018-08-17 Depictions within a movie of either filmmaking or film watching are hardly novel, but the dramatic expansion of the reach of the metacinematic into contemporary Chinese cinemas is nothing short of remarkable. To G. Andrew Stuckey, the prevalence of metacinematic features forms the basis of a discourse on film arising from the films themselves. Such a discourse, in turn, outlines the boundaries of the possible for film in China as aesthetic or sociopolitical practice. Metacinema also draws our attention to the presence of the audience, people actively responding to a film. In elucidating the affective responses elicited by the metacinematic mode in the viewers, Stuckey argues that metacinema reflects ways of being in the world that audiences may take up for themselves. The films studied in this book are drawn across the full spectrum of Chinese films made in mainland China, Hong Kong, and Taiwan during the 1990s and 2000s, from award-winning conceptual art films to popular crowd pleasers, blockbusters to low-budget productions, and documentary-style social realist exposé projects to studio assembly-line investments. The recurrence of the metacinematic across this broad range of works is indicative of its relevance to Chinese films today, and the analysis of these diverse examples allows us to gauge the cultural, social, and aesthetic implications of Chinese cinemas as a whole. “Stuckey surveys a broad swath of contemporary Chinese cinema, from popular blockbusters to elite art films, around the theme of metacinema, yielding new insights into both previously neglected films and those already acknowledged as contemporary classics. The result is a fascinating dive into the growing and diversifying cinema culture of China today.” —Jason McGrath, University of Minnesota “Stuckey’s brilliant work, *Metacinema in Contemporary Chinese Film*, offers insightful close analyses of films by key directors from the PRC (Jiang Wen, Lou Ye, Jia Zhangke, and Li Yu), Hong Kong (Peter Chan), and Taiwan (Tsai Ming-liang). This clearly written book is essential reading for scholars and students of Chinese cinemas. Stuckey’s study of genre and metacinema makes it a must-read for anyone interested in cinema.” —Michelle Bloom, University of California, Riverside

Film Music: A History James Wierzbicki, 2009-01-21 *Film Music: A History* explains the development of film music by considering large-scale aesthetic trends and structural developments alongside socioeconomic, technological, cultural, and philosophical circumstances. The book’s four large parts are given over to Music and the Silent Film (1894--1927), Music and the Early Sound Film (1895--1933), Music in the Classical-Style Hollywood Film (1933--1960), and Film Music in the Post-Classic Period (1958--2008). Whereas most treatments of the subject are simply chronicles of great film scores and their composers, this book offers a genuine history of film music in terms of societal changes and technological and economic developments within the film industry. Instead of celebrating film-music masterpieces, it deals—logically and thoroughly—with the complex ‘machine’ whose smooth running allowed those occasional masterpieces to happen and whose periodic adjustments prompted the large-scale twists and turns in film music’s path.

American International Pictures Rob Craig, 2019-02-19 *American International Pictures* was in many ways the missing link between big-budget Hollywood studios, poverty-row B-movie factories and low-rent exploitation movie distributors. AIP first targeted teen audiences with science fiction, horror and fantasy, but soon grew to encompass many genres and demographics—at times, it was indistinguishable from many of the major studios. From *Abby* to *Zontar*, this filmography lists more than 800 feature films, television series and TV specials by AIP and its partners and subsidiaries. Special attention is given to American International Television (the TV arm of AIP) and an appendix lists the complete AITV catalog. The author also discusses films produced by founders James H. Nicholson and Samuel Z. Arkoff after they left the company.
