Movie Geek Simon Brew, Den of Geek, 2017-10-05 Movie Geek is a nerdy dive into popular movies, brought to you by the award-winning Den Of Geek website, with a foreword by the UK's foremost film critic, Mark Kermode. Discover hidden stories behind movies you love (and, er, don't love so much), and find out just why the most dangerous place to be is in a Tom Hanks film. Fascinating, surprisingly and hugely entertaining, this leftfield movie guide is gold for film buffs, and might just bring out the geek - hidden or otherwise - within you... Includes: Alternative movie endings that were binned Movie sequels you didn't know existed Massive box office hits that were huge gambles The collateral damage of Tom Hanks movies Hidden subtexts in family movies Disastrous things that went wrong on modern movie sets...and much, much more!

The Case for Fanfiction Ashley J. Barner, 2017-08-07 Challenging readers to rethink what they read and why, the author questions the aesthetic assumptions that have led to the devaluing of fanfiction--a genre criticized as both tasteless and derivative--and other guilty pleasure reading (and writing), including romance and fantasy. The complicated relationship between fanfic and intellectual property rights is discussed in light of the millennia-old tradition of derivative literature, before modern copyright law established originality as the hallmark of great fiction. Absorbed reading--the practice of immersing oneself in the narrative versus critically reading from a distance--is a strong motive for the appropriation by fanfiction of canon characters and worlds.

The Faber Book of Movie Verse Philip French, Ken Wlaschin, 1994 This collection of poetry about the cinema includes work by almost 100 English-language poets. It guides readers through the silent era to talkies, movie stars, home movies and beyond - the final poem being about recording TV films onto VHS.

Adaptation and Cultural Appropriation Pascal Nicklas, Oliver Lindner, 2012-05-29 "Hamlet" by Olivier, Kaurismäki or Shepard and "Pride and Prejudice" in its many adaptations show the virulence of these texts and the importance of aesthetic recycling for the formation of cultural identity and diversity. Adaptation has always been a standard literary and cultural strategy, and can be regarded as the dominant means of production in the cultural industries today. Focusing on a variety of aspects such as artistic strategies and genre, but also marketing and cultural politics, this volume takes a critical look at ways of adapting and appropriating cultural texts across epochs and cultures in literature, film and the arts.

Internet Fictions Ingrid Hotz-Davies, Anton Kirchhofer, Sirpa Leppänen, 2008-12-18 The Internet is nothing less than a medium for the indiscriminate and global dissemination of information if we take information in its cybernetic sense as bits of data - any data. As such, it is also a massive, amorphous, rhizomic collection of substantiated facts, guesswork, fantasy, madness, debate, criminal energy, big business, stupidity, brilliance, all in all a seemingly limitless multiplication of voices, all clamouring to be heard. It is a medium which

proliferates stories, narratives, fictions, in ways which are both new and familiar. It is as a generator of fictions that the Internet seems to be just waiting to be explored by the disciplines of literary, cultural and linguistic studies: Fan-fiction, slash and straight; scam baiting; fan sites; 'wild' or 'rogue' interpretive universes; gossip, theories, musings, opinions. As a singularly unstructured – and hence as yet uncanonizable – body of texts, the stories told on the Internet have a distinct element of 'grass-roots' fictionalization and so offer an unprecedented opportunity to access, hear and investigate the stories and fantasies woven by non-professional writers alongside their more formally recognized colleagues. As a medium which is beginning to investigate itself by means of various meta-debates within the vast community of Internet fictionalizers, it is also a location where emergent phenomena may be debated in their process of being generated. This collection seeks to explore this for the most part uncharted territory in creative, innovative, theory-savvy ways using the manifold fictions the Internet generates. It brings together a wide variety of expertise from the fields of linguistic, literary, media and cultural studies. All contributors bring to the collection their individual voices and approaches which speak from various positions of involvedness or critique to provide searching and passionate discussions of the issues involved in Internet Fictions.

The Film That Changed My Life Robert K. Elder, 2011-01-01 The movie that inspired filmmakers to direct is like the atomic bomb that went off before their eyes. The Film That Changed My Life captures that epiphany. It explores 30 directors' love of a film they saw at a particularly formative moment, how it influenced their own works, and

how it made them think differently. *Rebel Without a Cause* inspired John Woo to comb his hair and talk like James Dean. For Richard Linklater, "something was simmering in me, but *Raging Bull* brought it to a boil." *Apocalypse Now* inspired Danny Boyle to make larger-than-life films. A single line from *The Wizard of Oz*--"Who could ever have thought a good little girl like you could destroy all my beautiful wickedness?"--had a direct impact on John Waters. "That line inspired my life," Waters says. "I sometimes say it to myself before I go to sleep, like a prayer." In this volume, directors as diverse as John Woo, Peter Bogdanovich, Michel Gondry, and Kevin Smith examine classic movies that inspired them to tell stories. Here are 30 inspired and inspiring discussions of classic films that shaped the careers of today's directors and, in turn, cinema history.

At Canaan's Edge Taylor Branch,2007-04-04 *At Canaan's Edge* concludes America in the King Years, a three-volume history that will endure as a masterpiece of storytelling on American race, violence, and democracy. Pulitzer Prize-winner and bestselling author Taylor Branch makes clear in this magisterial account of the civil rights movement that Martin Luther King, Jr., earned a place next to James Madison and Abraham Lincoln in the pantheon of American history. In *At Canaan's Edge*, King and his movement stand at the zenith of America's defining story, one decade into an epic struggle for the promises of democracy. Branch opens with the authorities' violent suppression of a voting-rights march in Alabama on March 7, 1965. The quest to cross Selma's Edmund Pettus Bridge engages the conscience of the world, strains the civil rights coalition, and embroils King in negotiations with all three branches of the U.S. government. The marches from Selma coincide with the first landing of large U.S. combat units in South Vietnam. The escalation of the war severs the cooperation of King and President Lyndon Johnson after a collaboration that culminated in the landmark 1965 Voting Rights Act. After Selma, young pilgrims led by Stokely

Carmichael take the movement into adjacent Lowndes County, Alabama, where not a single member of the black majority has tried to vote in the twentieth century. Freedom workers are murdered, but sharecroppers learn to read, dare to vote, and build their own political party. Carmichael leaves in frustration to proclaim his famous black power doctrine, taking the local panther ballot symbol to become an icon of armed rebellion. Also after Selma, King takes nonviolence into Northern urban ghettos. Integrated marches through Chicago expose hatreds and fears no less virulent than the Mississippi Klan's, but King's 1966 settlement with Mayor Richard Daley does not gain the kind of national response that generated victories from Birmingham and Selma. We watch King overrule his advisers to bring all his eloquence into dissent from the Vietnam War. We watch King make an embattled decision to concentrate his next campaign on a positive compact to address poverty. We reach Memphis, the garbage workers' strike, and King's assassination. Parting the Waters provided an unsurpassed portrait of King's rise to greatness, beginning with the 1955 Montgomery bus boycott and ending with the assassination of President John F. Kennedy in 1963. In Pillar of Fire, theologians and college students braved the dangerous Mississippi Freedom Summer of 1964 as Malcolm X raised a militant new voice for racial separatism. The Civil Rights Act of 1964 outlawed segregation by race and mandated equal opportunity for women. From the pinnacle of winning the Nobel Peace Prize, King willed himself back to the valley of jail in his daunting Selma campaign. At Canaan's Edge portrays King at the height of his moral power even as his worldly power is waning. It shows why his fidelity to freedom and nonviolence makes him a defining figure long beyond his brilliant life and violent end.

British Writers and the Media, 1930-45 Keith Williams, 1996-06-12 Richly informative about a host of writers from Auden to Priestley, and theoretically informed, this wide-ranging new study demonstrates that the 1930s, remembered usually for uncomplicated political engagement, can rather be seen as initiating the key elements of postmodernism, developing the individual's sense of 'elsewhere' through new technology of representation and propaganda. Keith Williams analyses the relationship between the leftist writers of the decade and the mass-media, showing how newspapers, radio and film were treated in their writing and how they radically reshaped its forms, assumptions and imagery.

The Best of Me Nicholas Sparks, 2011-10-11 In this #1 New York Times bestselling novel of first love and second chances, former high school sweethearts confront the painful truths of their past to build a promising future-together. Everyone wanted to believe that endless love was possible. She'd believed in it once, too, back when she was eighteen. In the spring of 1984, high school students Amanda Collier and Dawson Cole fell deeply, irrevocably in love. Though they were from opposite sides of the tracks, their love for one another seemed to defy the realities of life in their small town in North Carolina. But as the summer of their senior year came to a close, unforeseen events would tear the young couple apart, setting them on radically divergent paths. Now, twenty-five years later, Amanda and Dawson are summoned back home for the funeral of Tuck Hostetler, the mentor who once gave shelter to their high school romance. Neither has lived the life they imagined . . . and neither can forget the passionate first love that forever changed their lives. As Amanda and Dawson carry out the instructions

Tuck left behind for them, they realize that everything they thought they knew—about Tuck, about themselves, and about the dreams they held dear—was not as it seemed. Forced to confront painful memories, the former lovers will discover undeniable truths about the choices they have made. And in the course of a single, searing weekend, they will ask of the living, and the dead: Can love truly rewrite the past?

A Single Man Christopher Isherwood,2013-11-19 Welcome to sunny suburban 1960s Southern California. Behind his British reserve, tides of grief, rage, and loneliness surge—but what is revealed is a man who loves being alive despite all the everyday injustices.
