***Each Tiny Spark*** Pablo Cartaya,2019-08-06 From award-winning author Pablo Cartaya comes a deeply moving middle grade novel about a daughter and father finding their way back to each other in the face of their changing family and community. A SCHNEIDER FAMILY BOOK AWARD HONOR FOR MIDDLE GRADE Emilia Torres has a wandering mind. It's hard for her to follow along at school, and sometimes she forgets to do what her mom or abuela asks. But she remembers what matters: a time when her family was whole and home made sense. When Dad returns from deployment, Emilia expects that her life will get back to normal. Instead, it unravels. Dad shuts himself in the back stall of their family's auto shop to work on an old car. Emilia peeks in on him daily, mesmerized by his welder. One day, Dad calls Emilia over. Then, he teaches her how to weld. And over time, flickers of her old dad reappear. But as Emilia finds a way to repair the relationship with her father at home, her community ruptures with some of her classmates, like her best friend, Gus, at the center of the conflict. *Each Tiny Spark* by Pablo Cartaya is a tender story about asking big questions and being brave enough to reckon with the answers.

**The World** Simon Sebag Montefiore, 2023-05-16 NEW YORK TIMES BESTSELLER • A magisterial world history unlike any other that tells the story of humanity through the one thing we all have in common: families • From the author of *The Romanovs* “Succession meets *Game of Thrones*.” —The Spectator • “The author brings his cast of dynastic titans, rogues and psychopaths to life...An epic that both entertains and informs.” —The Economist, Best Books of the Year Around 950,000 years ago, a family of five walked along the beach and left behind the oldest family footprints ever discovered. For award-winning historian Simon Sebag Montefiore, these poignant, familiar fossils serve as an inspiration for a new kind of world history, one that is genuinely global, spans all eras and all continents, and focuses on the family ties that connect every one of us. In this epic, ever-surprising book, Montefiore chronicles the world’s great dynasties across human history through palace intrigues, love affairs, and family lives, linking grand themes of war, migration, plague, religion, and technology to the people at the heart of the human drama. It features a cast of extraordinary diversity: in addition to rulers and conquerors, there are priests, charlatans, artists, scientists, tycoons, gangsters, lovers, husbands, wives, and children. There is Hongwu, the beggar who founded the Ming dynasty; Ewuare, the Leopard-King of Benin; Henry Christophe, King of Haiti; Kamehameha, the conqueror of Hawaii; Zenobia, the Arab empress who defied Rome; Lady Murasaki, the first female novelist; Sayyida al-Hurra, the Moroccan pirate-queen. Here too are moderns such as Indira Gandhi, Margaret Thatcher, Barack Obama, Vladimir Putin, and Volodymyr Zelensky. Here are the Caesars, Medicis and Incas, Ottomans and Mughals, Bonapartes, Habsburgs and Zulus, Rothschilds, Rockefellers and Krupps, Churchills, Kennedys, Castros, Nehrus, Pahlavis and Kenyattas, Saudis, Kims and Assads. These powerful families represent the breadth of human endeavor, with bloody succession battles, treacherous conspiracies, and shocking megalomania alongside flourishing culture, moving romances, and enlightened benevolence. A dazzling achievement as spellbinding as fiction, *The World* captures the whole human story in a single, masterful narrative.

**Basque History Of The World** Mark Kurlansky, 2011-03-11 They are a mythical people, almost an imagined people, writes Mark Kurlansky. Settled in a corner of France and Spain in a land marked on no maps except their own, the Basques are a nation without a country, whose ancient and dramatic story illuminates Europe's own saga. Where did they come from? Signs of their civilization exist well before the arrival of the Romans in 218 B.C., and their culture appears to predate all others in Europe. Their mysterious and forbidden tongue, Euskera, is related to no other language on Earth. The Basques have stubbornly defended their unique culture against the Celts, the Romans, the Visigoths and Moors, the kings of Spain and France, Napoleon, Franco, the modern Spanish state, and the European Union. Yet as much as their origins are obscure, the Basques' contributions to world history have been clear and remarkable. Early explorers, they made fortunes whaling before the year 1000 and became the premier cod fishermen in Europe after discovering Canada's Grand Banks. Juan Sebastian de Elcano, a Basque, was the first man to circumnavigate the globe in 1522. Their influence has also been felt in religion as founders of the Jesuits in 1534, and in business, as leaders of the Industrial Revolution in southern Europe. Mark Kurlansky's passion for the Basque people, and his exuberant eye for detail, shine throughout this fascinating history. Like his acclaimed *Cod*, it blends human, economic, political, literary and culinary history into a rich and heroic tale.
