

Musica

Philippe Lacoue-Labarthe

Rafi and Rosi: Carnival! Lulu Delacre,2006 Two Latin American tree frogs, mischievous Rafi and his younger sister Rosi, enjoy the events of Puerto Rico's Carnival season.

Música Típica Sean Bellaviti,2020-09-17 The Panama Canal is a world-famous site central to the global economy, but the social, cultural, and political history of the country along this waterway is little known outside its borders. In *Música Típica*, author Sean Bellaviti sheds light on a key element of Panamanian culture, namely the story of cumbia or, as Panamanians frequently call it, *música típica*, a form of music that enjoys unparalleled popularity throughout Panama. Through extensive archival and ethnographic research, Bellaviti reconstructs a twentieth-century social history that illuminates the crucial role music has played in the formation of national identities in Latin America. Focusing, in particular, on the relationship between cumbia and the rise of populist Panamanian nationalism in the context of U.S. imperialism, Bellaviti argues that this hybrid musical form, which forges links between the urban and rural as well as the modern and traditional, has been essential to the development of a sense of nationhood among Panamanians. With their approaches to musical fusion and their carefully curated performance identities, cumbia musicians have straddled some of the most pronounced schisms in Panamanian society.

Música Tejana Manuel H. Peña,1999 Pena traces the history of musica tejana from the fandangos and bailes of the nineteenth century through the cancion ranchera and the politically informed corrido to the most recent forms of Tejano music.

Sor Juana/Música Pamela H. Long,2009 In her lost treatise on music which she titled *El caracol*, Sor Juana Inés de la Cruz addressed the image of the spiral as a metaphor for musical harmony, an image which she distilled in one of her romances. Singing in the choir of the Templo de San Jerónimo, Sor Juana and the other nuns of her convent were raising the tone of their musica humana to be in accord with the music of the heavenly choirs, which the nuns were imitating in their singing. Octavio Paz theorizes a «triple interés» in music in Sor Juana's works: «práctico, teórico, filosófico». Numerous poems allude to the theoretical and philosophical problems of music, resulting in many levels of metaphor and metonym concerning music, especially in the loas and villancicos. Not only does Sor Juana's work address the metaphysical aspects of music, the musica speculative so popular in the sixteenth and seventeenth centuries, but it broaches important questions on the practical applications of new theories of musical harmony: the musica practica. A talented poet, playwright, scientist, and mathematician, Sor Juana also explored musical instruments and theory. Sor Juana/Música investigates the musical aspects of Sor Juana's literary achievements, exploring the dense metaphorical interplay of musical and literary images, and places her works within the musicological ambience of her time. With its interdisciplinary approach, Sor Juana/Música contributes not only to the understanding of Sor Juana's literary works, but also to the degree that literature underpins the other arts as it illuminates the musicological times in which she lived.

Musica Nortena Cathy Ragland,2009-03-16 The first history of the music that binds together Mexican immigrant communities.

La música en la naturaleza y en el hombre Francisco José León Tello,Isabel María León Sanz,2011-05-01 Presentamos lo que podríamos considerar como una filosofía darwiniana de la música, que comprende, entre otros temas, la teoría de la evolución musical y sus causas, la influencia del ambiente musical y del principio de selección natural, la diversidad de las especies musicales de lso distintos pueblos...

La música del siglo XX Francisco Ramos,2016-04 Partiendo de Debussy y llegando a Steve Reich. O empezando por Ablinger y acabando por Zimmerman. O arrancando en el impresionismo y siguiendo hasta la electroacústica. El lector puede elegir su forma de lectura en este libro torrencial, quizá el más completo escrito hasta la fecha, y no solo en español, sobre el complicado y muy diverso escenario de la música contemporánea durante el siglo XX. Vertebrada sobre itinerarios estéticos, la presente guía no deja de ser una historia de la música del siglo XX. La gran diferencia respecto a los manuales de historia estriba en la importancia que en este libro cobra el compositor, que junto al sonido es el eje fundamental del relato. (De la Introducción del autor). Relato es la palabra clave para un libro llamado a convertirse en un clásico: una obra llena de erudición, exhaustiva y utilísima como manual de referencia. Pero impregnada a la vez de amor por la música, de buen pulso narrativo y de una notable capacidad crítica.

Dramma Per Musica Reinhard Strohm,1997-01-01 'Dramma per musica', the most usual term for Italian serious opera from the seventeenth to the early nineteenth century, was a modern, enlightened form of theater that presented a unified, artistically designed, dramatic enactment of human stories, expressed by the voice and underscored by the orchestra. This book illustrates the diversity of this baroque art form and explains how it has given us opera as we know it.

De Musica Verballi Libri Duo Gaspar Stoquerus,1988-01-01 Gaspar Stoquerus's treatise, *De musica verballi* (ca. 1570), is the only Renaissance treatise as yet discovered that is devoted entirely to the problem of text placement in vocal polyphony. Salient portions of Stoquerus's treatise were first discussed in 1961 by Edward E. Lowinsky, and a more detailed synthesis of Stoquerus's treatise is contained in one chapter of Don Harran's *Word-Tone Relations in Musical Thought from Antiquity to the Seventeenth Century* (1986). The present volume of *Greek and Latin Music Theory* offers the first critical edition of Stoquerus's entire treatise, proceeded by an extensive introduction and accompanied by a translation and annotations facing the Latin text. Indexes of terms, names, and subjects are also included. The critical edition of the text provides a precise reading and comprehension of its contents, while the translation enables readers to examine more closely the contents of the entire treatise, especially Stoquerus's contextual arguments justifying his subject in general and his fifteen rules for text placement in particular. The introduction and annotations reveal Stoquerus's immersion in his historical milieu as a scholar, humanist, and pedagogue. As a pedagogue in particular, Stoquerus is deeply immersed in the scholastic method of argumentation and advances his thought with precision and logic, culminating in his closely reasoned set of fifteen rules for text placement and a simplification of the Guidonian method of solmization already in progress in Renaissance choir-instruction books. This volume offers the first critical edition of Stoquerus's entire treatise, the only Renaissance treatise as yet discovered that is devoted entirely to the problem of text placement in vocal polyphony. Also included are an extensive introduction, a translation and annotations facing the Latin text, and indexes of terms, names, and subjects.

Musica Ficta Philippe Lacoue-Labarthe,1994 This is a pioneering attempt to rearticulate the relationship between music and the problem of mimesis, of presentation and re-presentation. Four scenes compose this book, all four of them responses to Wagner: two by French poets (Baudelaire and Mallarme), two by German philosophers (Heidegger and Adorno). It is difficult today to realize how profoundly Wagner affected the cultural and ideological sensibilities of the nineteenth century. Wagnerism rapidly spread throughout Europe, partly because of Wagner's propagandizing talent and the zeal of his adherents. But the main reason for his ascendancy was the sudden appearance of what the century had desperately tried to produce since the beginnings of Romanticism - a work of art on the scale of great Greek and Christian art. Finally, here it was, the secret of what Hegel called the religion of art rediscovered. The first two scenes of the book, contemporary with the European triumph of Wagnerism, inscribe themselves in a historical sequence that is punctuated by the Franco-Prussian War and the Paris Commune, in which the universal unbridling of nations and classes is prefigured. The second two register certain effects of Wagnerism that are not just ideological but make themselves felt in a new political configuration that

solidifies a confusion between the national and the social. Art and politics are both at play here, but as neither a politics of art nor, even less, an art of politics. Instead, what is at stake, more gravely, is the aestheticization, the figuration, of the political. The four scenes frame and clarify the true scene that sanctioned Nietzsche's rupture with Wagner, the major philosophical event that Heidegger, in 1938, said it was imperative to understand as a turning point in Western history.

Musica Brasileira Claus Schreiner, 2002 This work takes the reader through the dense and intricate landscapes of Brazilian popular music, from the cries of the cattle herders in the North East to the rhythms of the ghettos.

La última película Luis de Larra, Luis de Larra y Ossorio, 1913

Musica! Sue Steward, 1999-10 Salsa, the irresistible dance music of the Spanish-speaking world, has made its way into the lives of millions around the globe. But salsa is only one of many popular Latin rhythms. The first comprehensive guide to the music, its history, and its legends, *Musica!* charts the vast territory of this lively Latin heritage, which began in Cuba and spread throughout the Caribbean and into North and South America. Illustrated with contemporary and vintage photos, *Musica!* features a gallery of legendary musical performers, plus sections on the musical styles and dances including the rumba, mambo, cha-cha, and merengue. A discography and bibliography complete this comprehensive story of Latin America's extraordinary rhythmic tradition.

Música Típica Sean Bellaviti, 2020-09-17 The Panama Canal is a world-famous site central to the global economy, but the social, cultural, and political history of the country along this waterway is little known outside its borders. In *Música Típica*, author Sean Bellaviti sheds light on a key element of Panamanian culture, namely the story of cumbia or, as Panamanians frequently call it, música típica, a form of music that enjoys unparalleled popularity throughout Panama. Through extensive archival and ethnographic research, Bellaviti reconstructs a twentieth-century social history that illuminates the crucial role music has played in the formation of national identities in Latin America. Focusing, in particular, on the relationship between cumbia and the rise of populist Panamanian nationalism in the context of U.S. imperialism, Bellaviti argues that this hybrid musical form, which forges links between the urban and rural as well as the modern and traditional, has been essential to the development of a sense of nationhood among Panamanians. With their approaches to musical fusion and their carefully curated performance identities, cumbia musicians have straddled some of the most pronounced schisms in Panamanian society.
