West Side Story Elizabeth A. Wells,2011 Offers a history of the creation of West Side Story and looks at the musical from a variety of cultural and historical perspectives--from Latin American influences to feminist perspectives to what the work has to say about juvenile delinquency in the 1950s--in a book that includes photos, a timeline, a discography and a cast and crew list.

The Musical Brain: And Other Stories César Aira,2015-03-03 A delirious collection of short stories from the Latin American master of micro-fiction. A delirious collection of short stories from the Latin American master of microfiction, César Aira--the author of at least eighty novels, most of them barely one hundred pages long--The Musical Brain & Other Stories comprises twenty tales about oddballs, freaks, and loonies. Aira, with his fuga hacia adelante or flight forward into the unknown, gives us imponderables to ponder and bizarre and seemingly out-of-context plot lines, as well as thoughtful and passionate takes on everyday reality. The title story, first published in the New Yorker, is the creme de la creme of this exhilarating collection.

The Story of Music Howard Goodall,2021-11-15 Why did prehistoric people start making music? What does every postwar pop song have in common? A "masterful" tour of music through the ages (Booklist, starred review). Music is an intrinsic part of everyday life, and yet the history of its development from single notes to multi-layered orchestration can seem bewilderingly specialized and complex. In his dynamic tour through 40,000 years of music, from prehistoric instruments to modern-day pop, Howard Goodall does away with stuffy biographies, unhelpful labels, and tired terminology. Instead, he leads us through the story of music as it happened, idea by idea, so that each musical innovation—harmony, notation, sung theater, the orchestra, dance music, recording, broadcasting—strikes us with its original force. He focuses on what changed when and why, picking out the discoveries that revolutionized man-made sound and bringing to life musical visionaries from the little-known Pérotin to the colossus of Wagner. Along the way, he also gives refreshingly clear descriptions of what music is and how it works: what scales are all about, why some chords sound discordant, and what all post-war pop songs have in common. The story of music is the story of our urge to invent, connect, rebel—and entertain. Howard Goodall's beautifully clear and compelling account is both a hymn to human endeavor and a groundbreaking map of our musical journey.

Deaf Side Story Mark Rigney,2003 The 1957 classic American musical West Side Story has been staged by countless community and school theater groups, but none more ambitious than the 2000 production by MacMurray College, a small school in Jacksonville, Illinois. Diane Brewer, the new drama head at the college, determined to add an extra element to the usual demands of putting on a show by having deaf students perform half of the parts. *Deaf Side Story* presents a fascinating narrative of Brewer and the cast's efforts to mount this challenging play. Brewer turned to the Illinois School for the Deaf (ISD) to cast the Sharks, the Puerto Rican gang at odds with the Anglo Jets in this musical version of Romeo and Juliet set in the slums of New York. Hearing performers auditioned to be the Jets, and once Brewer had cast her hearing Tony and deaf Maria, then came the challenge of teaching them all to sing/sign and dance the riveting show numbers for which the musical is renowned. She also had to manage a series of sensitive issues, from ensuring the seamless incorporation of American Sign Language into the play to reassuring ISD administrators and students that the production would not be symbolic of any conflict between Deaf and hearing people. Author Mark Rigney portrays superbly the progress of the production, including the frustrations and triumphs of the leads, the labyrinthine campus and community politics, and the inevitable clashes between the deaf high school cast members and their hearing college counterparts. His representations of the many individuals involved are real and distinguished. The ultimate success of the MacMurray production reverberates in *Deaf Side Story* as a keen depiction of how several distinct individuals from as many cultures could cooperate to perform a classic American art form brilliantly together.

The Sound of Music Story Tom Santopietro,2015-02-17 On March 2, 1965, The Sound of Music was released in the United States and the love affair between moviegoers and the classic Rodgers and Hammerstein musical was on. Rarely has a film captured the love and imagination of the moviegoing public in the way that The Sound of Music did as it blended history, music, Austrian location filming, heartfelt emotion and the yodeling of Julie Andrews into a monster hit. Now, Tom Santopietro has written the ultimate Sound of Music fan book with all the inside dope from behind the scenes stories of the filming in Austria and Hollywood to new interviews with Johannes von Trapp and others. Santopietro looks back at the real life story of Maria von Trapp, goes on to chronicle the sensational success of the Broadway musical, and recounts the story of the near cancellation of the film when the Cleopatra bankrupted 20th Century Fox. We all know that Julie Andrews and Christopher Plummer played Maria and Captain Von Trapp, but who else had been considered? Tom Santopietro knows and will tell all while providing a historian's critical analysis of the careers of director Robert Wise and screenwriter

Ernest Lehman, a look at the critical controversy which greeted the movie, the film's relationship to the turbulent 1960s and the super stardom which engulfed Julie Andrews. Tom Santopietro's *The Story of 'The Sound of Music'* is book for everyone who cherishes this American classic.

Channel of Peace Kevin Tuerff, 2018-02-06 One of the inspirations for the smash hit Broadway musical *Come From Away*, *Channel of Peace* is an unforgettable memoir of the extraordinary kindness afforded to passengers whose flights were re-routed to Gander, Newfoundland, on September 11, 2001. When Kevin Tuerff and his partner boarded their flight from France to New York City on September 11, 2001, they had no idea that a few hours later the world — and their lives — would change forever. After U.S. airspace closed following the terrorist attacks, Kevin, who had been experiencing doubts about organized religion, found himself in the small town of Gander, Newfoundland, with thousands of other refugees or “come from aways.” *Channel of Peace* is a beautiful account of how the people of Gander rallied with boundless acts of generosity and compassion for the “plane people,” renewing Kevin’s spirituality and inspiring him to organize an annual and growing “giving back” day. His unforgettable and uplifting story, along with others, has reached thousands of people when it was incorporated into the Broadway musical *Come From Away*.

Crescendo Allen Cheney, Julie Cantrell, 2019-07-16 A hidden story of human triumph, *Crescendo* takes you on the rare journey of a musical prodigy who changed an entire community forever. More than eighty years ago, a musical prodigy with a brilliant mind was born into a poor, uneducated, and abusive family in rural South Georgia. At three years of age, Fred Allen could play Mozart sonatas on the piano without missing a note. But in spite of his obvious talent, Fred’s parents discouraged him from expressing his creativity and intelligence, even going so far as locking him away from the old piano in their home. Forced to fend for himself through his adolescent years, Fred knew that if he was ever to make something of himself, he would need to find a way to rise above his broken background. With incredible effort, and a few miracles along the way, Fred managed to do just that, eventually earning acceptance into The Juilliard School in New York City. While simultaneously attending Juilliard, Union Theological Seminary, and Columbia University, he also began directing a local church choir, where he caught the attention of the music industry. During the musical revolution of the 1960s, Fred earned numerous Grammy nominations and built a growing reputation within the industry. But just as his new career was beginning to take off, Fred was faced with an impossible decision. His wife announced that she no longer wanted to raise their daughter in New York City and was heading home to the South. Fred had come so far from the pain and brokenness of his past, he couldn’t imagine giving up everything just to return to his childhood home. Trying not to think about what could have been, Fred took a job as a high school music teacher in his hometown of Thomasville, Georgia, a community of only 30,000 people. Far from the executive suites of RCA and the allure of Broadway, Fred never could have imagined that his new role would not only transform his life but also change an entire community forever.

The Music Went 'round and Around John Vacha, 2004 Spotting a trend in the early 1950s of staging summer theater in the round under tents, Cleveland John L. Price Jr. decided to give it a try. Consulting a local statistician to determine the geographical center of the culturally inclined population, the bull's-eye fell in Warrensville Heights, a Cleveland suburb that was also the home to Thistledown Race Track. Price opened his Musicarnival there, on the grounds of the race track, with a production of *Oklahoma!* in the summer of 1954. *The Music Went 'Round and Around* tells the story of this unique summer theater and of its ebullient founder, John L. Price Jr. Price's venture was one of the last commercial legitimate theaters established in Cleveland. In its heyday the Musicarnival had a capacity of 2500 and presented an average of eight to ten shows each summer. The backbone of the repertoire consisted of such musical classics as *Carousel*; *Kiss Me, Kate*; *Wonderful Town*; *Fanny*; *Paint Your Wagon*; and *The Unsinkable Molly Brown*. The summer

schedule also featured popular solo acts, such as Louis Armstrong, Henny Youngman, Tom Jones, and even burlesque. Occasionally Price tried to sneak in an opera, letting the popular shows support these operatic flings. For the first eleven seasons Price principally used a resident stock company, occasionally bringing in a visiting star, if available and right for the role. Toward the end of the 1960s, however, Price was forced to adopt the star system to keep his tent filled. Dropping the stock company, he brought in packaged productions generally headlined by popular singing or television stars. Both offerings had strong followings, and Musicarnival kept the torch of musical theater burning brightly in Cleveland until 1975, when declining attendance finally forced its closing. The Music Went 'Round and Around is the first book in the Cleveland Showtime Series.
