The Ultimate Book of Sports Movies Ray Didinger, 2010-06-29 Guys love movies. Especially sports movies, where every underdog has his day, every team achieves glory, and every hero gets his moment of redemption. Next to watching Monday Night Football, there's nothing more enjoyable than plopping down on the couch with the remote and a bottle of beer and firing up the special-edition DVD of Rocky, Hoosiers, Caddyshack, or any other fan favorite. Now, two nationally renowned sports media personalities take on the task of ranking the top 100 sports movies of all time, including entertaining and informative lists, special features, and contributions from over 75 top sports figures. From drama to comedy to tragedy to documentary, all the greatest sports films are here, brought to life through detailed summaries, fun facts and trivia, behind-the-scenes revelations, plus images from the greatest moments in sports film history. Original comments from some of the top personalities in sports and entertainment - including Peyton and Eli Manning, Charles Barkley, Tony Romo, James Gandolfini, Bill Parcells, Dennis Quaid, Arnold Palmer, and many more - provide further insight and marketing punch.

All-Stars and Movie Stars Ron Briley, Michael K. Schoenecke, Deborah A. Carmichael, 2008-06-20 In addition to the thrill of victory and the agony of defeat, sports offer a versatile arena for discussion of class, race, gender, sexuality, and other social facets. This title examines the interplay between sports films and defining characteristics of the cultures from which they emerge.

Altchek, 2012-12-27 With this brand new book, Foot and Ankle Sports Medicine, sports medicine practitioners will have one of the most comprehensive and practical resources for the treatment of foot and ankle sports injuries. Over 40 specialists in orthopaedic surgery, podiatry, physiatry, physical therapy, and athletic training contributed to this book's contents — including team physicians, physical therapists, and athletic trainers for major sports teams including the New York Giants, New York Mets, Philadelphia Flyers, Philadelphia Eagles, New York Knicks, Washington Nationals, Carolina Panthers, and the US Davis Cup Tennis team. It's the combination of all these different disciplines that makes this book such an excellent resource for treatment of foot and ankle sports injuries.

It's Not Over 'Til It's Over Al Silverman, 2004-01-27 Find inspiration in these “enjoyable” accounts of historic last-minute victories—both legendary and little-known—in the world of sports (Booklist). From a former editor of Sport magazine, this book is a journey through a century of athletic endeavor, from baseball to boxing and beyond—filled with true stories that remind us of some of the qualities that can help to create a

champion: perseverance, determination, and hope. “Re-creations of 13 dramatic sports events from the 20th century . . . While Silverman has chosen to profile a handful of well-documented events, such as New York Giant Bobby Thompson’s 1951 home run at the Polo Grounds, the first Ali-Frazier prizefight in 1971 and the 1980 US hockey team’s Olympic victory over the Russians, the real value of the book lies in his depiction of such obscure or neglected events as the 1923 boxing match between Argentine Luis Firpo and American Jack Dempsey, and the 1968 Harvard-Yale football game . . . The best piece follows an unknown Native American Marine from Kansas who shocked himself and the world by winning the 10,000-meter road race at the 1964 Tokyo Olympics . . . He often tracks down and interviews event participants to provide perspective from both the victor and the vanquished.” —Publishers Weekly

The Great Book of Detroit Sports Lists Mike Stone, Art Regner, 2008-12-16 Sports talk in America has evolved from small-time barroom banter into a major media smorgasbord that runs 24/7 on TV and radio. With hundreds of billions of dollars generated annually by pro and college teams in major markets nationwide, sports fans across the country are more dedicated than ever to their teams. And when it comes to sports talk—especially all-sports radio—it’s all about entertainment, information, prognostication, analysis, rankings, and endless discussion. Prominent sports-media figures in each of the three target cities—Cleveland, Detroit, and Washington, D.C.—engage in this phenomenon with a compilation of sports lists sure to delight as well as stir up debate within these already-buzzing sports communities. List topics include: • What were the most lopsided trades in local sports history? • Who were the most overrated athletes to play in our town? • What local athlete had the best appearance in TV or film? • What was the most heartbreaking loss in local sports history? • What was the greatest single play in local sports history? • Who are our team’s most hated rivals? • Plus dozens of “guest” lists contributed by famous local sports and entertainment celebrities. Not only does Detroit host major pro sports teams—the Lions (NFL), the Red Wings (NHL), the Tigers (MLB), and the Pistons (NBA)—the area also includes prominent college sports programs such as the University of Michigan. Detroit’s fans are some of the most educated and fanatical in the country, thanks to the work of long-time commentators Mike Stone and Art Regner.

Sports Journalism Patrick S. Washburn, Chris Lamb, 2020-07-01 Patrick S. Washburn and Chris Lamb tell the full story of the past, the present, and to a degree, the future of American sports journalism. *Sports Journalism* chronicles how and why technology, religion, social movements, immigration, racism, sexism, social media, athletes, and sportswriters and broadcasters changed sports as well as how sports are covered and how news about sports are presented and disseminated. One of the influential factors in sports coverage is the upswing in the number of women sports reporters in the last forty years. *Sports Journalism* also examines the ethics of sports journalism, how sports coverage frequently has differed from that of non-sports news, and how the internet has spawned a set of new ethical issues.
