Canals and Inland Navigation Gerald Crompton,1996 Each volume in this new series is a collection of seminal articles on a theme of central importance in the study of transport history, selected from the leading journal in the field. Each contains between ten and a dozen articles selected by a distinguished scholar, as well as an authoritative new introduction by the volume editor. Individually they will form an essential foundation to the study of the history of a mode of transport; together they will make an incomparable library of the best modern research in the field.

AmGov Christine Barbour,2019-02-12 All the fundamentals. No fluff. Learn more with less! A truly revolutionary American Government textbook, Christine Barbour's AmGov: Long Story Short, responds to the needs of today's students and instructors through brevity and accessibility. The succinct ten chapters are separated by tabs that make it easy to skim, flip, revisit, reorient, and return to content quickly. Reading aids like bullets, annotations and arrows walk students through important facts and break up the material in short, engaging bites of information that highlight not only what is important but why it's important. Though brief, this core book is still robust enough to provide everything that students need to be successful in their American Government course. Whether for the on-the-go student who doesn't have time to read and digest a lengthy chapter, or the instructor who wants a book that will stay out of their way and leave room for plenty of supplementary reading and activities, AmGov provides a perfectly simplified foundation for a successful American Government course.

One-Shot Harry Gary Phillips,2022-04-12 Race and civil rights in 1963 Los Angeles provide a powerful backdrop in Gary Phillips’s riveting mystery about an African American crime scene photographer seeking justice for a friend—perfect for fans of Walter Mosley, James Ellroy, and George Pelecanos. LOS ANGELES, 1963: Korean War veteran Harry Ingram earns a living as a news photographer and occasional process server: chasing police radio calls and dodging baseball bats. With racial tensions running high on the eve of Martin Luther King’s Freedom Rally, Ingram risks becoming a victim at every crime scene he photographs. When Ingram hears about a deadly automobile accident on his police scanner, he recognizes the vehicle described as belonging to his good friend and old army buddy, a white jazz trumpeter. The LAPD declares the car crash an accident, but when Ingram develops his photos, he sees signs of foul play. Ingram feels compelled to play detective, even if it means putting his own life on the line. Armed with his wits, his camera, and occasionally his Colt .45, “One-Shot” Harry plunges headfirst into the seamy underbelly of LA society, tangling with racists, leftists, gangsters, zealots, and lovers as he attempts to solve the mystery. Master storyteller and crime fiction legend Gary Phillips has filled the pages of One-Shot Harry with fascinating historical cameos, wise-cracks, tenderness, and an edge-of-your-seat thrill ride of a plot with consequences far beyond one dead body.

I Will Survive Gloria Gaynor, 2014-03-11 I Will Survive is the story of Gloria Gaynor, America's Queen of Disco. It is the story of riches and fame, despair, and finally salvation. Her meteoric rise to stardom in the mid-1970s was nothing short of phenomenal, and hits poured forth that pushed her to the top of the charts, including Honey Bee, I Got You Under My Skin, Never Can Say Goodbye, and the song that has immortalized her, I Will Survive, which became a #1 international gold seller. With that song, Gloria heralded the international rise of disco that became synonymous with a way of life in the fast lane - the sweaty bodies at Studio 54, the lines of cocaine, the indescribable feeling that you could always be at the top of your game and never come down. But down she came after her early stardom, and problems followed in the wake, including the death of her mother, whose love had anchored the young singer, as well as constant battles with weight, drugs, and alcohol. While her fans always imagined her to be rich, her personal finances collapsed due to poor management; and while many envied her, she felt completely empty inside. In the early 1980s, sustained by her marriage to music publisher Linwood Simon, Gloria took three years off and reflected upon her life. She visited churches and revisited her mother's old Bible. Discovering the world of gospel, she made a commitment to Christ that sustains her to this day.

Moon-face and Other Stories Jack London, 1906 JACK LONDON (1876-1916), American novelist, born in San Francisco, the son of an itinerant

astrologer and a spiritualist mother. He grew up in poverty, scratching a living in various legal and illegal ways -robbing the oyster beds, working in a canning factory and a jute mill, serving aged 17 as a common sailor, and taking part in the Klondike gold rush of 1897. This various experience provided the material for his works, and made him a socialist. The son of the Wolf (1900), the first of his collections of tales, is based upon life in the Far North, as is the book that brought him recognition, The Call of the Wild (1903), which tells the story of the dog Buck, who, after his master's death, is lured back to the primitive world to lead a wolf pack. Many other tales of struggle, travel, and adventure followed, including The Sea-Wolf (1904), White Fang (1906), South Sea Tales (1911), and Jerry of the South Seas (1917). One of London's most interesting novels is the semi-autobiographical Martin Eden (1909). He also wrote socialist treatises, autobiographical essays, and a good deal of journalism.

Grandad Mandela Ambassador Zindzi Mandela,Zazi and Ziwelene Mandela,Zondwa Mandela,2018-06-28 ...profoundly moving... -Publishers Weekly
Nelson Mandela's two great-grandchildren ask their grandmother, Mandela's youngest daughter, 15 questions about their grandad – the global icon of peace and forgiveness who spent 27 years in prison. They learn that he was a freedom fighter who put down his weapons for the sake of peace, and who then became the President of South Africa and a Nobel Peace Prize-winner, and realise that they can continue his legacy in the world today. Seen through a child's perspective, and authored jointly by Nelson Mandela's great-grandchildren and daughter, this amazing story is told as never before to celebrate what would have been Nelson's Mandela 100th birthday.

The Sixth Station Linda Stasi,2013-12-01 Some say Demiel ben Yusef is the world's most dangerous terrorist, personally responsible for bombings and riots that have claimed the lives of thousands. Others insist he is a man of peace, a miracle worker, and possibly even the Son of God. His trial in New York City for crimes against humanity attracts scores of protestors, as well as media and religious leaders from around the world. Cynical reporter Alessandra Russo heads to the UN hoping for a piece of the action, but soon becomes entangled in controversy and suspicion when ben Yusef singles

her out for attention among all other reporters. As Alessandra begins digging into ben Yusef's past, she is already in more danger than she knows—and when she is falsely accused of murder during her investigation, she is forced to flee New York. On the run from unknown enemies, Alessandra finds herself on the trail of a global conspiracy and a story that could shake the world to its foundations. Is Demiel ben Yusef the Second Coming or the Antichrist? The truth may lie in the secret history of the Holy Family, a group of Templars who defied the church, and a mysterious relic stained with the sacred blood of Christ Himself.
