A Place of No Importance Veena Muthuraman,2016 Beginning with the festive month of Aipasi, Veena Muthuraman tells a story set in each month of the Tamil calendar. As a year unfolds, we get to know Ayyanarpatti: to the world, a small village; for the villagers, the centre of the world

Star Angels. The New World Viktor Khorunzhy,2019-04-23 Who are angels? Where do they come from and why? Are human feelings and weaknesses common to them? Perhaps, it is possible to get to their world by opening “the right” door? All those questions are to be answered by two sisters – ordinary students, Alice and Katy. With the help of the ancient Book, they are carried over to another reality. There, they would have to reveal their own new abilities and learn their true destiny. But would they have enough power to fulfill it? Secrets of Egyptian pyramids, interstellar portals and, of course, a love story – all that waits for you on the pages of the novel. “Star Angels” is a nail-biting story, immersing into which could help you get the better understanding of the world around us. For true feelings, just like true values, never lose their importance wherever you are...

Voice Zachariah Roth,2020-04-28 Have you ever felt alone? Well, a student at Rose Academy has always felt that way. In fact, with no friends and no one being fond of you, what's the point in continuing on in this life, right? But one day, that sort of thinking was altered when this student accidentally downloads a software that will change one's life forever. This software talks to you, laughs with you, eats with you, and will be there for you. But most importantly, she is your friend . . . and she is alive. However, she is also linked to the murders that have been occurring lately. Does she really want to be your friend like she says, or is she after your life? But with the help of a dedicated and mysterious student body president, an immature and anything-but-nice bully, and a perv doctor, we will soon discover the truth.

Himalayan Bridge Niraj Kumar,George van Driem,Phunchok Stobdan,2020-11-18 The centrality of the Himalayas as a connecting point or perhaps a sacred core for the Asian continent and its civilisations has captivated every explorer and scholar. The Himalaya is the meeting point of two geotectonic plates, three biogeographical realms, two ancient civilisations, two different language streams and six religions. This book is about the determinant factors which are at work in the Himalayas in the context of what it constitutes in terms of its spatiality, legends and myths, religious beliefs, rituals and traditions. The book suggests that there is no single way for understanding the Himalayas. There are layers of structures, imposition and superimposition of human history, religious traits and beliefs that continue to shape the Asian dynamics. An understanding of the ultimate union of the Himalayas, its confluences and its bridging role is essential for Asian balance. This book is a collaborative effort of an internationally acclaimed linguist, a diplomat-cum-geopolitician and a young Asianist. It provides

countless themes that will be intellectually stimulating to scholars and students with varied interests. Please note: This title is co-published with KW Publishers, New Delhi. Taylor & Francis does not sell or distribute the Hardback in India, Pakistan, Nepal, Bhutan, Bangladesh and Sri Lanka.

A German and English Dictionary George J. Adler,1902

Orion - Tome 01 Battista Tarantini,2019-01-03 NE TOMBE PAS AMOUREUSE DU DIABLE, LEO Après des années de travail intenses et douloureuses, Leo Kats sera Nikiya dans la Bayadère qui se jouera à l'Opéra de Sydney. C'est la consécration pour cette jeune danseuse. Quelques jours avant la représentation, Orion Atlay, illustre chorégraphe français, s'invite dans l'école de la compagnie pour y créer un ballet irrévérencieux. Et il veut Leo, lumineuse et docile. Seulement elle. Obsédé par la première danseuse, Orion tente tout pour la convaincre. Secouée par les méthodes peu académiques du maître de ballet, troublée par le désir qu'elle ressent pour lui, Leo craint le pire pour sa carrière. Des studios à la scène, en passant par les coulisses de l'Opéra, les deux Étoiles dansent avec leurs ombres. Elles devront se battre pour trouver l'amour.
