Newspaper Blackout Austin Kleon, 2014-03-18 Poet and cartoonist Austin Kleon has discovered a new way to read between the lines. Armed with a daily newspaper and a permanent marker, he constructs through deconstruction—eliminating the words he doesn't need to create a new art form: Newspaper Blackout poetry. Highly original, Kleon's verse ranges from provocative to lighthearted, and from moving to hysterically funny, and undoubtedly entertaining. The latest creations in a long history of found art, Newspaper Blackout will challenge you to find new meaning in the familiar and inspiration from the mundane. Newspaper Blackout contains original poems by Austin Kleon, as well as submissions from readers of Kleon's popular online blog and a handy appendix on how to create your own blackout poetry.

Carter Reads the Newspaper Deborah Hopkinson, 2020-08-04 Carter G. Woodson didn't just read history. He changed it. As the father of Black History Month, he spent his life introducing others to the history of his people. Carter G. Woodson was born to two formerly enslaved people ten years after the end of the Civil War. Though his father could not read, he believed in being an informed citizen, so he asked Carter to read the newspaper to him every day. As a teenager, Carter went to work in the coal mines, and there he met Oliver Jones, who did something important: he asked Carter not only to read to him and the other miners, but also research and find more information on the subjects that interested them. My interest in penetrating the past of my people was deepened, Carter wrote. His journey would take him many more years, traveling around the world and transforming the way people thought about history. From an award-winning team of author Deborah Hopkinson and illustrator Don Tate, this first-ever picture book biography of Carter G. Woodson emphasizes the importance of pursuing curiosity and encouraging a hunger for knowledge of stories and histories that have not been told. Back matter includes author and illustrator notes and brief biological sketches of important figures from African and African American history.

Newspaper Hats Phil Cummings, 2016-10-11 A touching, age-appropriate and uplifting story about a loved one with Alzheimer's disease. Georgie visits her Grandpa at the retirement home where he lives, but he doesn't always remember who she is. Georgie sits with him as he sifts painstakingly through his remaining memories, finding points of commonality and companionship, until they come to a memory of her—and of newspaper hats, which Grandpa still remembers how to make! Together, they fold enough for all his friends. Touching moments in this beautifully-illustrated book portray the difficulties and nuances of memory loss from a child's perspective, and an uplifting ending leaves readers with hope. A poignant and age-appropriate story about a loved one with Alzheimer's disease.

A Mathematician Reads the Newspaper John Allen Paulos, 2013-09-10 John Allen Paulos is a master at shedding mathematical lights on our everyday world: What exactly did Lani Guinier say about quotas? What is the probability of identifying a murderer through DNA testing? Which are the real risks to our health and which the phony ones? Employing the same fun-filled, user-friendly, and quirkily insightful approach that put *Innumeracy* on best-seller lists, Paulos now leads us through the pages of the daily newspaper, revealing the hidden mathematical angles of countless articles. From the Senate, the SATs, and sex to crime, celebrities, and cults, Paulos takes stories that may not seem to involve mathematics at all and demonstrates how mathematical naïveté put readers at a distinct disadvantage. Whether he's using chaos theory to puncture economic and

environmental predictions, applying logic and self-reference to clarify the hazards of spin doctoring and news compression, or employing arithmetic and common sense to give us a novel perspective on greed and relationships, Paulos never fails to entertain and enlighten. Even if you hated math in school, you'll love the numerical vignettes in this book.

The Sunday Paper Paul Moore, Sandra Gabriele, 2022-08-30 Pullout sections, poster supplements, contests, puzzles, and the funny pages--the Sunday newspaper once delivered a parade of information, entertainment, and spectacle for just a few pennies each weekend. Paul Moore and Sandra Gabriele return to an era of experimentation in early twentieth-century news publishing to chart how the Sunday paper became an essential part of American leisure. Transcending the constraints of newsprint while facing competition from other media, Sunday editions borrowed forms from and eventually partnered with magazines, film, and radio, inviting people to not only read but watch and listen. This drive for mass circulation transformed metropolitan news reading into a national pastime, a change that encouraged newspapers to bundle Sunday supplements into a panorama of popular culture that offered something for everyone.

America's Last Great Newspaper War Mike Jaccarino, 2020-03-03 NAMED A BEST BOOK OF THE WEEK BY THE NEW YORK POST ALSO AVAILABLE AS AN AUDIOBOOK A from-the-trenches view of New York Daily News and New York Post runners and photographers as they stop at nothing to break the story and squash their tabloid arch-rivals. When author Mike Jaccarino was offered a job at the Daily News in 2006, he was asked a single question: "Kid, what are you going to do to help us beat the Post?" That was the year things went sideways at the News, when the New York Post surpassed its nemesis in circulation for the first time in the history of both papers. Tasked with one job—crush the Post—Jaccarino here provides the behind-the-scenes story of how the runners and shooters on both sides would do anything and everything to get the scoop before their opponents. The New York Daily News and the New York Post have long been the Hatfields and McCoys of American media: two warring tabloids in a town big enough for only one of them. As digital news rendered print journalism obsolete, the fight to survive in NYC became an epic, Darwinian battle. In America's Last Great Newspaper War, Jaccarino exposes the untold story of this tabloid death match of such ferocity and obsession its like has not occurred since Pulitzer–Hearst. Told through the eyes of hungry "runners" (field reporters) and "shooters" (photographers) who would employ phony police lights to overcome traffic, Mike Jaccarino's memoir unmask the do-whatever-it-takes era of reporting—where the ends justified the means and nothing was off-limits. His no-holds-barred account describes sneaking into hospitals, months-long stakeouts, infiltrating John Gotti's crypt, bidding wars for scoops, high-speed car chases with Hillary Clinton, O.J. Simpson, and the baby mama of a philandering congressman—all to get that coveted front-page story. Today, few runners and shooters remain on the street. Their age and exploits are as bygone as the News-Post war and American newspapers, generally. Where armies once battled, often no one is covering the story at all. A History of Newspaper Syndicates in the United States, 1865-1935 Elmo Scott Watson, 1936

The Life of Kings Frederic B Hill, Stephens Broening, 2023-06-14 In an age when local daily papers with formerly robust reporting are cutting

sections and even closing their doors, the contributors to *The Life of Kings* celebrate the heyday of one such paper, the *Baltimore Sun*, when it set the agenda for Baltimore, was a force in Washington, and extended its reach around the globe. Contributors like David Simon, creator of HBO's *The Wire*, and renowned political cartoonist Kevin Kallaugher (better known as KAL), tell what it was like to work in what may have been the last golden age of American newspapers -- when journalism still seemed like "the life of kings" that H.L. Mencken so cheerfully remembered. The writers in this volume recall the standards that made the *Sun* and other fine independent newspapers a bulwark of civic life for so long. Their contributions affirm that the core principles they followed are no less imperative for the new forms of journalism: a strong sense of the public interest in whose name they were acting, a reverence for accuracy, and an obligation
