Solidarity in Biomedicine and Beyond Barbara Prainsack, Alena Buyx, 2017-01-19 In times of global economic and political crises, the notion of solidarity is gaining new currency. This book argues that a solidarity-based perspective can help us to find new ways to address pressing problems. Exemplified by three case studies from the field of biomedicine: databases for health and disease research, personalised healthcare, and organ donation, it explores how solidarity can make a difference in how we frame problems, and in the policy solutions that we can offer.

Handbook of Natural Language Processing and Machine Translation Joseph Olive, Caitlin Christianson, John McCary, 2011-03-02 This comprehensive handbook, written by leading experts in the field, details the groundbreaking research conducted under the breakthrough GALE program--The Global Autonomous Language Exploitation within the Defense Advanced Research Projects Agency (DARPA), while placing it in the context of previous research in the fields of natural language and signal processing, artificial intelligence and machine translation. The most fundamental contrast between GALE and its predecessor programs was its holistic integration of previously separate or sequential processes. In earlier language research programs, each of the individual processes was performed separately and sequentially: speech recognition, language recognition, transcription, translation, and content summarization. The GALE program employed a distinctly new approach by executing these processes simultaneously. Speech and language recognition algorithms now aid translation and transcription processes and vice versa. This combination of previously distinct processes has produced significant research and performance breakthroughs and has fundamentally changed the natural language processing and machine translation fields. This comprehensive handbook provides an exhaustive exploration into these latest technologies in natural language, speech and signal processing, and machine translation, providing researchers, practitioners and students with an authoritative reference on the topic.

See a Little Light Bob Mould, 2011-06-15 The long-awaited, full-force autobiography of American punk music hero, Bob Mould. Bob Mould stormed into America's punk rock scene in 1979, when clubs across the country were filling with kids dressed in black leather and torn denim, packing in to see bands like the Ramones, Black Flag, and the Dead Kennedys. Hardcore punk was a riot of jackhammer rhythms, blistering tempos, and bottomless aggression. And at its center, a new band out of Minnesota called Hüsker Dü was bashing out songs and touring the country on no money, driven by the inspiration of guitarist and vocalist Bob Mould. Their music roused a generation. From the start, Mould wanted to make Hüsker Dü the greatest band in the world - faster and louder than the hardcore standard, but with melody and emotional depth. In *See a Little Light*, Mould finally tells the story of how the anger and passion of the early hardcore scene blended with his own formidable musicianship and irrepressible drive to produce some of the most important and influential music of the late 20th century. For the first time, Mould tells his dramatic story, opening up to describe life inside that furnace and beyond. Revealing the struggles with his own homosexuality, the complexities of his intimate relationships, as well as his own drug and alcohol addiction, Mould takes us on a whirlwind ride through achieving sobriety, his acclaimed solo career, creating the hit band Sugar, a surprising detour into the world of pro wrestling, and most of all, finally finding his place in the world. A classic story of individualism and persistence, Mould's autobiography is an open account of the rich history of one of the most revered figures of punk, whose driving force altered the shape of American music.

The Moments We Stand Ashlee Birk, Kathy Campbell, 2014-07-30 My name is Ashlee. I am a victim of murder. Through a series of events and by two shots of a gun, I was made a widow at the age of 28, with my youngest child just six weeks old. I am a victim of infidelity. I have felt unlovable. I have felt rejected. I have had days in my life when I wasn't sure if I would ever take a breath again, let alone be able to raise my five children by myself. I have lived in fear. I have felt much heartache. I have felt truly broken to my core. I have carried some heavy burdens...not only of my own, but burdens put upon my shoulders by the death of my husband. I have felt alone. I have felt humiliated. I have been humbled to my knees. I have searched my soul to find my worth in this world, and in the life that was left for me. My world has been totally shattered. I have faced realities I never knew were possible, and found strength within myself to keep up the fight and live every day as if it was on purpose. I have been carried by Angels...both earthly beings and those unseen. I have found that being a victim doesn't mean we have an excuse to stop living. Being a victim means finding a reason for seeking a higher road. I have picked up the pieces left and carried on. I am a mother. We are survivors. In one way or another, we are all victims. There are times in our lives when we are forced to question who we are at our core. When we are presented with a path...we can go this way or we can choose that way. For some, this moment comes when the one person whom we love the most decides we are not enough. This person leave us-at a most vulnerable moment-alone to search within ourselves for who we really are. We are left trying to find who it is that was left behind. Sometimes the person we love dies. Sometimes it is merely an internal battle we are facing...all alone inside our minds. Whatever the situation and wherever you have been...you have been hurt. You have felt alone. You have been abandoned, either by your parents, your lover, your friends, complete strangers, or even yourself. We have all been at that crossroad where all we have left is ourselves. Sometimes these moments of lows have brought you to your knees and caused you to reflect and ponder your relationship with God...and other times they have made you question if He is even there, or if He knows you are alone. Whatever that moment has been for you, it is personal and real. It has defined and refined who you are, who you think you were, and who you want to become. This is my story...the defining moments that have truly brought me to my knees, the times when I've questioned to my core my very existence, and the experiences I've had that have shown me who I really am and who my Heavenly Father still needs me to become. The night of my husband's death was my darkest hour, but also the very moment when I saw firsthand that my Heavenly Father sent Angels on errands for me. He carried me. It was the hour when all my fears and all the pain of this world collided together and He was there...putting back together all the pieces, one step at a time.

Alice McKinley's freshman year is not as "lucky" as she was hoping it would be. But she's is trying to look on the bright side.
