Numb Sean Ferrell,2010-07-18 A captivating debut from exciting new talent Sean Ferrell, *Numb* is the endearing tale of a man with no memory or ability to feel pain, who attracts a colorful crowd of sycophants and exploiters while trying to come to terms with who he really is. Fans of the work of Richard Powers, Gary Shteyngart, and Thomas Pynchon—and of the films *The Curious Case of Benjamin Button*, *The Truman Show*, and the cinematic oeuvre of Charlie Kaufman—will love the unique and entertaining *Numb*.

Numb Charles R. Chaffin,2021-06-16 Discover how to manage this noisy world without it managing you. In *Numb*, distinguished author Dr. Charles R. Chaffin delivers a fun and evidence-based exploration of how you can devote more attention on what you believe is important while ignoring the distractions that increasingly permeate your life. Using research from cognitive, education, positive, and clinical psychology, the book identifies the sources of noise and distraction in this information age and how we can manage it in all aspects of our lives. You'll learn about: How experiences in technology, from social media to selfies to porn, impact our ability to engage and connect with others The news we consume and the impact of confirmation bias, filter bubbles, and tribalism How FOMO and choice overload impact our decision-making The power of our attention in all aspects of our daily lives Perfect for anyone interested in the expanding impact of the information age on our collective psyche, *Numb* helps empower you to use technology and information not as a destination, but as a tool towards authenticity and empowerment.

Numb Brandon D. Wyrick,2021-04-28 This novel has levels that I hope you have time to contemplate and explore. The deeper context explains Lynn's mistakes in her processing of tragedy. Basically, it reads like a manual of what not to do, for example: shielding ourselves from our own emotions can damage us more than necessary. Hiding in the dark is a safe place until it isn't. Of course, there are many more hidden messages, and questions too, but I'd like to leave it to your interpretation. *Numb* is about love and loss, new opportunities to grow, and dealing with closed doors; it's about all these things I have addressed, and more. In its most basic premise, *Numb* is about the true human condition and testing its elasticity. I don't ever lose, I win or I learn but I never lose. - Deana Day Coleman

Numb Kia Meche',2017-07-09 Numbing my pain with a substance I call my voice I have hope to continue tomorrow Using what I know I drown out my sorrow. Twenty-six year old Nova Pierre's heart was as numb as numb could get. Growing up in Tallahassee, Fl to a woman that wanted nothing more than to neglect her, Nova's life had no meaning. Being called, Dirty Girl in 4A, she closed her heart and ears to anything that she felt would bring her pain. Luckily, life has greater plans for Nova, as she later becomes a two time multi-platinum singer. She is using her lyrics to heal the pain, but she's missing the most important aspect of life, happiness. When tragedy strikes too close to home, she's forced to be all alone, until she meets KeJuan Carter. Twenty-nine year old KeJuan Carter is eye candy to the ladies in Tallahassee. Born and raised in Miami, Fl, Juan leaves Miami, once trouble catches up with him. Juan visits his brother Courtland for the summer and becomes mesmerized by Nova. Juan gets caught up in the middle of Courtland's drama and does something that could possibly ruin any chance he had with the woman he fell in love with at first sight. Will Nova forgive him and open her heart? Or does her past hold her hostage to the point that she's too numb to feel the love he so desperately wants to give her? In the first installment of NUMB: The Beat of my Heart, you will see a man fighting against all odds to nourish a broken woman back to happiness.

Numb Kay Gackle,2019-01-29 I feel numb. Kay Gackle has heard these words for years as a therapist. Then one day, Kay found she was saying these exact same words. The phrase feeling numb is a bit ironic. Is it a feeling if we feel nothing? Being numb can be considered a feeling the same as white is considered a color. The color white appears because it absorbs no color. White is literally the absence of color. In the same way, numb is the absence of feeling. The color white can be seen when it is against a background of other colors. Likewise, we recognize being numb against the knowledge of where other feelings would typically exist. We know that we would naturally feel in a certain way, but we just don't feel anything. In this book, we identify what being numb looks like in everyday life, how we get numb, and the problems and symptoms surrounding it. Not stopping there, we will journey together into a deeper understanding of feelings and begin to let ourselves feel again. Through other's stories, engaging questions, and practical tools, we can find healing and move beyond being numb.

Numb (Reflections Volume 5) Dean Murray,2014-04-18 Adriana Paige didn't see her breakup with Alec Graves coming any more than he did, but at the time she couldn't see any other way to stop him from turning into some kind of monster. For weeks now she's been haunted by the worry that she made a terrible mistake, but she's thousands of miles away from Sanctuary now and there's nothing left but to try and soldier on. Alec Graves had just finished standing off the single most dangerous group of shape shifters in the world when Adri told him she was moving away. He'd always known that being the alpha of his small pack would come with costs, but he never imagined that losing Adri would be one of them. Alec and Adri are two damaged hearts with one thing in common. They would both give almost anything to be free of their pain. They just want to be numb. Publisher's Note: Readers new to the Reflections series should begin with *Broken* (currently free) or *Torn*, both of which are also by Dean Murray. *Numb* is preceded by *Intrusion* and followed by *Trapped*. *Numb* is a 2,500 word young adult paranormal romance short story.

Numb - a Dark Noir Thriller Jeff Menapace,2016-09-26 A massage therapist is blackmailed by his sexy client to do her bidding in a black market catering to the rich and deprived.

Numb M-M Longval,2021-05-25 *Numb*. That's all Xan knows how to be. After an incident left him deaf and haunted by little eyes in the dark, Xan has

seemingly gone off the deep end. One minute he was just a boy with an underdeveloped sense of empathy, and the next he was being committed to a mental institution for having attempted to murder his sister. Now at 25, after 10 years in the nuthouse, he's all but given up. Far too medicated to care what happens to him, he's content to live out his days in the dark. Yet the slew of dead bodies leading back to him, along with the visits of an obnoxious dark stranger will force Xan to step out of the numbed prison he's been hiding in. Insane is one thing, but murderer he won't stand for. The time for hiding has passed, it's time for answers now. No matter the cost.

Numb Kyle Seifert,2020-12-31 That downward spiral into madness and murder, what better way to satisfy those dark urges than in a small mountain town full of vacation goers?

Numb to This Kindra Neely,2022-10-11 This searing graphic memoir portrays the impact of gun violence through a fresh lens with urgency, humanity, and a very personal hope. Kindra Neely never expected it to happen to her. No one does. Sure, she'd sometimes been close to gun violence, like when the house down the street from her childhood home in Texas was targeted in a drive-by shooting. But now she lived in Oregon, where she spent her time swimming in rivers with friends or attending classes at the bucolic Umpqua Community College. And then, one day, it happend: a mass shooting shattered her college campus. Over the span of a few minutes, on October 1, 2015, eight students and a professor lost their lives. And suddenly, Kindra became a survivor. This empathetic and ultimately hopeful graphic memoir recounts Kindra's journey forward from those few minutes that changed everything. It wasn't easy. Every time Kindra took a step toward peace and wholeness, a new mass shooting devastated her again. Las Vegas. Parkland. She was hopeless at times, feeling as if no one was listening. Not even at the worldwide demonstration March for Our Lives. But finally, Kindra learned that—for her—the path toward hope wound through art, helping others, and sharing her story.

Numb Joshua Kemble,2006 Joshua Kemble's 2006 Xeric Award winning debut comic, NUMB, is about a young writer named Seymour who is struggling with writers block. By reliving those experiences, he gains inspiration, and then begins to write a novel that he thinks will be wildly successful. However, Seymour is about to find out that there's more to writing than having a muse. A compelling and insightful look into lost love, sources of inspiration, and over all clarity... --

A Numb Derivation Darryl Steffen,2015-04 Hi ho hey ho! A NUMB DERIVATION is a graphical novel about Venir Stroka, a peculiar youth obsessed with arthropods & leaves, seawater & railroads, skeletons & blood. It is comprised of 18 short letters, each one being based off of a distant friend, love interest, or ex I no longer talk to, written as a strange attempt to convey some of my most terrible and loathsome fears.

Numb Aaron Hunter,2008 Adam is a lost soul. He doesn't know where he came from or where he's going. It seems that his whole life is a mystery. Why is he working a dead-end corporate job? Why does his life seem to be going nowhere? And why does he keep having visions of a dark clad visitor who tells him to do horrible things? His office lies in the basement, deep underground. Here Adam is harassed by an overbearing office manager and his sniveling assistant. Every moment that Adam is in this place he feels his very essence being stripped away. Slowly, this place is killing the person he believed himself to be. Adam's life begins to make more sense when he meets Amber. Her intelligence, kindness, and compassion are strong enough to soothe the pain. Though their relationship develops quickly, Adam can imagine himself finding contentedness with this young woman. But there are dark forces that cannot be denied. Adam can no longer deny the dark temptations of the ghostly figure in his mind. He becomes aggressive. In an alley outside a bar, he commits his first heinous crime, a savage beating of a man who antagonized him.

Comfortably Numb Charles Barber,2009-02-10 American doctors dispense approximately 230 million antidepressant prescriptions every year, more than any other class of medication. Charles Barber explores this disturbing phenomenon, examining the ways in which pharmaceutical companies first create the need for a drug and then rush to fill it. Most importantly, he convincingly argues that, without an industry to promote them, non-pharmaceutical approaches are tragically overlooked in favor of an instant cure for all emotional difficulties. Compulsively readable and urgently relevant, Comfortably Numb is an unprecedented account of the impact of psychiatric medications on American culture and on Americans themselves.

Numb Kathleen Mare'e,2016-10-27 I'm tired of being what you want me to be, feeling so faithless, lost under the surface. - Linkin Park. *A novella* *Can be read before or after the Cut series* Playing local shows in seedy, downtown pubs when I was just Jamie with his guitar, and coming home to my girl who was waiting for me. A girl I couldn't imagine living without. That was my life. A life I loved. A life that may not have been perfect, or filled with money and fame - but it was perfect to me. Playing packed out stadiums in beautiful cities, where Jay Ryker is who they scream for; and coming home to an empty hotel and a bottle of bourbon waiting for me. A bottle I wouldn't dare try and live without. This was my life. A life I loathed. A life that may seem perfect on the outside, filled with money and fame - but it wasn't perfect to me. After losing my world that meant everything to me; I need to find my way back to the living. I'm not sure I even want to. I don't think I would survive any more pain. It may seem weak, but it's easier being numb.
