When slavers raid a Carina star station and snatch more of their people, Jai Van Veen directs Danny to return the favour—steal into Slaver territory and take their people back. Only the quasi-military venture reveals more about the threatening nature of their new enemy than anyone is braced for... Stellar Storm is the second book in the Iron Hammer space opera science fiction series by award-winning SF author Cameron Cooper. The Iron Hammer series is a spin off from the acclaimed Imperial Hammer series, and features many of the characters and situations from that series. The Iron Hammer series: 1.0: Galactic Thunder 2.0: Stellar Storm 3.0: Planetary Parlay 4.0: Waxing War 5.0: Ruled Out 6.0: Stranger Stars 7.0: Federal Force 8.0: Redline Rebels Space Opera Science Fiction Novel \_\_ Praise for Stellar Storm: I love the worlds and universe this author creates. Large cast, but good character development so it is easy to keep track of them. Vivid descriptions. Realistic scenes. I actually feel like I am present with the characters as they interact with each other. Personalities, dedication, loyalty and fabulous para wolves come together to create a brilliant story! The reader is kept on edge waiting to see how this all plays out. Cooper draws you into this created world that is so different, yet relatable I kept telling myself, Just one more chapter, just one, but I couldn't stop reading it! \_\_ Cameron Cooper is the author of the Imperial Hammer series, an Amazon best-selling space opera series, among others. Cameron tends to write space opera short stories and novels, but also roams across the science fiction landscape. Cameron was raised on a steady diet of Asimov, Heinlein, Herbert, McCaffrey, and others. Peter F. Hamilton, John Scalzi, Martha Wells and Cory Doctorow are contemporary heroes. An Australian Canadian, Cam lives near the Canadian Rockies.

**The 14th Storm** Daniel J Mooney, 2023-10-17 In 2043, the climate has finally changed.

**To The Storm** Daiyun Yue, Carolyn Wakeman, 1987-03-16 To the Storm by Yue Daiyun and Carolyn Wakeman is the fascinating story of Yue Daiyun, a faculty member at Beijing University. Yue Daiyun was a revolutionary from her early school days. She had been a child during the anti-Japanese war and hated the Guomundang. Accepted as a student at Beida in 1948, she joined the Communist Party's underground Democratic youth League and became a Party member the following year and helped with the Liberation of Beijing ... In this interesting autobiography, Yue Daiyun tells her story of the life she and her family lived during these somewhat violent and terror-filled years in China.-Amazon.com

**On Hurricane Island** Ellen Meeropol, 2015-03-03 A math professor is seized by the FBI in "a tense thriller . . . a vivid portrait of the emotional ride an abductee might experience" (Hampshire Daily Gazette). The anniversary of 9/11 is approaching, and federal agents have a suspected terrorist in their sights: a math professor named Gandalf Cohen. As a major hurricane threatens the northeast, they abduct Cohen and fly her to a secret interrogation center off the coast of Maine. Austin Coombs, a local resident, is a newly hired civilian guard assigned to the detention center. Henry Ames, a man of personal secrets, is the FBI special agent in charge of Gandalf's case and

doubts the professor's involvement; Tobias, his second-in-command, disagrees, preferring violent interrogation. As the hurricane slams the shore, conflict detonates—and each character must choose a side if they're to survive the storm. Told by alternating voices, *On Hurricane Island* is both a fast-paced political thriller and a literary examination of the sociopolitical storm facing our society. How far should government go in the name of protecting our national security? What happens when governmental powers of surveillance and extra-legal interrogation are expanded? How free are we?

**The Makeover Horse** Natalie Keller Reinert, 2024-03-26 Mackenzie's life needs a complete makeover. Just like her retired racehorse. Halfway between a quarter-life crisis and a midlife one -- that's where you'll find Mackenzie O'Neill. With the glitter of West Palm Beach and the debris of a failed marriage in her truck's rear-view mirror, she's heading to North Florida to start over as a groom for show-jumper Basil Han and his girlfriend, Kayla Moore (*The Sweetheart Horse*). With her, she brings a retired racehorse she loves with all her heart, and her hope of taking him to the Thoroughbred Makeover competition in Kentucky. Oh, and a lot of emotional baggage about controlling men. She's looking forward to healing and personal growth on a quiet farm. She didn't know about the farrier renting stalls and an apartment in the same barn where she'll be living and working. As Mackenzie works on repairing her life and retraining her off-track Thoroughbred, she finds it harder and harder to resist this quiet giant of a man, who rehabs racehorses with a gentle hand. But she knows better than to let a charming man past her defenses. Even one who lives just across the barn aisle. Even one who might be her only hope to get her beloved ex-racehorse to the Thoroughbred Makeover. Book Five in the heartwarming *Ocala Horse Girls* series brings back old friends and introduces new ones in a relatable, emotional, and thoroughly horsey adventure! Combining the best of romantic comedy and women's fiction, the *Ocala Horse Girls* are full of fun, heart, and friendship.

Storm Tide Marge Piercy, Ira Wood, 1998 A tale of small-town political and sexual intrigue. The hero is David Greene, a baseball player returning to his hometown in Cape Cod after a mediocre career and a failed marriage. He embarks on two affairs at once and runs for selectman.

Late Storms for Darwin John C. Gleason, 2013-04-26 A light aircraft crashes in stormy weather on a desert island. Castaways include Dr. Jack Vague, the infamous UN Anthropologist from 1973 to 1989 until he was fired for ineptitude, lechery, drug-taking, corruption and most notably, insulting the Ayatollah Khomeini. Its primitive as can be when the true reason for the plane crash is revealed. Deadly conflict ensues as Bob the pilot, Sue Tran (caterer), Mr. Korda (mining executive) and his wife, a post-op transvestite nun (Sister Mary who becomes Ann) and an Aboriginal lad (Chirp) and Yousef, the Afghan smuggler all have to try to survive against the elements, and sinister human design.

*Indecent Proposal* Molly O'Keefe, 2014-09-30 Perfect for readers of Susan Mallery and Rachel Gibson, Molly O'Keefe's gritty and sensual tale of passion and politics features the brother of the heroine from the author's beloved novel, *Never Been Kissed*. He's a driven man who refuses to be distracted—until he meets a beautiful bartender who just may change his life. With his chiseled jaw and thick blond hair, Harrison Montgomery was born to lead. Four generations of Montgomery men have served the state of Georgia, and now he's next in line. Harrison, though, is driven to right wrongs:

namely to clean up the political mess left by his father's greed and corruption. But Harrison must first win his congressional bid, and nothing can get in his way—not even an angel who served him whiskey and gave him a shoulder to lean on and a body to love for a night. Problem is, she's pregnant. Scandal is brewing, and there is only one solution: marriage. Damage control? Ryan Kaminski can't believe that a cold, calculating political animal now inhabits the body of the emotionally vulnerable stranger who gave her the most unforgettable night of her life. Really, she doesn't want anything from Harrison, except to be left alone to have her baby in peace. But Ryan is broke, jobless, and essentially blackmailed by Harrison's desperate family to accept this crazy marriage deal. For two years, she will have to act the role of caring, supportive wife. But what is Ryan supposed to do when she realizes that, deep in her heart, she's falling in love? Praise for *Indecent Proposal* "Real, immediate, and wrenching. This is a love story not to be missed."—Publishers Weekly (starred review) "In O'Keefe's very capable hands, readers are drawn into Ryan and Harrison's engaging journey to understanding and love. . . . A touching, sexy and surprising story of two people from completely different worlds who turn out to be a perfect match."—Kirkus Reviews "Whatever rating system you might use to rank book reads, *Indecent Proposal* by Molly O'Keefe will blow it right out of the water. . . . Once again, with this book, she excels! *Indecent Proposal* brings together two lonely, pained individuals, puts them in an untenable relationship, and has them come out the other side in a solid and loving partnership. But the path to get there is filled with anguish and soul searching, and whew, what a ride! . . . I can't wait to see what O'Keefe offers next."—Fresh Fiction "Gut-wrenching, funny, thought-provoking and romantic. Harrison and Ryan are so finely crafted you'll walk away feeling as if you'd always known their hearts."—The Book Nympho "*Indecent Proposal* is a heartfelt, poignant and sexy addition to the Boys of Bishop series that old and new fans are going to love."—Book Reviews & More by Kathy

Brenda insists that a rescue mission can be made before the storm hits. Her husband isn't so keen on the idea — he's heard that the city may flood, making the rescue even harder. So, when her former fiancé offers his boat and his help, Brenda reluctantly accepts, knowing full well that her husband and Ex cannot get along. Her worries prove correct; while racing the raging storm, she uncovers a fiendish plot to murder her well insured husband - who happens to harbor secrets of his own. **Storm Surge** Ramsey Coutta, 2016-01-18 A parish minister is callously murdered by corrupt local authorities. A generation later, his son finds himself unexpectedly caught up in the murderous paranoia of one of his

father's killers. Daniel Trahan and his friend Rachel Breland, race against time to avoid the evil designs of the killer, as a deadly hurricane bears down on their southern Louisiana parish. *Murder in the Marsh* is a fast paced story of murder and it's cover-up, as well as a realistic account of the terrible destruction wrought by Hurricane Katrina on a small, coastal Louisiana town.

The First Storm Kathie Johnson,2016-04-05 For most of us, our days are typically filled with joy and relative peace. But what happens when we experience the unexpected and our seemingly perfect world gets buffeted by the storms of life? Do we cave in under pressure, or do we stand firm in our faith and beliefs and patiently wait for the storm to pass? *The First Storm* is about one woman's journey from the brink of the abyss during one of the most horrific storms of her life. This is a book about love, faith, hope, heartbreak, and family. Aubrey Jordan represents all of us who are traveling through this sometimes perilous journey called life.

*Summer of Storms* Judith Kelman,2002 Anna Jameson was only three when her five-year-old sister, Julie, was murdered-while her family slept through a tempestuous hurricane, in a season dubbed the summer of storms.

**My Father Is an Angry Storm Cloud** Melissa Reddish,2015-07-15 A film studies major gets a meat-processing job supervising the systematic dismemberment and disembowelment of chickens. A troubled loner finds the man of her dreams in a shoebox of horse figurines; a depressed mother is riddled with anxiety about her toddler daughter's eerily coded accounts of a ghost. The short stories in Melissa Reddish's newest collection, *My Father Is An Angry Storm Cloud*, reconfigure the boundaries between victim and aggressor--and between complicity and innocence--in exhilarating prose that is at once sensibly deadpan and mysteriously hallucinatory. College-educated, creative, and faced with no prospects to speak of, Reddish's hapless postmillennial protagonists stoically eke out monotonous existences as factory workers, retail sales clerks, and homemakers, staring down their limited lives even as the desperation of everyday life spirals into the no man's land between fantasy and psychosis. Yet they are also clear-eyed and conscious, calmly aware of--and uncannily receptive to--the most devastating of life's horrors. Elegant, perfectly controlled, and confidently weird, these brilliantly imagined short stories reveal the strangely satisfying world of a superbly talented practitioner.

Sword of the Demon Hunter: Kijin Gentosho (Light Novel) Vol. 3 Motoo Nakanishi,2023-08-17 Edo, the winter of 1856. The city is abuzz over a liquor known as Snow's Memory. The craze sparks an incident, and demon hunter Jinya finds himself embroiled in intoxicating affairs. Amid the intrigue and rumor, he uncovers signs that point to his long-lost younger sister. But does Jinya want to find her, when their future looms and their past is inescapable?

Storm Surge Rene Gutteridge,2005 FBI agent Mick Kline is forced to work with Libby Lancaster on his latest case and as he searches for the truth about a ten year old murder case, his feelings for his new partner grow more complex and threaten the case.

A Way of Escape: A Novel Serena B. Miller,2014-12-01 No one fought the war on drugs with as much determination as county prosecutor, Blake Ramsey, until he died of a cocaine overdose. His wife, Erin, and teenage daughter have to live with the shame of his hypocrisy until Erin starts digging up information that others in their small town do not want revealed. Suddenly she and her

daughter are in great danger and forced to run. Their only ally is the last person Erin ever expected to trust, a man her husband once convicted of murder.

**Evolution** Stephen Baxter, 2003-01-01 "Magisterial and uplifting . . . A brilliant, grand-scale sampling of sixty-five million years of human evolution . . . It shows the sweep and grandeur of life in its unrelenting course." –The Denver Post Stretching from the distant past into the remote future, from primordial Earth to the stars, *Evolution* is a soaring symphony of struggle, extinction, and survival; a dazzling epic that combines a dozen scientific disciplines and a cast of unforgettable characters to convey the grand drama of evolution in all its awesome majesty and rigorous beauty. Sixty-five million years ago, when dinosaurs ruled the Earth, there lived a small mammal, a proto-primate of the species *Purgatorius*. From this humble beginning, Baxter traces the human lineage forward through time. The adventure that unfolds is a gripping odyssey governed by chance and competition, a perilous journey to an uncertain destination along a route beset by sudden and catastrophic upheavals. It is a route that ends, for most species, in stagnation or extinction. Why should humanity escape this fate? Praise for *Evolution* "Spectacular." –The New York Times Book Review "Strong imagination, a capacity for awe, and the ability to think rigorously about vast and final things abound in the work of Stephen Baxter. . . . [*Evolution*] leaves the reader with a haunting portrayal of the distant future." –Times Literary Supplement "A breath of fresh air . . . The miracle of *Evolution* is that it makes the triumph of life, which is its story, sound like the real story." –The Washington Post Book World

After the Storm Timothy Arthur, 2019-05-22

*Storm Breaking* Mercedes Lackey, 1997-10-01 As *Storm Breaking* opens, the western allies, led by Karal, Karsite Sunpriest and delegate to the Valdemaran Court, and the Adepts Firesong and An'desha, have traveled deep into the Dorisha Plains to locate the ancient ruins of the Tower of Urtho, Mage of Silence, creator of the gryphons. Legend has it that below the Tower, deeply buried beneath the plains, is Urtho's Vault, hidden stronghold of some of the most powerful magical weapons ever devised - weapons that Urtho himself felt were too dangerous to use. With the help of the Shin'a'in plainsmen, they have successfully excavated this ancient arsenal, and risked their lives triggering one of these antique but potent tools of death to unleash a monstrous burst of mage-energy. With this explosion of magical power, Karal, Firesong, and their companions have temporarily counteracted the ever-increasing waves of the mage storms. But they know that this desperate action will not save them - they have bought themselves precious time, but are still far from a permanent solution. They know now that the mage storms are an echo through time of the prehistoric Cataclysm which destroyed Urtho's Tower, created the vast and barren Dorisha Plains, and permanently warped their world more than two thousand years ago. And they also know that if they don't find a way to banish these magical vibrations they will culminate in another Cataclysm - this time destroying their world for good. But the Vault is not the only thing buried for centuries below the Dorisha Plains, and camped in the ruins of what once was the workplace of the most ingenious mage their world has ever known, the desperate allies soon come to realize that their solution may lie beneath the dust at their feet. The saving of their world just might be accomplished by the work of a man who

has been dead for millennia!
