Storm of Secrets Loretta Marion,2019-11-12 A deadly storm, a missing child, a grisly murder, and the eerie presence of ghosts set the stage for the second mesmerizing installment of Loretta Marion's paranormal suspense series A powerful storm descends upon Cape Cod's Whale Rock at the peak of tourist season—and the weekend Cassandra Mitchell's and Daniel Benjamin's wedding is set to take place at The Bluffs, the magnificent Victorian mansion Cassie inherited from her family. In the wake of the storm's destruction, three-year-old Lucas Kleister goes missing—and the body of small-time drug dealer Lee Chambers is found in a restaurant dumpster. Now, the WRPD are faced with a murder to solve, a missing child to find, and the aftermath of one of the worst storms in recent memory. While aiding with the clean-up and helping the displaced, Cassie has been receiving cryptic messages from the spirits of her great-grandparents, Percy and Celeste Mitchell, the original residents of The Bluffs. At first, the messages are benign, but soon, they begin to point to something more sinister. As Cassie works to decipher their meaning, the specter of a mysterious local legend surfaces. The tale of Barnacle Boy—and what happened to him during another destructive storm decades earlier—will weave through the desperate search to find Lucas and the identity of the killer.

A Haunting at Storm House Merabeth James, 2017-01-16 BOOK THREE - Storm Island, with its centuries old lighthouse, was little more than a tiny speck surrounded by the cold waters of the north Atlantic. The huge square house that squatted in the middle of it had been the home of the lighthouse keepers there, since the late 1700s. Now only two Meekes remained, elderly sisters, rattling around in the big old house with its dark whispering corners and even darker secrets. Not at all the kind of place savvy Rayne Ravynne would ever trade for life in the Big Apple, until her latest love affair blows up in her face, and she loses her job. Licking her wounds in the park one day, she befriends a visiting Gracie Meekes who offers her a job on the island, helping her research and write a family history. With more reservations than the airline she booked, she heads to Storm Island, but soon finds out she has made a terrible mistake. Quite possibly a fatal one! No one had told her that Storm House was haunted...way haunted by a hideous, evil entity who is stirred into a frenzy by her arrival on the island. Never one to mix well with ghosts, since her experiences at Hensley Hall, she tries to leave, but circumstances ensnare her like a mouse in a glue trap. Left with no other option, she sends a message to her two sisters, begging for help. Arriving on the island, a worried Meg and Charlie soon find themselves battling an apparition so strong...so wicked...it has them doubting their most cherished belief that good always trumps evil. Trapped with their sister, they, quickly, discover they must solve the centuries old mystery of Storm House and put its ghosts to rest, or suffer a fate that makes death seem 'the lesser of two evils'.

Sara enlists the help of her best friend, Lily, and together they try to find out what other secrets might be hidden away in the old house. At school, there are some new faces as kids from a neighboring town start attending Stellamar Middle School since their own school was damaged in the storm. The last place she wants to be is in the company of her vindictive twin sister, Evelyn, and her brother-in-law, Peter. Then the hail begins to fall. Thanks to treacherous road conditions, she barely makes it to her destination. Upon arriving, she falls on the icy driveway, slamming her knee into concrete and compact snow. Evelyn and Peter pull her inside, just as she is losing consciousness.

Outside, the hailstorm still rages. Reports on the news suggest it's a worldwide phenomenon. Globally, resulting damage and death is reaching catastrophic levels. Now a prisoner in her father's old mansion, stuck with her estranged twin and brother-in-law, Tara must try to survive the worst storm in modern history. She soon discovers the storm is not her only enemy. Her family--and the house itself--seem intent on her destruction. Can she survive the undying hailstorm, and whispered threats from her ghosts, who swear the end is near?
